

REPUBLICAN STATE TICKET.

For Congress, M. C. GEORGE. For Presidential Electors, GEO. B. CURRY, E. L. APPELGATE, C. R. WATSON. For Supreme Judges, W. P. LOED, J. B. WALDO, E. B. WATSON. For State Printer, W. H. ODELL. For Circuit Judge, J. F. WATSON. For District Attorney, JAS. A. YANTIS.

BENTON COUNTY REPUBLICAN TICKET.

For Joint Senator, R. A. BENSELL. For State Senator, E. WOODWARD. For Representatives, F. M. WADSWORTH, G. A. WAGGONER, DR. C. M. CARTER. For County Commissioners, H. A. HUBBERT, J. L. LILLY. For Sheriff, SOL KING. For Clerk, B. W. WILSON. For School Superintendent, E. B. McLELLON. For Treasurer, J. W. WILLIAMS. For Assessor, SILAS HOWELL. For Surveyor, GEO. MERCER. For Coroner, DR. F. A. JOHNSTON.

WATCH THE RECORD.

The Blade has deemed it proper to give Hon. Robt. Clow a complimentary notice and refers to his legislative record. The Blade is always unfortunate in its efforts to assist friends, and we call attention to House Bill No. 77, a Bill "To authorize the State of Oregon to acquire possession of the Canal and Locks at Willamette falls by lease, and to purchase the same and make appropriation therefor." This Bill against the passage of which every county in the Willamette valley petitioned in 1870, Hon. R. Clow voted for, first, last and all the time, was he representing his constituents, or a few monopolists? The history of that Bill is too well known to require special explanation now. The Blade also refers to some measure tabled through bad management on the part of Mr. Bensell. Just give the details. Mr. Blade, let's have the page of the journal, etc., and when you again attempt to mislead the people, we will endeavor to put you on the right track.

FAIR AND HONEST.—The candor and fairness with which Hon. M. C. George treated all questions in his speech on Saturday in this city, received the highest encomiums of the many Democrats present on the occasion. And we venture the assertion that the handsome manner in which he referred to Gov. Whiteaker has not a counterpart in the political history of the State. He said that so far as the charge of bribery against Mr. Whiteaker was concerned, he knew nothing; the charge was made by prominent Democrats; he (George) personally had no knowledge of any such transaction. Mr. George is winning golden opinions by the conscientious fairness with which he is conducting the canvass. We want just such honest, fair minded, conscientious, able men in our legislative halls as Hon. M. C. George—and the more we have of them the better for the peace, honor and tranquility of our country.—Albany Register.

FOR STATE PRINTER.—The Republican State Central Committee met at Portland last Thursday and nominated Gen. W. H. Odell, editor of the Salem Statesman, for State Printer. The General is well and favorably known by the people of Oregon, and his nomination adds strength to the ticket.

Mr. Silas Howell, the Republican candidate for Assessor, is thoroughly qualified for that important position. He is a good judge of property values, and would impartially do his duty. The people of Benton county do not want an assessor who by favoritism, will do his work in such a manner as to make the office a stepping stone to something higher.

JOHN HUGHES, at the last session of the Legislature, refused to vote for Senator Slaton. J. H. rise and explain his motive for so doing? The Senator has retaliated by doing all in his power for Yaquina Bay, and this is why the people want "honest" John to explain.

M. C. GEORGE AT SCHOOL.

ED. GAZETTE: The sayings "just as the twig is bent the tree is inclined," and "the boy makes the man," are true sayings, with but few apparent exceptions, as all persons of experience will agree; and as M. C. George and I were schoolmates, I am sure that I know his real character as well, and perhaps better than any one could know by association, even very intimate, after the years of maturity; and particularly so, as our acquaintance was just at the end of boyhood and beginning of manhood, when any one will appear to his greatest disadvantage, and exhibit his bad qualities, if he has any. He was the acknowledged "head" and "leader" in the school, in our debating societies, and in entertainments and exhibitions. He was very popular at school, for he was so broad in his view there was no opportunity for bitterness; so amicable to all that none could dislike him; so true to his friends, they never left him; so lofty in his aspirations, he could think anything possible for him. His lessons were well learned, his work done thoroughly, the demands of his schoolmates were met cheerfully, and not slighted.

