Weekly Corvallis Gazette.

FRIDAY MORNING, APRIL 14, 1882.

Entered at the Postoffice at Corvallis, Oregon, as second-class matter.

Engaged.

The engagement of Mr. Ignatz Fox, formerly of this city, now of Albany, to Miss Fannie Lewis, of Shedd Station, is announced, says an *Exchange*.

Bargains, Bargains.

Dry goods at twenty-five per cent. below Portland wholesale prices for the next three or four days at Poppleton's. Call early as our time with you is short. Gerhard's building.

Court House Burned.

Last Friday the court house at Yakima, W. T., was burned to the ground about 2 o'clock in the morning with all its contents, including the county and all district court records.

Hoodlums.

An Albany exchange complains that their town has a full complement of the hoodlum element who congregate upon the street corners and other public places and disturb public meetings and passers-by.

Iron Mines.

Says the *West Shore*: A ledge of iron has been discovered not far from Tacoma and close to the railroad. The specimens found indicate the ore to be what is known as gray hematite, and it is thought to be rich.

Fire.

There was a large fire at Dayton, W. T., recently, which entirely destroyed three blocks, comprising 39 business houses. The loss amounts to about $50,000. The only fire company they had was the bucket brigade.

Temperance Lecture.

Rev. I. D. Driver lectured on temperance at the Christian Church in this place on Wednesday evening. The church was crowded and the audience listened for an hour and a half to the logically presented facts with the closest attention.

Married.

Capt. Z. J. Hatch, well and favorably known in this community in connection with steamboat matters, was married in New York on the 15th ult., to Miss Addie A. Tremain. We wish Mr. Hatch and his new wife a long and happy life.

New Railroad Project.

The Seattle folks have organized another railroad company. This time the project is to build a narrow gauge road from Seattle over the Cascade mountains to Walla Walla, and thence to Baker City or other point of connection with the Oregon Short Line.

Another Fire.

The old Cutting mill, about twelve miles east of Oregon City, on Milk creek, was totally destroyed by fire last Saturday night. The value of the mill was estimated at about $2000, uninsured. It caught fire during the night from a burning slab pile near by while no one was around.

An Old Relic.

A few days ago while workmen on the streets were digging a short distance below Pendleton, there was excavated an old wagon hub, which, to all appearances, was the first that ever turned on an axle. It was found five feet in the earth, and could it "tell the tale," would no doubt relate a very thrilling account of the days of '40, '43 and '49, or thereabouts.

Another Brigham.

A Rose in full bloom, who recently married a young lady at Redding, Col., at the same time having one wife at Myrtle Creek, Oregon, one at Portland and another at Roseburg in the same State; a fourth in Colusa county, Cal., and a fifth somewhere in the East, from none of whom he has been divorced, so far as can be learned. He has recently been arrested on a charge of bigamy.

Marshal's Report.

At the last meeting of the city council the marshal's final report was before that body which exhibited the fact that he had collected $2724 and there remained delinquent only six dollars and twenty cents. Endorsed upon said report after examination by the proper committee is the following:

This is to verify that we have examined the within report and find it correct, and recommend that it be adopted and placed on file.

Burned to Death.

The *Oregon Sentinel* gives the following particulars of the burning and death of a five-year-old daughter of John Warner at Williams creek in Josephine county: A very sad and fatal accident took place in this locality yesterday. While Mr. Warner's youngest child a little girl about 5 years old—was out in the field with the other children where they were burning brush, her clothes accidently caught fire, and the other children were unable to put it out until she was burned so badly that she died the same evening. All was done that sorrowful hands could do to relieve the little sufferer—but in vain.

Oregon Pacific.

This week has marked an important stage in the progress of the work. The contracts for the three tunnels between Corvallis and Yaquina have been let to Mr. J. A. Bugbee of San Francisco. The lengths of the two tunnels on the decent from the Summit into the Yaquina valley are 750 and 350 feet, and that just below Mr. Napp's house 600 feet. The work is to be begun within two weeks from signing the contracts and the tunnels and approaches have all to be completed by the end of July next. From Mr. Bugbee's well known character as an energetic and capable contractor we have no doubt that this portion of the work will be got through well on time.

