Our new printing office, two doors north of August Knight's cabinet shop, is nearing completion.

Some parties at Salem have been arrested charged with stealing and carrying away pumps, campers stoves, and other movable things of value from the fair grounds.

The trial of Jas. Lewis at Albany, Linn county, lasting about two days, for the killing of John Wynn last fall at Sweet Home valley, resulted in the acquittal of Lewis.

On the twelfth of this month, we learn that the wife of Mr. Sumner Read gave birth to twin boys. Sumner is doing as well as could be expected under the circumstances.

A silk hankerchief on the sidewalk during the late revival meeting in Corvallis. The owner can have it by calling at A. J. Langworthy's cash store and paying for his notice.

The usual crowd of hangers are going through the county selling Eastern fruit trees. Oregon nurseries furnish the best trees, and should be patronized by those not wishing to be swindled.

On last Monday, in this city, to the wife of John H. Simpson, a daughter weighing 10 lbs. John is as happy as a "chick at high tide" and is doing well and recovering as nicely as could be expected under the circumstances.

An exchange truthfully says: "From now until after election is and will be the time, as in their custom, for Democratic misrepresentations through their papers, and the fellow who can tell the biggest will be considered the best Democrat."

The usual letter or chance establishment appeared on the streets this week and gave all who had nothing better to do an opportunity to draw a picture with the chance of getting nothing else with it. Thus it all goes in a lifetime, and all we find people who will spend their money to patronize such hangers.

The Standard Minstrel and Melodeon Pic Nic Party will give an entertainment here on Tuesday evening, May 10th. This aggregation is two companies in one, and includes twenty-two artists. Look out for their ad. next week. Reserved seats for sale at T. J. Buford's News Stand on and after May 10th.

It is currently reported that at the election at which W. S. McFadden was elected Judge of this county that he caused to be circulated bogus Republican tickets with his name printed thereon for County Judge in place of the Republican nominee. It is also said that at about that time he told to another party that he had these counterfeit bogus tickets, which was rather a dangerous thing to be doing in the county, but that if he ever ran for a District or State office he would circulate thoroughly such class of tickets among the voters. We learn that he is going to start out to the southern part of the District next Monday. It might reasonably be supposed that he is going out there to make the necessary arrangements to have his bogus tickets well circulated on election day.

It is currently rumored about town that some parties working for the Democratic side of the county ticket are intending to circulate over about the bay, and perhaps elsewhere, in order to make dissatisfaction among Republicans, the campaign lie invented by "Boss" McFadden several years ago, to the effect that Republicans in the valley are going to trade the vote of the Republican ticket in order to gain votes for B. W. Wilson and Sol King. People have long ago learned that this was invented purely as a campaign lie, and thus treat it and regard those who circulate it as the "Boss" lies.

Republican Candidate for Prosecuting Attorney. Mr. E. G. Hersh, Republican nominee for Prosecuting Attorney of this district, made Corvallis a visit this week. Mr. Hersh is a very pleasant, agreeable gentleman, a good lawyer, and an industrious, hard worker. He enlisted in the Fifth Wisconsin Infantry in 1864, at the age of seventeen years, and served in the Army of the Potomac in defense of his country. He lost his left arm at Petersburg in front of Fort Fisher. He was educated at Lawrence University at Appleton, Wisconsin, and graduated from the law

department of the Wisconsin State University in 1875 and was admitted to practice law in the Supreme Court of that State in June that year. Came to Oregon, arriving in Roseburg in the August following, and very soon afterwards formed a law partnership with Judge J. F. Watson, which continued until the latter was elected to the Supreme Bench of the State, since which time he has practiced law continuously at Roseburg. Mr. Hersh deserves the favorable consideration of the people, and when elected will make an efficient, active and able officer.

The City election on last Monday passed off rather quietly. Quite an interest was taken by candidates running for the principal offices. The successful candidates were as follows: For Mayor, F. A. Chenoweth; Recorder, S. T. Jeffrey; Marshal, Al Pygall; Treasurer, S. L. Henderson; Alderman for the first ward, John Messinger; Second ward, B. T. Taylor; Third ward, Jas. A. Causton.

