

# SAMARITAN NERVE

## Samaritan Nerve

Cures Epileptic Fits, Spasms, Convulsions, St. Vitus Dance, Vertigo, Hysteria, Insanity, Apoplexy, Paralysis, Rheumatism, Neuralgia, and all Nervous Diseases. This infallible remedy positively eradicates every species of Nervous Derangement, and drives them away from whence they came, never to return again. It utterly destroys the germs of disease by neutralizing the hereditary in its origin in the system, and thoroughly eradicates the disease, and utterly destroys the cause.

## Samaritan Nerve

Cures Female Weakness, General Debility, Leucorrhoea or Whites, Painful Menstruation, Ulceration of the Uterus, Internal Heat, Gravel, Inflammation of the Bladder, Irritability of the Bowels, For Weakness at Night, there is no better remedy. During the change of life, the female should use it. It quiets the Nervous System and gives rest, comfort and nature's sweet sleep.

## Samaritan Nerve

Cures Alcoholism, Drunkenness, and the habit of Opium Eating. These degrading habits are by far the worst evils that have ever befallen suffering humanity. Thousands die annually from these noxious drugs. The drunkard drinks liquor not because he likes it, but for the pleasure of drinking and treating his friends, little thinking that he is on his road to ruin. Like the Opium Eater, he loses his health, and his mind, and his property, and his family, and his friends, and his life. The soothing influence of the drug takes hold upon his brain, and he is unable to resist its evil influence. The habit of Opium Eating and Liquor Drinking are precisely what eating is to the animal system, as over-eating is to the human system, which reduces its faculties until it perishes both in the stomach and in the system. No other drug or liquor or dose of opium, instead of satisfying, only adds to its force. Hence, until it consumes the vital force and then itself. Like the contentious tape-worm, it cries "Give, give," but never enough until its own rapidly devours itself. Samaritan Nerve gives instant relief in all such cases. It quiets the brain, quiets the nerves, builds up the nervous system, and restores body and mind to a healthy condition.

## Samaritan Nerve

Cures Nervous Prostration, Palpitation of the Heart, Asthma, Bronchitis, Neuralgia, Syphilis, diseases of the Kidneys and all diseases of the urinary organs. Nervous debility, caused by the indiscretions of youth, permanently cured by the use of this invaluable remedy. To you, young, middle-aged and old men, who are covering your suffering with a mantle of silence, look up, you can be saved by timely efforts, and your suffering will be ended. Do not keep this a secret longer, until it saps your vitality, and destroys your body and soul. If you are thus afflicted, take Dr. Richmond's Samaritan Nerve. It will restore your shattered nervous system, promote decay, impart tone and energy to the whole system.

## SAMARITAN NERVE

Cured my little girl of fits. She was also deaf and dumb, but it cured her. She can now talk and hear as well as anybody.

## SAMARITAN NERVE

Has been the means of curing my wife of rheumatism.

## SAMARITAN NERVE

Made a sure cure of a case of fits for my son.

## SAMARITAN NERVE

Cured me of vertigo, neuralgia and sick headache.

## SAMARITAN NERVE

Was the means of curing my wife of spasms.

## SAMARITAN NERVE

Cured me of asthma, after spending over \$3000 with other doctors.

## SAMARITAN NERVE

Effectually cured me of spasms.

## SAMARITAN NERVE

Cured our child of fits after giving up to die by our family physician, it having over 100 in 24 hours.

## SAMARITAN NERVE

Cured me of scrofula after suffering for eight years.

## SAMARITAN NERVE

Cured my son of fits, after spending \$2400 with other doctors.

## SAMARITAN NERVE

Cured me permanently of epileptic fits of a stubborn character.

## SAMARITAN NERVE

Cured my son of fits, after having had 2500 in eighteen months.

## SAMARITAN NERVE

Cured me of epilepsy of nine years' standing.

## SAMARITAN NERVE

Has permanently cured me of epilepsy of many years duration.

## SAMARITAN NERVE

Cured me of bronchitis, asthma and general debility.

## SAMARITAN NERVE

Has cured me of asthma; also scrofula of many years standing.

## SAMARITAN NERVE

Cured me of fits. Have been well for over four years.

## SAMARITAN NERVE

Cured a friend of mine who had dyspepsia very badly.

## SAMARITAN NERVE

Has permanently cured me of epileptic fits.

## SAMARITAN NERVE

Cured my wife of epilepsy of 35 years standing.

## SAMARITAN NERVE

Cared my wife of a nervous disease of the head.

## SAMARITAN NERVE

Cured my son of fits. He has not had a fit for about four years.

## Samaritan Nerve

Is for sale by druggists everywhere, or may be had direct from us. Those who wish to obtain further evidence of the curative properties of Samaritan Nerve will please enclose a recent postage stamp for copies of our Illustrated Journal of Health, giving hundreds of testimonials of cures from persons who used the medicine, and also their pictures photographed after their restoration to perfect health.

# Weekly Corvallis Gazette.

FRIDAY MORNING, JULY 28, 1882.