So far as I know he was strictly temperate and moral. In discussions he was always above tricks and misrepresentations. His way was to go straight for his object, openly, frankly, vigorously, without reserve, neither covering up the truth, nor allowing his opponent to do so. He was a general favorite, and his entire circle of warm friends looked forward with the fullest confidence to the time when he would become, in the most public way, the champion of liberty and equal rights. I regret it that all the voters of Oregon are not acquainted with him; for those unacquainted cannot fully know how worthy he is of their votes; how entirely above local interest he will continually keep everything that he works for; how earnestly he will labor for the benefit of the entire state; and how carefully he will redeem every pledge made to the people. SCHOOLMATE. Toledo, Or., May 12, 1880.

HON. R. A. BENSELL.

The above named gentleman, as our readers know, has been nominated by the Republicans as joint Senator from Polk and Benton counties. From his general reputation throughout the State and his services as a Legislator, we are justified in saying that no better nomination could have been made. Mr. Bensell is known as an active, energetic man, who has perhaps devoted more time and labor in furthering the interests of the people of Polk and Benton counties than any other man in the State. He is everywhere known for his energy and his public spirit. As a public servant he was always at his post of duty. As a matter of fact it may be well to note that while here in the discharge of his duties as Legislator for Benton county he voted upon every measure presented and never missed a roll call. This course, in a conscientious desire to discharge his whole duty to his constituents and prove that he was never afraid to show his hand upon any question at issue. He has honesty and energy and capacity, and with these nothing is lacking to make him an efficient Legislator. His most strenuous efforts have been directed towards securing improvements about Yaquina Bay, which if obtained would redound to the immense advantage of not only Polk and Benton counties, but of the whole Willamette valley. His object is not a mere matter of local importance. We are all interested in the improvements named, and looking upon him as one who has been a special champion of this work and who in all his relations to the public has been an active and efficient worker, we hope and expect to see him elected by a rousing majority.—Salem Statesman, of 15th inst.

Hos. E. B. WATSON.—Judge Watson gave us a pleasant call on Tuesday. He appears to have been pleased with his visit to Corvallis, and especially with prosperous condition he found Corvallis Agricultural College in. During the forenoon he visited all the departments of the College heard recitations in mental arithmetic in the primary department and expressed great satisfaction at the proficiency and readiness shown by the pupils. Judge Watson appears to be a man of middle age, was a graduate of Forest Grove College, and was admitted to practice law in 1869, by the Supreme Court of Oregon. Has since practiced law mainly in Douglas, Coos, Jackson, Josephine and Lake counties. Has served one term as County Judge in Jackson county and one as County Clerk in that county. He is greatly esteemed for his straight forward promptness and honesty, and the people of Jackson county have shown their appreciation of his worth by electing him without regard to party politics. As a candidate for the Supreme Court, he will poll a large vote in that part of the State, as well as throughout the State.

PROCLAMATION BY THE GOVERNOR.

EXECUTIVE OFFICE, SALEM, Or., May 11, 1880. Whereas, a vacancy having occurred in the office of Senator in the First Senatorial District, composed of Marion county, by the resignation of W. P. Lord Senator from said District; and Whereas, a vacancy having occurred in the office of Senator in the Eighth Senatorial District, composed of Benton county, by the resignation of John Burnett, Senator from said district; and Whereas, a vacancy having occurred in the office of State Printer by the death of W. B. Carter; I, W. W. Thayer, Governor of Oregon, do hereby designate and appoint the first Monday in June, as the time to fill said vacancies, respectively, by election, and that the general election appointed by law to be held on that day shall be deemed a special election for the purpose of filling said vacancies. In witness whereof I have hereunto set my hand and caused the seal of State to be affixed.

W. W. THAYER, Governor of Oregon. By the Governor: R. P. EARHART, Sec'y of State.

The silly twaddle in last week's Blade in reference to Mr. Bensell will help him in this county. The people of Benton county are two intelligent to be misled by the street-walking style of journalism.

NEAR PHILOMATH.

EDITOR GAZETTE: Living right in the heart of one of the greatest and best agricultural districts, I think a talk to those who have so many faults to find with all and every thing that is connected with farming, will find space in your columns.

