Fisk has received a letter from the reasury department requesting him to collect for the bureau of the mint all informa tion he can obtain regarding mines in Oregon Washington and Idaho Mr Fisk de sires persons familiar with mines and mining of any kind to send at once all information to him to Portland, and he will compile the same in statistical form and forsard to the department.

### Appointed Superintendant.

Dr. H. Carpenter, formerly of Salem but new of Portland, has been appointed by the Board of Commissioners for the State Insane Asylum, superintendant of that institution. Dr. Carpenter is an eminent physician, and having made the taking care of insane patients a study for some time past, is particularly well qualified for the responsible position he has been called upon te fill. We congratulate the Board on their wise selection. He will not take charge of the patients until they are moved to Salem.

Swamp Land Titles. Surveyor General Tolman will be ready in a few days to transmit to the general land office lists of the awamn lands in this state upon which proof has been rendered in the various local land districts, embracing in the aggregate about 30,000 acres. About 25,000 acres of this land is embraced in the Linkville land district. So soon as these lists are verified and approved by the commissioner of the general land office and returned, the agent of the general government and of the state will be ready to examine them. This service will probably require all of next year. After that the titles can

Entertainment for a Public Library. The entertainment to be given next Satthis place, under the supervision of the ladies of Corvallis, should be well and liberally patronized by all good citizens. The a public library in our town. When the library is established it is the intention to place it in a room procured for that purpose under the care of proper hands, where the youth and those in middle life and also those whose locks are whitening o'er with years. may meet and pass the evenings and leasure time in reading and innocent amusement, and where the stranger who visits our town may be able to meet with our people and enjoy the hours pleasantly instead of passing the time in other places not so conducive to the wellfare of society. Something of this kind will likely save many of the growing generation from habits of evil associations and will no doubt effect to cultivate in many habits of study and sobriety.

## Death of Judge Fitch.

C. W. Fitch, county judge of Lane cou y, died at his residence at Eugene at two clock Sunday afternoon. He was born in Luzerne county. Penn., Dec. 1, 1843, moved to California in 1863, and came to Oregon about two years later. He was principal of the public school at Roseburg, and while teaching read law with ex-Gov. brush in the lye-kettle. "No, they are to S. F. Chadwick. He was admitted in 1867, ply," said the foreman. And the s. i. kept and shortly after was married to Miss Nannie Linn of Jacksonville. In 1870 he com; menced practice in Eugene, and has been associated in law with Messrs, Underwood, in 1872, and re-elected to the same office in 1874. He was elected judge of Lane county in 1880. He was prostrated by quick concumption about the first of December. He leaves a wife and two daughters, aged respectively 12 and 9 years. Judge Fitch was a man of great natural talent, and was held in high esteem by members of the bar throughout the state.

## Robbing the Mail.

Postal Agent Simpson has returned to Portland with C. L. Davis, assistant postmaster at Centerville, Oregon, who is chargregistered letter containing \$30 was sent from Portland across the mountains. The transit of the letter was duly signed for at Milton and Weston and from there on all traces of the registered package were lost. In due time the matter was referred to the postal agent who immediately began his investigations. It was conclusively proven that the letter left Weston and hence must either have been mislaid or stolen at Centerville. For a time all attempts to ferret out the matter were of no avail, until a short time ago when suspicion pointed to the assistant postmaster, C. L. Davis. Conclusive evidence was finally worked up against the accused. Davis is a man 30 years of age and has a wife and three children. His family are well-to-do people re. siding in Umatilla and Linn counties, Ore gon. Prior to his working in the postoffice Davis was engaged teaching school in Centerville

## Real Estate for Trade or Sale

Any person wishing to buy city property or a good farm, or to trade a good farm in well to call at the GAZETTE office for some valuable information.