## NEWSPAPER MEN.

Four hundred dollars per annum is the average salary paid to the editors and printers of the United States engaged on newspaper work. Who says there isn't money in the newspaper business? Look at these figures: 70,000 editors and printers and \$28,000,000 per annum made by them. Just \$400 apiece. No wonder, with such a rich harvest to be reaped, that the best youth of the land are rushing into journalism. We advise fathers by all means to spend \$5000 in sending their sons to college, giving them a liberal education, and then turning them loose to grow rich, molding the thought and opinions of this great and glorious country. When the old man dies the sons rise up and call him blessed, provided he has left them enough to pay off their chattel mortgages and get their presses out of the sheriff's hands. Should some young men be so fortunate as to grow up in a printing office, and early learn the great principles that underlie success in the newspaper business, to wit: plenty of cheek, plenty of home advertisements, and a paid-up subscription list, they may be able to live comfortably and accumulate enough to bury themselves decently, if they don't die young from overwork.

## AN OPEN LETTER.

Some Outspoken Statements of Great Value From Parties of the Highest Standing.

When the people of America become so thoroughly aroused, and on a subject of such serious importance as the preservation of their lives and health, it is but natural that the ones who have been largely instrumental in the origin of this movement should speak frankly and directly to the people most interested. It is for this reason that we thus come before the public and make the following revelations.

Every careful observer who has sought to keep pace with the march of events has noted the alarming increase of certain peculiar physical troubles within the past few years. These troubles have come at unexpected moments and in a most treacherous way. They have manifested themselves in innumerable forms, but they have always had the same cause. They have not afflicted the minor parts of the body, but have gone direct to the strongholds of the system and their work has usually been as prompt as it is fatal. Their treacherous and deceptive nature has often prevented a careful analysis of what causes them, and, as a result, intense suffering and final disaster have usually ensued. The real cause, however has been a derangement of the kidneys and all of these troubles are, in fact, the first symptoms of the terrible Bright's disease, which has cast its dark shadow over so many homes in the land and is increasing wonderfully and continually. It is now conceded by the ablest physicians in every land and by eminent scientists the world over, that this disease is the result of blood poisoning. This poisoning is brought about by wasted and unhealthy kidneys that permit the poison to remain in the blood, instead of throwing it from the system. But it is equally evident to all who have studied into the effects and have become conversant with the facts, that a disordered state of the kidneys and liver produces most of the common complaints and pains which afflict the human race, and they can be traced to this source just as certainly as can Bright's disease. To purify a stream we must go to its source, and to cure a disease we must remove the cause. It being true, therefore, that nine-tenths of all human ailments are caused by diseased kidneys or liver, the only certain way to cure these troubles is by treating the organs which cause them. How intimately the kidneys are associated with the entire system may be understood from the fact that over 1,000 ounces of blood pass through them every hour, being more than 200 gallons, or nearly one ton in the course of twenty-four hours. This vast mass of living fluid is sent to every part of the body, and if the kidneys are diseased the impurities that are in the blood are not removed and hence pass through the veins, carrying disease in some one of its many terrible forms. The horrors which accompany most of the diseases caused by disordered kidneys and liver cannot be described in print, while the dangers surrounding them are even greater than the agony. And yet a person may be troubled for months without knowing the cause of the diseases that have attacked him. Some of the symptoms of the first stages, any one

of which indicates disordered kidneys or liver are these: Pains in the back and around the loins, severe headaches, dizziness, inflamed eyes, a coated tongue and a dry mouth, loss of appetite, chilly sensations, indigestions (the stomach never is in order when the kidneys or liver are deranged), a dryness of the skin, nervousness, night sweats, muscular debility, despondency, a tired feeling especially at night, puffing or bloating under the eyes, etc. If any of the following things are noticed about the fluids passed from the system, it shows that the kidneys and liver are out of order: A red deposit, a scum upon the surface, an unusual thickness or thinness, a very dark or a very light color, a burning sensation in passing, an unusual odor, a retention, or a frequent desire to void and inability to do so.

The above are a few of the hundreds of symptoms which indicate the beginning of aggravated cases of kidney or liver difficulties, and they require instant attention. If these symptoms are not checked at once, they are almost certain to result in some one of the many terrible diseases of the kidneys. But unpleasant as all the symptoms and even these diseases may be, they are as nothing compared to the last stages of the complaints. The kidneys waste away by degrees, accompanied by intense pains; the heart becomes uncontrollable; the lungs are oppressed; the eyeballs grow glassy, and the entire system is reduced and debilitated. For weeks before death comes the sufferer looks forward to it as a blessed relief, and anything that can furnish even temporary help is gladly hailed. Then it is that bloating begins; the face becomes puffy and pallid; the breath can only be caught in gasps, speech is impossible and muscular action suspended. The patient finally sinks into a state of unconsciousness to everything except the pains which are racking him, and death comes by certain but slow degrees. There can be but one conclusion which all readers of care and judgement will draw from these facts, which is the necessity of treating the disease in time and by that means which has been proven the best and most efficient.