So many of our city people call farming a low, slavish life. So far as that is concerned, any business, closely followed, is slavish enough. Others say, it is not genteel. Indeed! Washington was a farmer, and yet everybody looked upon him as being nothing else than a gentleman. Nobody is forced to associate with the low, coarse and unrefined, no more in the country than in cities. The idea of farming not being genteel! Farmers are at the very top, the cream of society. Another fault of theirs is, that there are too many farmers already. If so, it would seem that there are too many builders, carpenters, mechanics, clerks, etc., as well, for all these people are complaining that their business is as bad or even worse than the farmers declare theirs to be. It can hardly be the case that there are too many people in the United States already, it don't seem so when we look at the population of Europe. Germany, for instance, not much larger than California contains as many inhabitants as the whole United States. In one respect these fault finders may have right, that is that farming was not paying well in every case. But then, there never was a more mistaken notion entertained by mortal men, than that farming can be carried on profitably and successfully with no knowledge on the farmers' part beyond the routine of ordinary methods in its various departments. Knowledge is the great want of some of our farmers; and some knowledge is the key to unlock the wealth that resides in the soil. Many of our farmers would do better by reading Horace Greeley's "What I know about farming" instead of making fun of it.

The farmers' life is the most healthful, and machinery is being constantly invented to lighten his labor. Who ever heard of a horse power or a steam engine grinding out a speech from the bar or an editorial from an editor's desk? But the main reason why a farmer's life should be more desirable than other callings, they are continually in company with the sublime works of Nature. There is nothing but what teaches us their lessons of usefulness; no humbles; there is something of beauty either in form or color. While the tired merchant's income stops with his day's work, and the professional man labors mentally night and day to gain a livelihood, the farmer can go to bed and sleep sweetly in the consciousness that his business is still going on while he sleeps—his crops grow in the night as well as in the day. And last, but not at least, farmers ought not forget, that all the rest of mankind depend upon him for subsistence.

LIBERAL.

Near Philomath, May 1, 1880. The Democracy is troubled this year with a spasmodic dash of novelty, as is evidenced by the catch-penny sobriquet prefixed to the names of its candidates. "Honest" John Whiteaker, "honest" John Burnett, "honest" Jim Kelly, "honest" Poor Plant Primm, and since Mr. Hughes voted against Senator Slaton, we presume he will henceforth be called "honest" John Hughes.

WAS NOT IDLE.—Eight or nine of the thirty seven general laws which were passed at the last session of the Oregon Legislature, were introduced or drafted by Hon. M. C. George. This shows that he was not idling away his time, but was at work in the interest of the tax-payers who sent him there. What did Whiteaker do to benefit tax-payers while in the Legislature?—Albany Register.

The people must not forget that Jas. A. Yantis, a lawyer of Corvallis, is the Republican nominee for Prosecuting Attorney of the 2d Judicial District, and that James Hamilton, a juvenile son of Dr. Hamilton, of Roseburg, is the Democratic nominee. We think young Hamilton will get the opportunity, after the 7th of June, of going back to his old occupation, that of compounding drugs.—Junction Republican.

POLITICAL DISCUSSION.—Hon. R. A. Bensell, Republican and Hon. Robt. Clow, Democratic nominees for joint Senator, for Polk and Benton counties, addressed the citizens of Dallas, on last Thursday evening on the political issues of the day. Hon. T. L. Butler, Greenback nominee for joint Senator, also participated in the discussion.

COMMISSIONER.—W. P. Keady's commission as State Printer, arrived by last Monday's mail. The document is finely executed, the appointment very satisfactory, and the motives that prompted the Governor, was appreciated by the citizens of Benton county.

MEDICAL FEES.

Dr. Shrader, editor of the Medical Record, says with truth: "There is no doubting the fact that the longer bills are allowed to run, the larger they are apt to become and the more unwillingly are they paid. It is a bad fashion which sanctions the present action of accounts not oftener than every six months. The well-to-do practitioner does so, and his impecunious brother is compelled to do likewise. Some how or other it is considered undignified for the physician to be in any seeming hurry to present his account. It must consequently be more genteel for him to owe his butcher and baker, than ask money of those who owe him. There is a false modesty in this that is ridiculous to the business man. The only one who suffers by it, in the long run, is the Doctor himself. No man who has been in practice need be told that money should never be refused, when it is offered, and yet he is, by the half-yearly and yearly system of sending out bills, practically encouraging the patient in becoming a delinquent debtor. The best time to present the bill is when the services are terminated, and if the patient is unable to pay at that time, it is better that he should think the delay is due to his carelessness rather than to the want of ordinary business tact in his medical attendant."