Bar Meeting.

Members of the Bar of Corvallis met at the office of J. W. Rayburn on the 10th inst. to take appropriate steps on the death of Jas. A. Yantis. Judge Burnett was elected chairman and M. S. Woodcock Secretary. A committee of three, consisting of F. A. Chenoweth, M. L. Noftsger and J. R. Bryson were appointed to draft resolutions expressive of the feeling of the Bar of Corvallis on the death of the late Bro. Jas. A. Yantis, deceased, to report at 7½ o'clock in the evening on the 11 inst, to which time the meeting adjourned.

Bar met at 7:30 P. M., April 11, Burnett in the chair.

Committee on resolutions reported and the report was adopted.

WHEREAS, Death has again entered our ranks, and claimed for his own one of the best and most talented members of the bar of Benton County, Oregon, and one whose whole life, both as a lawyer and citizen, has been such as to merit our warmest admiration and esteem; and feeling it to be our duty and privilege to make some fitting public expression of our common regard and respect for his worth, honesty and integrity; therefore, be it

Resolved, by the members of the bar of Benton county that in the death of Brother James A. Yantis the legal profession of this county and State has sustained the loss of one of its most genial, courteous and honorable members, and one whose many noble qualities of heart and mind endeared him to all who knew him, both in his social and professional life.

That he was a worthy citizen, a good lawyer, a true friend and "God's noblest handiwork, an honest man." That we unite in asking of the Circuit Court of the State of Oregon for Benton county at its next session, that the foregoing preamble and these resolutions be entered of record upon its journal, in evidence of our sorrow for the death of our brother attorney James A. Yantis, and as a lasting testimonial of our respect for his memory. That a copy hereof be furnished to the family of our deceased brother and also to each of the city newspapers for publication.

F. A. CHENOWETH. M. L. NOFTSGER. J. R. BRYSON. } Com.

On motion Judge Kelsay was requested to present resolutions to the Circuit Court and ask that they be spread on the Journal of the court at the next term.

On motion the bar determined to attend the funeral in a body.

On motion, they adjourned.

Communicated.

The following letter is just received here from Mr. Thos. E. Roberts, who went by steamer "Yaquina" from Portland to Yaquina Bay in charge of a small locomotive for the Oregon Pacific:

ON BOARD STR. YAQUINA, Yaquina Bay, Apr. 10, 1882.

We arrived here at 6 A. M., after a hard rough voyage of 8 days from Portland. We went twice to the Columbia bar before getting to sea. Wednesday night we made Tillamook Bay. Thursday went to sea about 5½ hours and returned to the Bay. We lay there until Sunday 4 P. M. We got off this Bay at 12 midnight and laid under a heavy swell till 5 A. M. We had a heavy storm all the way here, and I would recommend a large steamer to take the next locomotive to Yaquina. We will take her off to day. THOS. E. ROBERTS.

It will now be in order to see in the *Oregonian* that the "Yaquina" lay off the bar at Yaquina for eight days, unable to enter, and had to take refuge at Astoria.

Yaquina.

The steamer Yaduina, of Portland, arrived in Monday morning. She brings a lot of powder for the Oregon Pacific.

Another lot of railroad iron has arrived this week for the Oregon Pacific.

The Oregon Pacific Railroad Company received here this week their first locomotive. It is what is known as a Grant engine. The company's new master mechanic came in with it. CRUM.

Gone for Health.

Messrs. Jerry L. Lilly, Cyrus Powers and A. B. Powers started on last Tuesday morning for a trip east of the mountains in hopes that the change of climate and atmosphere might have a benefitting influence on their health.

Mr. Lilly and Cyrus Powers have both been rapidly failing in health for some time past. It is feared by many of their friends that they are not long for this world unless a continued change for the better soon takes place. A severe cough seems to to have fastened upon both of them and unless relief is soon had, which is not often the case, it requires no comment to tell the final result. It is hoped that they may regain their health and be permitted to return to the society of their families and friends.

