This wanton destruction of game should be punishable in a severe manner by law.

From Rev. Anthony Simpson we learn that about \$700 have been subscribed for the Presbyterian church to be erected in this city, (Independence) aside from the lot on which it will be built. Of this sum W. S. Ladd, Esq., of Portland, contributes \$100. The Board of Church Erection will appropriate no doubt enough more to make the sum about \$1,200. The work, it is expected, will be commenced this month and, if possible, the building will be completed by the first of January. We are glad to note this improvement on the moral side of our progressive city.—Itemizer.

All of our subscribers will bear in mind that subscriptions to the Gazette are payable in advance. And we hope no one will ask us to deviate from this rule. Since Mr. Carter's death the subscription books have been sadly neglected thus permitting some subscribers to become delinquent. Mr. Eugene Williams, of Newport, wa united in marriage to Miss O'Donold of Portland, last Tuesday at Newport. The happy couple passed through this city yes terday, en route for Portland, where they will spend their honeymonn.

THE FUTURE PROSPECTS OF BENTON COUNTY.—At no time in the past has the future of Benton county presented brighter prospects than the present, for years many of our people have known that on our coast was a harbor which with a little aid from the Government would become the outlet to the sea for the whole of the Willamette Valley and Eastern Oregon. Congress has at last recognized the importance of this Bay and an appropriation has been made which we trust and believe is only a forerunner of other appropriations far more generous, the present appropriation will soon be expended and much good will be accomplished thereby, and if the present efforts of the people of this county to raise sufficient money to keep the work going on until the next congressional aid can be utilized, only a few months will elapse before the Yaquina Bay will be one of the best harbors on the Pacific coast. The Oregon Pacific is finishing the work on its railroad from the Bay to Eastern Oregon, as fast as men and money can construct Railroads through that class of country and in but a ew months more the mountains and valleys of Benton county will echo back the sound of the locomotive from Corvallis to the Yaquina bay, and fruch of the grain of the present harvest will find an outlet to deep water without paying tribute to Portland and Astoria. Surely Benton county and the whole Willamette valley has cause for feeling thaukful for the important improvements now going on, and whose early completion will be felt not only by added convenience to business and an increase of population but its weiget will be felt in the pocket of every farmer in Oregon in the shape of solid coin the result of an increased

price of produce. SABBATH IN CORVALLIS. - One thing that always strikes a stranger in our town is the quiet and perfect absence of drunkeness and rowdyism on our streets on the Sab hath day also that all stores and other places of business are closed and the whole air of the town has at least an outward apper ance of respect for the religeous feeling of the community and for the laws of the coun try on that subject: in this respect Corvallis differs widely from most of the other 'cities of Oregon and we feel assured that the majority of our citizens will join -us in self congratulation on this subject. This wholsome state of inorals is owing partly to the fact that our business men recognize that Sabbath is a day of rest by common consen spend their time at home with their families and partly to the fact that the city council fully appreciating that such a law would be in the interest of the peace and quiet of the city, several years since passed ; strict Sunday Ordinance which notwith standing the various changes in that body, is still unrepealed, and which we trust will remain unaltered for all time to come.

GONE TO HIS REST. - Yesterday we received the sad intelligence that Richard C. Clark, heard no further particulars except that he had been sick a short time with fever. Mr. Clark was a native of Missouri, and about 50 years old. His wife, who survives him, is a daughter of Wm. G. Porter of this county. He had been with the exception of a few years a resident of Benton county for nearly or quite 20 years. and was well and favorably known in this city and the south part of the county, where he had resided. About ten months since he moved to McMinnville where he has since resided A good man, an honored citizen, a true friend, an affectionate husband and kind father has been called hence, and we can not believe but to a more perfect life. May his rest be peaceful and his awakening glorious.

ARBESTED. -An old wretch by the nam of Lowery was arrested in this city this week by deputy Marshal Miller for giving whisky to Indians. This is the fifth time he has been arrested for the same offense and taken before Judge Deady, and every time before he has been convicted, and the evidence this time is conclusive. Such degradation is seldom reached by man, and the only cheering feature that we can see in the matter is that the old reprobate has about outlived God's statute of limitation and will soon sink into a disgraced and nameles grave. He was taken to Portland yesterday by Harry McCormack, Dep't U. S. Marsha who came up after him the day before.

During the past 17 months 360 STAL,

LIONS AND MARES have been imported.

FROM FRANCE, being MORE than the

combined importations of all other im
porters of Draft Horses from all parts

of Europe for any one year.

Mr. Dunham's Importations are Largely Increased in Numbers Each Year, and have included the Prize Winners of the Universal Exposition, Paris, 1878, and nearly all the Prize Horses of the Great Shows of France since his importations began.

The Astonishing Demand for this breed of horses, which has developed largely during the past nine years, has extended to all portions of the States and territories and the Dominion of Canada, which see tions have drawn their supplies for breeding purposes largely from these stables.

these stables.

100 Page Catalogue sent on application.
Contains over forty illustrations and the history of the Percheron breed, together with the experience of those who have purchased from Mr. Dunham by order from distant parts of the country. Address as above and mention name of this paper.

EVERY LARGE BREEDER

& EVERY NEIGHBORHOOD NEEDS A PERCHEBON STALLION BECAUSE thirty years' trial has demon strated that when bred to the common mares of the country the produce is more uniform, are easier keepers, better work ers, and sell for more money on the marks than any other class of Horses.