A young man employed in a Portland butcher shop, at the corner of Third and Salmon, slipped while entering a room in the rear of the shop, and fell, striking a meat hook in his jaw. The point penetrated nearly to his eye without going through his cheek. He was not able to unhook himself, and the man who came to his help was obliged to call assistance to rescue him from his unpleasant predicament.

LADIES' LIST. Patterson, Carrie, Volland, Ellen, GENTS' LIST. Freely, Wm., Hasting, Frank, Larkin, John, Madden Cyrus, Nash, J. D., Woodworth, J. H., N. R. BARBER, P. M.

Ed. GAZETTE.—On April 25th at one o'clock P. M., the earth was broken by way of commencing the tunnel No. 3 of the Oregon Pacific Railroad; commencing on the west side of Mr. Traps farm and to be cut through a mountain 3,000 to the distance of six hundred and fifty feet. Mr. Luther Bager, Horace Fairco, under the direction of Mr. Spencer broke the first earth and commenced the work in proper order. Mr. Spencer, Mr. Bagley's employee is a thorough business man and deserves much credit for the ability with which he performs the duties of his position.

On Sunday night Oregon was shaken up by an earthquake, the wave taking its sweep from the northwest to the south west in Portland. It was severe, shaking every building in the city, and awakening those who were asleep. The large buildings were the most affected and swayed around in a style that frightened occupants much. In this place the shock was light, but was distinctly felt at the Chemeketa and the Reed House, and at many private houses, especially by those in the upper stories. From surrounding cities, towns, and from the country, come reports of its being felt. The shock lasted about ten seconds, and in some places was accompanied by a low rumbling sound. The popular question yesterday was, "Did you hear the earthquake?"—Salem Statesman.

EDITOR GAZETTE.—The steamer "K. to and Anna" Capt. Lutjens, arrived April 27th. She was loaded with goods for Cass Williams and Bishop & Co. at Toledo; she sailed on the 28th early in the evening. The steamer "Yaguina" arrived crossing the bar at deal low water on the 28th; unloading her cargo she passed at half tide in the evening as her way to Coos bay. The dispatch of these vessels without reference to the condition of the tide speaks well for much about Yaguina. The county ticket will be received by the Republican voters, and all the Republicans take to do is to stand by the nominees—take for granted all anonymous letters or letters signed "Republican." Estimate from the pen of William Shakespeare McFadden, and the result in June will be a Republican victory.

Bean and McFadden's Practices. Much capital is sought to be made out of the fact that Mr. Bean the Republican nominee for Judge of this district is a young man by Mr. McFadden, his friends, and the "Boss" organ. We do not know Mr. Bean's age but we do know something about his business. He commenced the practice of his profession in 1877 since which time he has devoted his time exclusively to the practice of law. During the time last mentioned 538 cases have been docketed in the Circuit Court for Lane county and of that number Mr. Bean has been employed in 239 of them besides a great many more which were settled before trial. His practice has ranged from Douglas to Wasco county. We have said nothing about Mr. Bean's large and extensive practice in the county court of Lane for that time and no comparison can be made between them. Mr. McFadden commenced to practice in this county in 1873, since which time 1096 cases have been docketed in the Circuit court and he has been employed in 146 of them. Bean has done 40 per cent of the business in his county, while McFadden has done but 13 per cent of the business in his. Bean has done nearly double the amount of business of his opponent. McFadden has had very little business outside of this county. We remember one case in which he went to California in behalf of Dea Christian, and cleared him before the case came before the court or jury. Mr. Bean is a good lawyer, a man of spotless character, and one of Lane county's best citizens. Mr. McFadden is a very poor lawyer, a political trickster, a professional sinner as well as a man who would generally serve his own ends, regardless of consequences. Only our best and purest men should be elected to this important position. Which will you have?

Nick Eisen's is the way-up place to get your coats, hats, frocks, and in fact everything in the line of a nice tender piece of cloth. He is retelling the place one door north of P. M. Zieroff & Co's, where he will soon start a branch shop.

We read that there are to be ten thousand Chinamen landed at Portland and Astoria during the present summer, from China, the first installment of 850 having already arrived. What we lack to make the shipment complete is the loss Chinaman, Chester A. Arthur.