9. Election of School Superintendent.
10. Election of Coroner.
11. Election of Delegates to the State Convention.

E. ALLEN. A. M. WITHAM. J. E. EDWARDS. } Com.

The Committee on Resolutions submitted the following report, which was unanimously adopted:

Mr. President—We, your Committee on Resolutions, beg leave to submit the following:

The Republican party of Benton county, in convention assembled on this 8th day of April, 1882, hereby make the following declaration of principles:

1. That the laws regulating the assessment and collection of taxes should be so amended that all classes of property shall bear an equal proportion of the public burden; and that all sums evidenced by note and secured by mortgage on real estate should be made taxable in the county where such real estate is situated.

2. That the Republican party deeply regrets and strongly deprecates the action of President Arthur in vetoing the bill for restricting Chinese immigration lately passed by both Houses of Congress, and asserts the right of the American nation to prevent the incursion of hordes of Asiatics, whose cheap labor may improperly depress the wages earned by American citizens in many departments of life.

3. That inasmuch as the people are the primary source of power under our Republican government, and as consequently all corporations derive their existence and exercise all functions by virtue of rights granted by the people themselves, it is incumbent on the Legislature of each State so to regulate the charter privileges of corporations within its borders as to prevent such corporate bodies from encroaching on and oppressing the people. That with special reference to common carriers, extortionate fares and freights, and the discrimination in rates, times and distances between corresponding classes of passengers and freight, are alike to be restrained or abolished by Legislative action.

4. That the improvement to the entrance of Yaquina harbor is an object of the deepest interest to Benton county, with special reference to the certain results of such improvement in reducing the cost of both inland and ocean transportation of the products of Benton county and the whole of middle and southern Oregon, by facilitating the operation and extending the advantages of the Oregon Pacific Railroad, an enterprise which should receive the support of every citizen in the Willamette valley counties regardless of party.

5. That in view of the unequal pressure of the present system of taxation for making and repairing county roads, steps should be taken to amend the laws in the direction of greater economy in expenditure and a more equitable plan of working.

6. That the remuneration of county Clerks and Sheriffs should be by salary instead of by fees, and that the amounts of such salaries should be fixed on the principle of a reasonable compensation for the amount of work actually performed.

7. That rigid economy should be exercised in the expenditure of funds raised by both State and county taxation.

8. That we regard the present school book system as an oppressive monopoly, and demand its unconditional repeal.

9. That the improvement of the Alsea river and harbor will open up for settlement and will develop a valuable section of our country, and the exertions of Hon. M. C. George to secure national aid for this important enterprise is highly to be approved of.

F. M. CARTER. TOLBERT CARTER. R. J. NICHOLS. } Com.

On motion, the President appointed Messrs. W. P. Smith and F. M. Carter tellers.

Nominations being in order, Mr. Witham presented the name of Hon. E. Woodard for State Senator. There being no other nomination, on motion of Mr. James Chambers, Mr. Woodard was unanimously nominated by acclimation.

For Representatives, the following named gentlemen were placed in nomination: R. J. Nichols, of Monroe; Tolbert Carter, of Soap Creek; Geo. A. Waggoner, of Monroe; W. P. Keady, of Alseya Bay.

Mr. Vincent withdrew the name of Mr. Waggoner. Whereupon Messrs. Carter Nichols and Keady were unanimously nominated by acclimation.

The next order of business being the nomination of County Clerk, the names of the following gentlemen were presented: F. M. Wadsworth, B. W. Willson, M. J. Conner.

There being no further nominations, the convention proceeded to ballot, with the following result: Wadsworth 21; Wilson 28, Conner, 5.

Mr. Wilson having received a majority of all the votes cast, was duly declared the nominee.

On motion of Mr. E. Allen, Mr. Wilson's nomination was made unanimous.

For Sheriff, Mr. Harris nominated Mr. E. Hawkins, and Mr. Allen nominated Sol King.

