New Material.
We received not long ago a new job press and a large lot of new job type of the latest styles and designs directly from the *Plant*. If you want printed in the latest style nice letter heads, envelopes, visiting cards, business cards, programs, note books, order books, receipt books, post cards, drug labels, gummed, Ungummed, Legal blanks, etc., you can get them at the Gazette office at a trifle more than cost of labor and material. Call and examine them.

Frequent and constant advertising brought me all I own.—A. T. Stewart.

LOCAL NOTES.

Tobacco and cigars at Sawtell's. Call at Sawtell's for Christmas goods. Gum boots and overboots at A. J. Lang worthy's Cash store. Eggs are 48 cents per dozen in Frisco, so says an exchange. All kinds of book and job printing done on short notice at this office. Jacksonville has been preparing for a masquerade ball on New Year's day. Legal blanks furnished at this office on short notice at less than San Francisco prices. Mr. J. Seely of Alsea, informs us that the road from that place to Monroe is open for travel with wagon and team. The Post says that a five inch vein of coal was struck at tunnel No. 1, indicating that a paying vein may yet be found.

F. M. Sawtell returned last Monday evening from Portland where he had been to lay in a nice assortment of new goods for his store. New goods just landed and constantly arriving at A. J. Langworthy's Cash store, and are selling at astonishingly low prices. Corvallis, Nov. 10, 1882. Parties wishing to attend either of the business colleges at Portland, Oregon, can save something by calling at this office to purchase scholarships. The latest improved sewing machine— not to beat. Also guns, revolvers, ammunition, fishing tackle, etc., at G. Hodges' gun store, at bedrock price.

If you want a good and fine job printing done as can be done anywhere on the Pacific Coast, bring your jobs to this office. We are prepared to execute it at the lowest possible prices. We keep constantly on hand at this office a large lot and variety of stationery letter heads, bill heads, envelopes, and papers of different kinds which we furnish at the lowest possible prices. The Corvallis GAZETTE is one of the best advertising mediums in Oregon, because it goes to a large paying list of subscribers who are able to buy and pay for any article they see advertised if they want it.

Panderson Avery, formerly of this place, moved his family about six weeks ago to Jacksonville where they now reside. He still remains in the Chewamucc county looking after his extensive stock interests. When the end of the track reached Lewisville the other day, the town took a holiday. There was a grand barbecue and ball. The oration was delivered by W. I. Gill of New York. The supply depot had been moved to Lewisville. Why will people continue to use plain envelopes, letter and bill paper, when they can get them with a nice stylish business card or head printed thereon at the GAZETTE office at about what it costs to buy the blank material at retail.

Mr. J. W. Hanson, our very popular tailor, in addition to his well ordered tailor shop, has been receiving a large and nicely selected supply of ready made clothing. Mr. Hanson is a good workman and understands how to supply his customers with the thing that best suits them. The business of the Roseburg land office for October is as follows: Four hundred and forty-five acres of land sold for cash; 27 homestead entries embracing 4019 acres; 18 final homestead entries, embracing 2655 acres; 1 mineral entry, embracing 80 acres, and 20 pre-emption filings.

Why will people continue to use blank envelopes, letter heads and bill heads, when they can get printed heads and envelopes at the GAZETTE office in the most approved style at only a little more than the cost of paper and about what they buy them by retail.

From an exchange we glean the following: Mr. William Callow, of Mason county W. T., went down to Puyallup on Tuesday to be married on the following day to Miss Hattie Williamson. Arriving there, he found the young lady sick, and immediately started to New Tacoma for assistance, but she died before his return, on Wednesday, the day she was to be married. Miss Williamson died of scarlet fever, and was buried in her wedding dress. Her age was 18 years and she was a grand-daughter of Judge F. Kennedy.

Large stock of candies a Sawtell's. Good assortment of stationery at Sawtell's. The I. O. G. T. has located an orphanage home at the Dalles. D. G. Clark, of Albany, came up on the boat last Tuesday.

Mr. S. G. McFadden took the boat on Tuesday for Salem. Chas. Monteith, of Albany, was in our city during the week. A barrel factory in Seattle W. T., gives employment to 100 men. C. H. Bishop, a merchant of Toledo, has been in the city during the week. Belview, the first addition to Yaquina, has had its name changed to Myreca.