We wish to call the attention of the public to the above extract from the American Practitioner, as one containing a great many good practical ideas, in which both the medical profession and the public are interested. When a farmer sells a load of wood, or hay or anything else, if a business man, he tells the purchaser what it is worth, and the buyer if he do not pay him immediately, knows just how much he is owing the farmer. With the names changed the same statement can be applied to men in any other business. Why not allow the Physician the same business privileges granted to others? In consideration of this fact we, the undersigned practitioners, have concluded to present a statement of the amount due us for our services, in any given case, immediately upon the expiration of such services. We know that our patrons will appreciate the justice of this, and not consider our "statements" in the ordinary sense of "duns." If able to pay them at the time, very well, if not, you will know how much your bill is when you come to settle. Respectfully,

J. B. LEX, M. D. J. R. BALEY, M. D. G. R. FARR, M. D. F. CAUTHORN, M. D.

PACIFIC COAST.

The Telegram of the 15th inst., says that on Wednesday night, of last week, a man, name unknown, tried to commit suicide by jumping from the Stark street ferry, in Portland, but was prevented from so doing by Tom Harris, the night ferryman. Arrangements have been made with the railroad companies, whereby excursionists from the interior to the grand excursion to Victoria will be able to go to Portland and return for one fare.

The steamer Columbia, with Capt. Fred Bolles in command, sailed from New York for Portland on the 8th. Her cargo will be mostly railroad outfits. Oregonian: The Oregonian Railway company, limited, has purchased the steamer City of Salem and Ohio, and we understand is negotiating for the purchase of the steamer City of Quincy.

F. D. Henderson, a sharp who has played his swindling games all over Oregon has been captured in San Francisco. Mr. W. K. Phillips, pursuer on the Orient, was injured by the explosion of a dynamite cartridge enclosed in a cigar, a few days since, is slowly improving. Mr. T. F. Onkes, formerly of the Kansas Pacific R. R., has been appointed to succeed Mr. S. G. Reed, resigned, as vice president of the O. R. & N. Co., and is expected to arrive about the middle of July.

A correspondent of the Roseburg Plaindealer says that the schooner Oliva Shimas, laden with fish for San Francisco, was lost off the mouth of the Siuslaw recently. She was forty-five tons register and insured for \$3,000. There were known to be five men on board, none of whom escaped. Mrs. Carran, of Forest Grove, was hit in the eye by an arrow last week, and will probably lose her sight. Several days ago a little daughter of Mr. White, living in Patton valley, Washington county, fell through a hole in the bridge spanning Patton creek and was drowned.

OREGONIAN NAVIGATION COMPANY.—This company have a corps of Engineers in the field surveying the line from Dallas via Monmouth and to Kings valley. This road runs through a fine farming country. This route will save considerable distance between Portland and Yaquina Bay, over the O. C. R. E., and its connection with the W. V. and C. R. E. at Corvallis, and is destined to be the grand thoroughfare of travel from Portland to San Francisco. The O. N. Co. will eventually connect with the W. V. and C. R. E., at or near Summit. Thousands of pleasure seekers will in the near future seek the ocean beach annually, by this road. So mote it be.

EXCURSION TO VICTORIA.—An excursion to Victoria is to leave Portland to-morrow, May 22d. Tickets for the round trip, good for two weeks, fifteen dollars. The excursionists will arrive in Victoria in time to participate in the festivities of the Queen's birthday, May 24th. This will undoubtedly be a grand affair, as everything has been done, that could be, to add to the pleasure of the trip.

MEETING OF REPUBLICAN STATE CENTRAL COMMITTEE.

A meeting of the Republican State Central Committee was held at the office of Dolph, Brough, Dolph & Simon in Portland on Tuesday, May 12, 1880, at 1 o'clock p. m.

The meeting was called to order by Mr. Joseph Simon, chairman of the committee, who briefly explained the object of the meeting.

The following counties were represented: Baker—D. L. Mooraw, by J. C. Moreland, proxy. Benton—T. J. Buford. Clatsop—J. T. Apperson. Clatsop—J. W. Case, by R. P. Earhart, proxy. Coos—D. Morse, Jr., by Geo. A. Steel, proxy. Columbia—W. B. Morse. Douglas—E. G. Hirsch, by A. Myers, proxy. Jackson—M. Bellinger, by Joseph Simon, proxy. Josephine—Thomas Floyd, by W. A. McPherson, proxy. Lane—T. W. Harris, by T. J. Buford, proxy. Lincoln—Walter Ketchum, by T. B. Odeneal, proxy. Marion—Jacob Voorhes, by W. Breyman, proxy. Multnomah—Joseph Simon. Polk—O. G. Shurtliff, by R. P. Earhart, proxy. Tillamook—T. T. Maulaly, by J. W. Watts, proxy.

