Some forty Chinamen passed through town to-day on their way to commence work on tunnel No. 2 of the O. P. R. R.

## The Oregon Pacific Railroad.

Managers have recently been adding additional hands to the grading force. A lot of Chinamen came yesterday, and more are continually expected to arrive every day. Additional help has also been added to the tunnel work. By the time the weather is thoroughly settled so as not to further interfere it is expected to have a large force to work on the road. With Chinamen ar-

riving daily it will not take long for the force to grow to large proportions.

I have dways found Lord Cavendish a most ami-It may be urged that some of these disease are so willely different that it seems absurd able man, painstaking and strictly conscien-tous in fulfiliment of his official duties. I cannot conceive that any section of the people of Ireland could have plotted delib-erately against the life of Lord Cavendish, and I am surprised the Dublin relieve many possess various properties. Thus

erately against the life of Lord Cavendish, and I am surprised the Dublin police, who had been able to protect Forster, should apparently not have taken any steps to watch over his successor during the few hours of his official life in Ireland. There scens to be an unhappy destury presider stances which demand its employment. In the manufacture of any pharmacer tical preparation the purity and strengt of the materials used, and the requisit ver Ireland, which always comes at the noment when there seems some chance for the country, to destroy the hopes of her best friends. I hope the people will take immediate and practical steps to express machine, y to be employe l, are, among the chief essentials. The first is insured by purchasing the ingredients in large quanti-

ympathy Mr. Gladstone in his most painful ies, whereby the exercise of greater care in selecting the materials can be afforded; and osition he second can only be accomplished where Chicago, May 7 .- John Finerty, a promi-

the business is sufficiently extensive to warrent a large outlay of e pital in procuring chemical apparatus. These facts apply with especial force to the munifacture of our medicines, their quality having been vastly improved since the demand has benent Irish leader, says: "It may be set down us certain that Lord Cavendish was not murdered by any same member of the Irish party. In the case of Lord Fredrick Cayen-dish, the Irish masses will regard his kill-ing as both a crime and blunder and any ing as both a crime and blunder, and any uture investigation will show that he has ome so great as to require their manufac ture in very large quantities. These ideas are not mere speculative remarks to mislead the reader, or to imbue him with false views of the superiority of fallen for either reasons already stated and not because of any organized conspiracy

against his lite. San Francisco, May 6.—Another British steamer, the Alton Tower, arrived to-day iron Hongkong with 829 Chinese no board. New York, May 6.—The *Tribune*, com-menting on the Washington special, says: The president has decided to parlon Fitz John Porter and sign the Chinese bill. It

is said that the papers have been prepared, it they have not been sent to the cashiered observer there appears to be no room for improvement, yet new apparatus and m-
