SUPPOSED SUICIDE. - About four weeks for a short time, giving his name as John Anderson. He left town in the evening, plied that he was going to find a good place to die. Nothing more was heard of him and the circumstance was forgotten. Last Saturday moining, Mr. Wm. Mosier, living about six miles northeast of Silverton, went ont into the woods to get a load of cordwood. About fitty yards from the main road he discovered the body of a man hanging from a log. He immediately went to Silverton and informed Justice Tuggle, who went to the scene of the tragedy. Arriving there, he summoned a jury, who rendered a verdict that the deceased had come to his death by committing suicide. The man had been hanging for about four weeks, and the lower half of his body, as far as could be reached, had been eaten away by hogs. The deceased had on a very good suit o clothes, and in his pockets were found a silver watch and chain, \$75 45 in money and checks on Portland banks for \$1,400. Sev eral letters, written in the German and Danish languages, found in his pockets, showed that he had committed some fearful crime and was a furitive from justice.