A vote was taken with the following result: Hawkins, 18; King, 35; Houck, 1.

EDITOR GAZETTE: The delegates from this precinct to the county convention have expressed themselves as being well satisfied with the action of the convention. And although they did not gain all they asked, yet they think the ticket nominated a good, strong one, and one that should command the entire vote of Republicans, at the coming election. We believe all parties should be satisfied. We made a hard fight, got beat by a very small vote, but are perfectly willing to abide the result, stand in line, and help elect the ticket, and we ask all Republicans to do the same, and at the election we will clean out the Democrats to the bed-rock. JAMES PLUNKETT.

TELEGRAMS.

Cincinnati, April 9.—A Washington dispatch says: Marshall Jewell is expected to be in Washington next week for consultation with members of the republican national committee. The question to be settled is when to summon the meeting of the committee for issuance of a call for a convention to elect delegates to the next convention. The committee met the 15th of March, and Wm. E. Chandler and Edward McPherson presented a report recommending districts to call their several conventions and elect delegates to the national convention direct without going into state conventions, except for delegates-at-large. At this meeting George C. Gorham presented a minority report advocating state conventions, and the committee adopted the majority report.

New York, April 9.—Over 10,000 emigrants have arrived here in the past forty-eight hours.

Galveston, April 9.—Last night a passenger train on the Colorado and Santa Fe railway was boarded near Plum Station by five men, who robbed the passengers and effected their escape.

Washington, April 9.—In response to a call for a special meeting of the senate foreign relations committee, to assemble at noon to-day for the purpose of considering the Chinese question, only four members put in an appearance, namely: Messrs. Windom, Miller of California, Johnson and and Pendleton. These four, together with Senator Farley, who was present in accordance with an invitation in order to address the committee, waited in the committee-room for an hour or more in hope that one additional member might arrive and make up the requisite quorum; but this hope was disappointed, and at 1:30 o'clock the chairman announced a postponement of the meeting until Monday morning.

London, April 9.—The *Times* says the attempt to excite a popular agitation against England on the ground of the detention of Irish-American subjects in Ireland has proved a failure. It has served only to show that the great majority of the American people are friendly towards the mother country and appreciate rationally and wisely the obligation of international comity.

Berlin, April 9.—Another dynamite mine has been discovered beneath the Nicholi railway at the fourth station from Moscow, and many persons arrested on suspicion.

Dallas, Texas, April 10.—The north bound train on the Gulf, Colorado & Santa Fe railroad was robbed a few miles south of Cleburne at 1 o'clock Friday night, at a water station called Blum. Six men, wearing masks and roughly dressed, entered the passenger coaches, two took positions and guarded the doors at either end, the other two going through the car with cocked pistols, one carrying a pillow slip and ordering a "missionary fund" from all the passengers, who gave up their money.

East Saginaw, April 10.—Rev. Isaac Fuller, residing in Homer township, Midland county, was killed by the tornado Thursday evening. His house was demolished and several other persons injured in the neighborhood. The storm swept through several townships in this county, doing great damage to property.

New York, April 10.—Amalgamated trader unions have adopted resolutions declaring that as the president had vetoed the bill to restrict importation of coolies, the trades unions regard it as another evidence of the governing classes that the interests of the working population were not considered, and that the president has ignored the interests of the people by protecting the interests of the six Chinese companies, and extending a greeting to their brothers on the Pacific coast, bidding them to continue their work and assuring them that victory will crown their efforts. A platform of principles calls for eight hours for a day's work, compensation to be just and fair for labor performed.

San Francisco, April 8.—H. B. Slaven, of this city, has just returned from a visit to the isthmus of Panama, where he is interested in a sub-contract on DeLesseps canal. He stated the report of sickness and death among canal employes has been very much exaggerated. Of the foreign population, averaging from 1600 to 2000, the deaths last year numbered less than 100, the principal disease being Panama fever. There are at present about 2000 men employed by the dredging machines, which are an improvement upon the model used in the Suez canal.