It has been our privilege to treat more cases and effect more cures of this terrible complaint than has ever been known before in the history of the world. The wonderful sale of our remedies have attained it, due wholly to the fact that they have cured the ones who have used them. The power and value of any remedy must rest wholly on a basis of worth, and here is just where our Safe Kidney and Liver Cure has found its wonderful power and success. But in this connection comes one important fact: It has always been true that articles of merit are subject to imitations. No one seeks to counterfeit the bills of a worthless bank. The productions of a cracked inventor or witless writer are never copied. It is just so with a healing remedy. If it possess no merit it will not be subjected to imitations. If, however, it has power and value, imitations will spring up on every side. While it is a tribute to the value of this medicine that it has imitations, still, in justice to those who are suffering, we feel that all should be warned against them.

There is but one known remedy that has ever been able to cure serious kidney troubles or control these great organs when once deranged, and that remedy is Warner's Safe Kidney and Liver Cure. There are numerous nostrums on the market claiming to be just as efficient and some which even claim to be the same. The test of merit, however, is in what has been accomplished, and we therefore say unhesitatingly that for all diseases of the kidneys, liver, and urinary organs Warner's Safe Kidney and Liver Cure stands alone, not only in point of excellence, but in the wonderful results it has achieved. In order to successfully avoid the purchase of spurious and injurious medicines, observe these facts:

Our remedy is put up in dark amber glass bottles, with the Safe (our trade mark) blown in the back. A private proprietary six cent internal revenue stamp is affixed to the neck and covers the top of the cork and is of a light brown color. In the middle thereof is a Safe in outline, and on it the picture of a negro gathering herbs. If this stamp is not found on every bottle of the Safe Kidney and Liver Cure, or if there is any evidence that it has been tampered with, and if a Safe is not blown on the back of the bottle, reject the bottle at once, and insist on having a genuine one.

We are led to publish the fore-

going in order that the public may know and realize just where we stand. We have always sought to keep our personality from obtruding upon the public, knowing full well that the value of our remedy was the essential thing, but the unexampled use which has been made of this medicine, and the volumes of letters we are constantly receiving demand a personal statement from us. We are justly gratified at the confidence which has been shown us, and thankful for the myriads of cures our remedy has performed, and we pledge ourselves for the future as we have endeavored in the past, to furnish the best and only valuable remedy that can control and cure all the many and terrible troubles arising from disorders of these great organs.

Sincerely,  
H. H. WARNER & Co.,  
Rochester, N. Y.

## Wonders of the Desert.

South of this place says the Prineville News, far out upon the sandy and rocky desert, where no indications of living water are discernible, is a river bed bearing every indication of the action of a strong current of water, at some remote period of the world's history. This river bed is a deep cut, in some places lined with river gravel, and can be traced for many miles. At a place near Hampton Bentes is a cave, or opening in the ground, in which the sound of running water is distinctly heard, seeming to be far below the surface. No means for descending this cave, or natural well, have yet been tried. About fifteen miles southeast of Powell Buttes, in the midst of a pine forest, are several caves which admit of easy entrance and exit. In some of these caves are tons of ice, of the purest quality, while in others there is neither ice nor water, but the temperature in all is very low. It is said that this ice never melts, though in the fall of the year the water is more plentiful near the entrance, while in the interior the ice is found in large quantities the year round.

## Fire in Forestland.

At ten minutes past 1 o'clock last Friday morning Officer Dobbin, while patrolling his beat discovered a fire in Harry Mullen's cigar store, 27 First street, north of B. It being under considerable headway, he turned in an alarm from box 15, which brought out the department, and none too soon, as a stiff breeze was blowing. The following buildings were burned: Harry Mullen, cigar store, loss \$500; Mandantz & Burton stores and tinware, \$2,000; Higgins & Co's store, \$5000; A. & J. Vignalis barber shop, \$200; A. Y. Hamilton store room, nominal. Workingmen's store damaged \$200. The fire was the result of carelessness. The amount of insurance not ascertained.

## Grasshoppers.

The Prineville News of a recent date says: The latest authentic reports from Willow creek were handed in by Joe Hinkle on last Thursday morning. He says that the grasshoppers have devastated two or three fields, and are gradually encroaching. Of course this grass hopper plague is confined to a very small district, but unless their depredations soon cease their visit will not be forgotten this year. It seems that as yet they are principally confined to one side of the creek, but are expected to cross before long.

## Smallpox.

The Boise City Statesman says: On the Oregon Short Line grade west of Pocatello smallpox broke out a few days ago among the graders. One man died of the disease, but before his death at least 200 persons were exposed to the contagion, and four other cases have developed. It is feared that a spread of the disease will occur in northern Utah and eastern Idaho.

A man by the name of L. M. Jones—a blacksmith by trade—was found drowned in the Willamette river below Harrisburg, a few days since. Whether it was a case of suicide or accidental drowning we have been unable to learn. He has relatives in the States, and resided some seventeen years ago in Harrisburg.

The Coeur d'Alene railroad and steamboat company, with a capital stock of \$1,000,000, has been organized in San Francisco. The road will operate principally between Fort Coeur d'Alene and Spokane Falls.