Mr. Campbell, the Democratic nominee for Prosecuting Attorney of this District, was here during the late Democratic county convention. He attended to make a speech in the evening after the convention. For a speech it was a very tame affair. If he continues to speak, he will not likely carry a county in the District.

Robert S. Bean, the Republican nominee for Judge of this District, arrived in our town yesterday, looking as pleasantly as usual. Mr. Bean is a thorough gentleman, a good lawyer, and will be the best Judge of this District beyond a doubt, and will perform the duties of the office with ability and credit to himself. Immediately after Mr. Bean's admission to practice law he formed a partnership with the late John M. Thompson, and by this means was immediately thrown into a large and extensive practice, ranging from Douglas to Wasco counties, and also covering fully half of the practice of his own county.

CAMPAGNE NOTES. In order to place THE GAZETTE in the hands of every person until after the election, we will send it to any address for 10 cents until July 15th next.

Remains lay from the Scandal. As a prelude I will speak of the weather first. For the last week the weather has been delightful; for ten days previous it was simply horrible, and the poor weather clerk got his.

Newport is improving rapidly. Mr. Synch has furnished his new harbor shop and moved into it Saturday. Ed. C. Phelps is laying the foundation of a large building for stores and offices. It is 100 feet front by 80 back, two stories high, and when completed will be the finest building in the town. P. M. Abbey has put a large addition to his hotel; and will now be able to accommodate many more guests. We were favored yesterday with divine services by Rev. A. Simpson of Corvallis. Heretofore preaching has been quite a rarity in Newport but we understand that there will be preaching here every two weeks hereafter. We also organized a Sunday school yesterday.

The health of the town generally is good. But we have one case of measles which was contracted for in Corvallis; Ed. Abby is the victim. He has been attending school in Corvallis, and returned home about ten days ago and has been wrestling with his enemy ever since. Ed has grit and will come out victorious. The steamer Kate and Anna, Capt. Lutjens, commander, from Portland, made one of her flying trips from Portland last week, bringing the merchants of Newport, and up the river tows a large quantity of goods. The steamer "Yaguina" came into port Saturday loaded with goods for Newport and the Willam. She came in early in the morning at nearly low tide. We think Mr. J. R. K. Irvine must have been mistaken in his statement that she (Yaguina) would not make any trips to this place hereafter as the Captain says he expects to make regular trips to this place all summer. The ship inspectors came in on the "Yaguina" and tested the "Mary Hall," Bennett's new steamer. She stood the test finely and is now running between here and Elk City. She made the first trip 25 miles in two and a half hours. The public school opens to day. Work on the railroad is in full blast. The new warehouse is in rapid course of construction. It is 250 by 100 feet. A large force of graders are on their way for headquarters, and

when they arrive the railroad will be pushed with all possible speed. A blast was fired last week which moved at the least calculation 5,000 yards of earth. ANGLETO. Newport, May 1, 1882.

Large Supply of Saw Logs. Our fellow-townsmen Max Friendly, has been successful in securing an unusual large quantity of logs in the boom and of an excellent quality. Look for his ad next week.

TELEGRAMS.

New York, April 29.—A dastardly attempt was made to-day by some miscreants on the lives of Wm. H. Vanderbilt and C. W. Field by sending them explosives through the mails. Fortunately the dangerous character of the packages was discovered before they reached the station and probable loss thus prevented.

New York, April 30.—Early this morning John A. Davenport, 319 East Ninth street, visited police headquarters carrying with him an infernal machine similar to those sent Wm. H. Vanderbilt and Cyrus W. Field yesterday, and evidently prepared by the same person. It had been placed in the hallway of Davenport's house last night and exploded at 10 o'clock, setting fire to the door matting, but doing no damage. The intention evidently was to set fire to the house. The machine was a cigar box bound with wire, and contained a quantity of dynamite, and a fuse, there was just sufficient powder to shatter the box and ignite the cotton.

Chicago, April 30.—The Times editorial: The Democratic and independent newspapers of New York city have assailed Blaine's conduct before the foreign affairs committee with a ferocity which can only be inspired by belated rage and hate. Some newspaper comments are disgraceful to their authors. They are founded on studious misrepresentation of what took place. They are not supported by the facts. Blaine's vindication after all must be found in the very faithful and accurate stenographic report