Kansas City, April 10.—It was reported to-night that Tucker Basham, who was convicted of participating in the Glendale train robbery and who was pardoned out to testify against Bill Ryan, was assassinated some ten days ago in Kansas. The James gang has sworn to take his life and it is supposed they have accomplished the threat.

St Louis, April 10.—The Mormon conference now being held at Independence, Mo., is making a vigorous war upon polygamy, and has unanimously adopted a resolution thanking President Arthur and congress for passing the anti-polygamy bill.

Buffalo, April 10.—An immense mass meeting was held to-night for the purpose of protesting against the action of the British government in imprisoning American citizens. The mayor presided.

San Francisco, April 10.—A resolution was adopted at a meeting of the trades assembly, calling for a general convention to be held at San Francisco, April 24, for the purpose of devising some plan to rid the community of the presence of Chinese. A suitable call has been prepared, addressed to the people of the Pacific coast states and territories.

Washington, April 10.—The bill of exceptions in the Guiteau case is 39 pages long. There are 32 exceptions, but all were noted during the report of the trial, and refer to insanity rulings, to the admission of certain evidence, expert testimony, etc.

If the statemants of those who ought to know are correct, the appropriations which are to be reported in the river and harbor bill will be most extraordinary. They will reach $15,000,0000.

SAMARITAN NERVINE.

Samaritan Nervine

Cures Epileptic Fits, Spasms, Convulsions, St. Vitus Dance, Vertigo, Hysterics, Insanity, Apoplexy, Paralysis, Rheumatism, Neuralgia, and all Nervous Diseases. This infallable remedy will positively eradicate every species of Nervous Derangement, and drive them away from whence they came, never to return again. It utterly destroys the germs of disease by neutralizing the hereditary taint or poison in the system, and thoroughly eradicates the disease, and utterly destroys the cause.

Samaritan Nervine

Cures Female Weakness, General Debility, Leucorrhœa or Whites, Painful Menstruation, Ulceration of the Uterus, Internal Heat, Gravel, Inflammation of the Bladder, Irritability of the Bladder, For Wakefulness at Night, there is no better remedy. During the change of life no Female should be without it. It quiets the Nervous system and gives rest, comfort and nature's sweet sleep.

Samaritan Nervine

Cures Alcoholism, Drunkenness and the habit of Opium Eating. These degrading habits are by far the worst evils that have ever befallen suffering humanity. Thousands die annually from these noxious drugs. The drunkard drinks liquor not because he likes it, but for the pleasure of drinking and treating his friends, little thinking that he is on his road to ruin. Like the Opium Eater, he first uses the drug in small quantities as a harmeless antidote. The soothing influence of the drug takes strong hold upon its victim, leading him on to his own destruction. The habits of Opium Eating and Liquor Drinking are precisely what eating is to alimentiveness, as over-eating first inflames the stomach, which redoubles its cravings until it paralyzes both the stomach and apetite. So every drink of liquor or dose of opium, instead of satisfying, only adds to its fierce fires, until it consumes the vital force and then itself. Like the gluttonous tape-worm, it cries "Give, give, give!" but never enough until its own rapacity devours itself. Samaritan Nervine gives instant relief in all such cases. It produces sleep, quiets the nerves, builds up the nervous system, and restores body and mind to a healthy condition.

Samaritan Nervine

Cures Nervous Dyspepsia, Palpitation of the Heart, Asthma, Bronchitis, Scrofula, Syphilis, diseases of the Kidneys and all diseases of the urinary organs. Nervous debility, caused by the indiscretions of youth, permanently cured by the use of this invaluable remedy. To you, young, middle-aged and old men, who are covering your sufferings as with a mantle by silence, look up, you can be saved by timely efforts, and make ornaments to society, and jewels in the crown of your Maker, if you will. Do not keep this a secret longer, until it saps your vitals, and destroys both body and soul. If you are thus afflicted, take Dr. Richmond's Samaritan Nervine. It will restore your shattered nerves, arrest premature decay, impart tone and energy to the whole system.
