Success to the seheme.

Mr. and Mrs. F. M. Johnson and Mr. and Mrs. John Ray departed last Monday morning for Newport. They did not start so soon quite as young Albert did neither did they probably travel so fast. They however evidently expected to get down there in time to see that the young man did not get into mischief without their knowledge of it. Rather a rainy time for a pleasure trip.

Mr. Wm. Burgett of King's valley relates to us the following painful accident: Mr. Wm. Brien of that place was out hunting a few days ago. He stoped a few moments and placed the muzzle of a breech loading rifle on top of his foot and while standing in that position the gun was discharge tearing a large hole in his foot.

Large Bear. On last Monday Mr. John Colmer and Robert Irvin came into town. The wagon was loaded with a large bear which appeared to have been about 6 or 8 years old. It was probably a cross between the black and cinnamon bear. Its weight was probably about three hundred pounds. The fatal shot which ended its existence was said to have been aimed by Mr. Colmer. During the fracas after the animal had been wounded in less time than could be imagined it seized one of the dogs which was engaged in the hunt and instantly killed it. It was found and killed out near Mr. Irvins place near the foot-hills where it had probably been after acorns. It hung on the hook in front of Mr. Baesens butcher shop nearly all day Monday where the public had a fair opportunity to see all that was left of it. Mr. Baesen in a very artistic manner removed the hide and sold the meat out to customers in this vicinity.

BLACKLEG. The Dallas Times Mountaineer says:-'It appears that this disease is making ravages among the cattle in the southern portion of this country, and several have already died from that cause. The Princeville paper learns from the boys who have just returned from the round-up at Bear creek, that it is raging among the cattle of that section. It is not known to what extent the disease has spread, but many calves have died from its effect. It is chiefly confined to calves and yearlings, causing death till I used your Safe Kidney and Liver in a few hours after its appearance. Under the circumstances, situated as the cattle men are, and having such large numbers to care for, it is impossible to apply any remedy, and the contagion must take its course, with what disastrous results we are

unable to foresee.

Surprise Party.

For some days past Prof. E. B. McE'roy as been making the necessary arrangements preparatory to moving to Salem, in order that his family might be near where the nead center of his future official work is to This fact had become known to some of the citizens of our town. On last Wednesday evening a large number of invited mests met at the parlors of the Vincent ouse at about half past eight o'clock and proceeded from there to the residence of W. S. McFadden for the purpose of tendering to Prof. McElroy and his estimable lady a farewell surprise party, before their de-parture on the following morning. The vening was spent in a very enjoyable manner by all present until about eleven or twelve o'clock. After enjoying a nice repast of eatables the guests departed to their espective homes. Mr. and Mrs. McElroy started yesterday morning for their new ome. Their departure seems to be universally regretted by this community in which the Professor has made an energetic, active and useful member of society for several years. It is to be hoped, however, as no doubt at the end of Mr. McElroy's of-Independant order of good Templars lect. ficial term they will likely return to our

It seems that the boy was in the act of taking down the gun from the wall, when it went off, the charge hitting his mother in the head and causing nstant death.

N. K. Lytle has arrangements nearly complete for establishing a distillery at this place. He commences by issuing stock to the amount of \$1,500 in shares of \$100 each, which he agrees to redeem in eight months from the time work begins. The stockholders are to elect a treasurer who is to have full financial control of everything, and in consideration of this Mr. Lytle agrees to erect buildings and run the basiless for one-half of the profits. This looks like a very fair proposition, and cannot well result in any loss to the stockholders, and as the stock is nearly all taken we expect oon to see this work under way. Our farners will miss a good market for their grain if they let this opportunity go by.