The Jacksonville Times is having a new office built. A good sign of prosperity. The steamer A. A. McCully took on a load for wheat at Blair's wharf on Wednesday. The average small boy successfully spends his leisure moments fishing in the Willamette these days. There is still a good stage of water in the Willamette and steamers find no difficulty in running up.

A masquerade ball at Newport on Christmas evening is among the coming attractions at that burg. Mrs. Geo. Kennedy has been dangerously ill for several days but at time of going to press she was better. Mr. John Mackey and Son, of Douglas county, have been visiting friends in this city during the week. Nearly all the pack trains that transport goods from Crescent City to Josephine county are owned by Chinamen.

The holidays are almost here, and our merchants should let the people know what they have for holiday trade. A five year old son of John Hamer, of the Summit accidentally broke his leg last week while playing near the house. A fight in one of our saloons the past week resulted in a broken billiard cue, a lacerated hand and a law suit. An exchange says that horses and cattle stealing inumatilla county goes right on, and no one is brought to justice.

Tom Buford has been transfiguring his place of business during the past week making it more roomy and convenient. According to the report of the Indian commissioner there are 13,286 Indians in W. T. There are four reservations. Dr. Embree will preach in the M. E. church next Sabbath at 11 o'clock in the morning. Invitation to all. G. W. Bennett. State School Superintendent M. Elroy has been assisting in the work of the teachers institute at Harburg during the week. The democratic roster has been crowing in many of our exchanges during the past week, after the election held a week ago Tuesday.

We are requested by Nick Bassen to hereby notify all persons indebted to him to come forward and settle up without any further delay. Geo. M. Starr of Lower Alsea this week brought to our office the mammoth potato. It is ten inches long and six inches through the short tway. The weather so far has been fine, as on cool weather of any consequences has yet visited us, with the exceptions of a few frosty mornings. Steps are being taken for the organization of a dramatic association in our city. This is a good scheme and it is to be hoped that it will prove a success. It will be seen by the council proceeding elsewhere that Geo. Kennedy was elected City Alderman to fill the vacancy caused by the resignation of John Huffman.

The Good Templars lodge is in a thriving condition and new members are being added nearly every week. We know of one party who presented six names for membership at the last meeting. Z. J. Hatch, the former proprietor of the steamer Yaquina, contemplates the building of another ship, similar to the one he lately sold, to be used in the trade between Yaquina bay and Portland. Quite a colony, composed of several families, arrived in our city last Saturday from Illinois, and are now looking up a location. They will probably cast their anchor somewhere in the Willamette valley. As will be seen by Senate bill No. 6, published on the fourth page of this issue, it is unlawful to take, kill, or pursue, or have in possession any deer from the first day of November until the first day of July. Will Bro's again take the lead in toys and holiday goods; they just opened a part of their large stock of dolls, musical, wooden, tin, rubber, mechanical and other toys too numerous to specify singly. They sell them at San Francisco prices. The man with the rubber stamps has been in our city this week trying the folly of convincing our merchants that they can print their own letter heads, etc. neater and cheaper with one of his stamps than they can be done at a printing office. Thousands of ducks—mallard, teal, canvasback, gray and butter ducks, not to mention geese, snipe, mud-hens, etc.—almost cover the waters of the Bay and the contiguous mudflats. Better shooting the poorest shot could ask for.—Yaquina Post. Nearly all our exchanges contain accounts of thieving of some character every week. It would seem as though this sneak thief business was getting to be "too utterly too" and that a good sound example should be made of those caught at the low practice.

Articles incorporating the Umatilla Land and Sheep Company have been filed. Incorporators are Messrs. John McCracken, Chas. Holge, J. S. Cochran, W. B. Cunningham and F. V. Andrews principal office Portland. The chief object of the company are to purchase land near Heppner, Umatilla county, to grow wheat, to buy and operate the Heppner flouring mill, and to raise sheep and hogs. The company have secured nearly 4000 acres of land, well watered with living springs, and fronting on a creek for six miles.