Unanimously—Fred Page Tustin, by Joseph Simon, proxy. Wasco—E. L. Smith, by Z. F. Moody, proxy. Washington—T. B. Handley. Yamhill—J. J. Spencer. A letter was received from Mr. Gesner, stating that he had received the proxy of Grant county, with instructions to cast the vote for W. H. Odell for State Printer, but through the omission of the member from Grant the proxy was not signed and has been returned to him for signature. On motion the Secretary was authorized to cast the vote as indicated in the letter. A motion was made and unanimously carried electing Geo. A. Steel as Secretary.

The next order of business being the election of candidates for the following positions, the following nominations were made: Gen. W. H. Odell, of Marion county; E. M. Waite, of Marion county; G. S. Moulton, of Lane county. The chair appointed T. J. Buford and J. J. Spencer, as tellers. A ballot being taken resulted as follows: Gen. W. H. Odell received..... 11 Votes for State Printer..... 6 " Geo. H. Himes..... 2 " M. S. Monteith..... 2 "

Total number votes cast, 20. Gen. Odell having received the majority of all the votes cast, was declared the nominee of the Republican party for State Printer, and on motion his nomination was made unanimous. The chairman announced to the meeting that he had received a letter from Mr. Robert Eakin, declining to be a candidate for prosecuting attorney from the fifth district, and thereupon Mr. C. W. Parrish of Grant county, was unanimously nominated to fill the vacancy caused by such declination. Mr. Parrish not being present and the committee not knowing whether he would accept the nomination, the chairman and secretary were authorized to fill the vacancy should Mr. Parrish decline. Mr. Odeneal moved that an executive committee consisting of five members, of whom the chairman of the State Central Committee should be chairman, be appointed. The motion prevailed and the following committee was then appointed: Joseph Simon, chairman; J. T. Apperson, T. J. Buford, J. J. Spencer and T. B. Handley. On motion the committee adjourned.

MAYOR'S MESSAGE.

Gentlemen of the Common Council of the city of Corvallis: In pursuance of the requirements of our city charter, I herewith submit to you a report of the financial condition of the city; and make such suggestions, as in my judgment is for the best interest of the city. Our total income during the fiscal year, just ending, was \$3718 16. Total expenditures..... 3014 43 Leaving..... \$703 73 Which was applied to our outstanding debt. This reduced the indebtedness of the city to \$112 27.

For particulars I refer you to the Reports of the Mayor and Treasurer. In conclusion, permit me to say to the old Council, that I thank you for your courtesy and assistance that you have shown me while I was presiding over your deliberations. To the new Council, I will say, may you be equal to the trust reposed in you by your constituents; may all the wise Providence guide you to promote health, wealth and prosperity, in this our our rising city. Corvallis, May 17, 1880.

FRED AND SALE STABLE.—Paul Wiley & Co. have opened a Feed and Sale Stable corner Main and Madison Streets, every convenience will be found here for keeping animals. Also a stock yard, Saddle horses, teams furnished on short notice. One of the best Veterinary Surgeons on the Pacific Coast always on hand.

Hon. Rufus Mallory gave us a pleasant call Wednesday. Mr. Mallory addressed the citizens of Philomath in the afternoon of the same day. The audience was large and attentive in both places, and his speech was one of the ablest of an able and eloquent speaker.

NEW COUNCIL.—The new council entered upon their duties last Monday evening. This council is composed of good, square men, and there is no doubt but that our city laws will be fairly executed.

DEPOT BUILDING.—The W. V. and C. R. E. company are constructing a depot and car shops on the grounds donated by the Avery estate, for that purpose.

PLATFORM.

Resolved, By the Republicans of Oregon in convention assembled in the city of Portland, this 21st day of April, A. D. 1880, that we propose to present and administer the affairs of government of this State by the most economical and efficient means, and to maintain the strictest adherence to the constitution and laws thereof and to enforce the same.

That we are in favor of regulating and equalizing the salaries of county and State officers so that they shall receive such compensations as are usually paid to private persons under like circumstances of service and responsibility. That we favor a thorough revision and equalization of our system of taxation, to the end that every species of property within its limits, whether owned or possessed by citizens of this or of foreign States, shall bear its equal proportion of the burden of the government which protects it.

That we propose to maintain and enforce the amendments to the constitution of the United States with all the powers of the national government, to the end that every citizen, poor or rich, black or white, may be secured in the full enjoyment of civil and political rights. That the overthrow of the rights of the elective franchise of liberty and life, by means of free government in a portion of the State, has been defeated, and the manifested fraud and threatened violation of the national government and decisions of the Supreme Court thereon, by congressional action in the interests of the democratic party, are attempted revolution and must be met as such. [Applause.]

This is a system of taxation formed by the people thereof, and not a mere league of conquest, and that we read from the idea of the unity of the nation the supremacy of the national government, and that we are in favor of the constitution under its control the present status of all the rights of municipal self-government otherwise guaranteed thereby to the people of the States respectively. At the same time we arrange the doctrine of State sovereignty on the basis of the nullification, secession and anarchy. [Applause.]

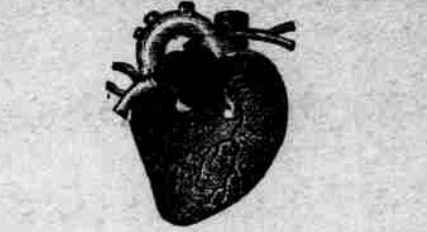

That the recent action of the democratic party in state convention assembled, in the presence of the Supreme Court of the United States of America and in the presence of the most honorable and distinguished members of that high and honorable court, in its unwarranted and adding, intelligent and patriotic American citizens, and directly tends to the loosening and the foundation of our government, the subversion of all law and the overthrow of the sanctity of a system of politics, venerable with age and perfected by wisdom. [Applause.]

That we condemn the outrageous conduct of our democratic state administrations from 1870 to 1878, their extravagance, their corruption and their pecuniations. We deprecate the course of members of the democratic party who have undertaken a sectional animosity for the purpose of securing political ascendancy in the southern States, by reviving memories of sectional strife by the defiant declaration of a purpose to repeal laws made necessary by the war and enacted to secure to secure by legislation what was not accomplished by arms, namely, the establishment under the name of the Freedmen's Bureau, those pernicious doctrines which destroy national sovereignty and which in part have been maintained at par with the gold standard of the commercial world. [Applause.]

That we are in favor of a revenue for the support of the general government by duties upon imports, and a policy of national exchange which secures to the working man liberal wages, to agriculture remunerative prices, to mechanics and manufacturers an adequate return for their skill, labor and enterprise, and to the nation commercial prosperity and independence. [Applause.]

That we are in favor of judicious appropriations by the general government for the improvement of our rivers and harbors, as well as for the construction of such lines of railway communication as will develop the resources of the country, and which will be in the interest of the people, under such restrictions as will amply protect the rights of the people from undue discrimination in the sale of lands to railroads in the grants of lands to railroads we favor the sale of the same to the people at a price not to exceed the value for public lands, giving the proceeds only to the corporation.

That we demand of our representation in Congress their best endeavors to secure just and judicious appropriations for the improvement of the navigation of the Columbia and the rivers of the State, the improvement of the mouth of the Columbia and the harbors at Yacoma and Coos Bays, the location of a harbor of refuge at the point along our coast most available to the interests of commerce, the extension of the public surveys to meet the wants of our increasing population and aid in the settlement of our Indian reservations as the interest of civilization demands and necessitate. That we demand a modification of the treaty with China so as to restrict Chinese immigration to our country. That we hold that a well instructed people alone can be perfectly free, and that it is therefore our duty to see that the public schools shall be maintained so that every child shall be instructed in the duties of citizenship and the ordinary business vocations of life.

King of the Blood

Cures all Scrofulous affections and disorders resulting from Impurity of the blood. It is needless to specify all, as the sufferer can usually perceive their cause; but Sore Throat, Pimples, Ulcers, Zoster, Gout, Swellings, &c., are the most common, as well as many affections of the Heart, Head, Liver and Stomach.

SCROFULA.

Wonderful Cure of Blindness. D. RAMSON, Son & Co.: For the benefit of all troubled with Scrofulous eruptions of the face, I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.

Mrs. S. WATKINSON, Sandusky, N. Y.

\$1.000

will be paid to any Public Hospital to be mutually agreed upon, for every certificate of this medicine published by us which is not genuine.

Its Ingredients.

To know our faith in the safety and excellence of the K. B., upon proper personal application, when we stated that no imposture is intended, we will give the names of all the ingredients used. The above offers were never made before by the proprietor of King of the Blood, which is a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.

THE BEST REMEDY

FOR Diseases of the Throat and Lungs.

Ayer's Cherry Pectoral is a safe and reliable remedy for all diseases of the throat and lungs.