Adams Arrested.
On last Saturday afternoon Marshal Peggall received the following telegram:
SALEM, OR, Nov. 11, 1882.
CITY MARSHAL—Arrest H. Adams—slim dark complexion, has long beard, wears stove pipe hat. He obtained goods under false pretense. (W. G. HARBOR, Chief Police.)

Robbery Near AIREIL.
(Dallas Times Mountain.)
Mr. Jos. Parents, the saloon keeper at Lone Rock, started from Alkali on horse-back last Wednesday in company with Mr. Beard, who was driving a team. After proceeding some distance Mr. Parents stopped to cinch his saddle, when Mr. Beard drove on and Mr. Parents rode on alone. About 3 miles from Alkali he was approached by two men, and on looking around was hit over the head, knocked from his horse and robbed of \$40. After he became conscious he walked back to Alkali, arriving there about 9 o'clock at night. There was a cut about an inch long over his right eye, also one on his cheek and lip, one tooth loose and a bad bruise on his head. Nothing is known of the scoundrels who committed this outrage, but it is supposed that they lay in wait for him at that point in the road. His horse has not as yet been found, and it is supposed these robbers took it with them.

Perished in a Storm.
Prineville News: On last Sunday morning the children of Chas. Hayt, who lives at Cow canyon, left the house to play on the surrounding hills, and did not return until noon. One of the children not returning, immediate search was made, but the missing one could not be found until the next morning when it was found about a half mile from home, having perished during a cold storm of the night. What made the affair most pitiful was that the little fellow who was about seven years old, could not talk, so was unable to answer to the calls of those in search. This is a heavy blow to the parents, who receive the sympathy of all.

Fall on Sidewalk.
Mrs. Atwood, on Sunday morning, while on her way going to church along fourth street, her foot went into a defective sidewalk, throwing her headlong on to her face and head. The fall bruised her very badly disabling her arms, cutting a severe gash across the nose and otherwise resulting in painful bruises.

Thanksgiving Proclamation.
The president has issued the following proclamation for Thanksgiving:
In conformity with a custom, the annual observance of which is justly held in honor by this people, I, Chester A. Arthur, president of the United States, do hereby set apart Thursday, the 30th day of November next, as a day of public thanksgiving.
The blessings demanding our gratitude are numerous and varied; for the peace and amity which subsist between this republic and all the nations of the world; for freedom from internal discord and violence; for increasing friendship between the different sections of the land of liberty, justice and constitutional government; for the devotion of the people of our free institutions and their cheerful obedience to the mild laws; for the constantly increasing strength of the republic, while extending its privileges to fellow men who come to us for improved means of internal communication; for increased facilities of intercourse with other nations; for the general prevailing health of the year; for the prosperity of our industries, a liberal return for the mechanic's toil, affording a market for the abundant harvest for the husbandman; for the preservation of the national faith and credit; for the wise and generous provisions to effect the intellectual and moral education of your youth; for the influence upon the conscience of restraining and transforming religion, and for the joys of home. For these and for many other blessings we should give thanks.
Wherefore I recommend that the day above designated be observed throughout the country as a day of national thanksgiving and prayer, and that the people ceasing from their daily labor and meeting in accordance with their several forms of worship, draw near to the throne of Almighty God, offering praise and gratitude for the manifold good which he has vouchsafed to us, and praying that His blessings and mercies may continue.
And I do further recommend that the day thus appointed may be made a special day for deeds of deeds of need, so that all who dwell in the land may rejoice and be glad in this season of national thanksgiving.
In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.
Done at the city of Washington this twenty-fifth day of October, in the year of our Lord one thousand eight hundred and eighty-two and of the independence of the United States the one hundred and seventh.

SALEM, Nov. 7, 1882.
In accordance with a custom long established, and in pursuance of a recommendation of Chester A. Arthur, President of the United States, I recommend that Thursday, the 30th day of November, A. He has granted abundant harvests to the husbandman, prosperity to our commercial interests, and general health to all of our people.
For these and all other blessings which have been our portion, I would recommend that upon the day named all secular business be dispensed with, and that our people assemble at their respective houses of worship, and in true sympathy with the purposes of this proclamation give unto God thanksgiving and praise for His mercies.
In witness whereof I have hereunto set my hand and caused the seal of the State of Oregon to be affixed at the Executive Office in the city of Salem, this 7th day of November, A. D. 1881.