### A Benton County Girl.

We stop for dinner at Mr. Harris' pleasant home [south of Corvallis] and ask Miss M. J. Harris, the daughter of the house, for some notes about the Grange, of which she is "Mistress" at the present time. The Grange hall is near by and is the happy meeting place for the farmers and their families. The life, vigor, and interest shown by the doings here testify to patient continuance in well doing. Would that a similar center of energy were found in every farming district in the State. We read the other day that the Rev. Henry Ward Beecher brought down the house by a pithy sentence of which we are reminded now. The popular preacher had listened with deep interest to a lecture on a sanitary subject by a well-known lady lecturer, and at its close the large audience called on Mr. Beeche for a speech. Slowly rising and pausing till all eyes were on him, and perfect silence reigned, he pointed to the lady who had charmed them all, and said, "And yet she cannot vote !" Is it any wonder that, out here in Oregon, where, from the sparsenes of the population, the forces of individual character and individual influence are so generally acknowledged, the anomaly of the Mistress of the Grange not having at least an equal leverage on popular appointments with that loafer leaning against the post outside the saloon door, should be brought right home to so many thinking people? But this digression touches dangerously on politics: still we will not cut it out, but leave it as a crumb cast upon the waters. Oregon Colonist.

Gillhoulie was late; he had been attend ng the installation and ovster supper of th K. of P. on Monday evening, and did not get home until after midnight. Thinking to retire without disturbing Mrs. G., he crawled into bed and was just congratulating himself when "it broke out" thus :-Well, this is played out. I have held my tongue long enough, now something will be done to stop this racing round nights like an old fool, with your continual tune of 'It is for the good of the order, and they can't get along without me.' Stuff and nonsense Just as if you was a George Washington, and mercy knows you are not if you do celebrate your birthday and chop down cherry trees. So now, mark my word, it you are not home every night after this at nine o'clock I'll feed you on sour mush and saleratus biscuit till you have to have watchers. Do you understand? I'll see i I am to be waked up at all hours of the night with them cold feet of yours. I'll die if he ain't asleep. Oh, these men!"

A Horrible Affair. We have been informed of a horrible affair that happened one day last week on the Siuslaw about five miles below Catwrights, says the Roseburg Plaindealer. The facts as told us are about these: Mrs. urday night, the 30th, at the City Hall in Roork, wife of the Rev. Roork, left home to visit a neighbor who lived near 11 miles away. At a point about equal distant between the two houses she met the neigh bor's dog, and it immediately attacked her, rund which will afford means of establishing threw her down, broke one of her legs and gnawed the flesh therefrom, after which it terribly mangled her breasts and tried to get at her throat, but could not succeed as she firmly clasped her hands over that portion of her body and although they were terribly torn and mangled, she kept it from choking her to death or cutting her throat. The continued cries of the woman was finally heard by the owner of the dog who arrived in time to keep it from killing her outright as she was almost exhausted. He killed the dog and cared for the woman as best he could, but there is little hope of her re-

Mr. A. J. Langworthy, who has been engaged in the mercantile business for the past two years, on last Monday week made an assignment to J.IR. Dawson, manager of the Merchants' Protective Union, for the benefit of creditors. Liabilities between \$4,500 and \$5,000, and assets about the same. His indebtedness is chiefly in Portland, and principal creditors are: White, Goldsmith & Co., Allen & Lewis, Ladd & Tilton, Mooney & Valentine and Akin, Selling &

## Reversing Channels of Trade.

A well known mill owner of Umaticla county recently applied to the O. R. & N. Co. for rates on wheat from Portland to Umatilla, saying that the supply of grain in his section beyond that required for seed was exhausted. On account of increased immigration, the requirements of new ground for seeding, the consumption by milroad hands and new settlers who are not vet producers, it is not unlikely that the Willamette valley surplus will have to be drawn on before next harvest.

## Lecture.

Mr. Wm. Rubell, of Polk county, will eliver a lecture at the City Hall on next fuesday evening, entitled "By Land and Sea," descriptive of his travels for the last seven years, including five years service in the British army, covering the two memo rable campaigns in the Afghan war. Mr. Rubell has delivered this lecture in several of the valley counties, and it is well spoken of by the press. Admission 25 cents.

## Horses Dying.

It is reported that a great many horses elonging to the R. R. Co. have died at the ront recently with some new disease un known to our horse men, says the Plain lealer. Our informant was unable to give us the symptoms or diagnosis of the case but it appears to have proved very fatal there as no less than twelve fine horses were dead in one camp.

## A Valuable Book Fremium.

To every new subscriber to the GAZETTE between now and the first of next Apri who pays \$2.50 in advance we will give one of Dr. B. J. Kendalls & Co's Treatise on the horse and his diseases free. This is a nice book in pamphlet form containing over ninety pages and treats thoroughly of the diseases of the horse and the various remedies which cure those diseases. This is a rare hance to get a valuable book.

Elmer Bethers, a young man of 19, and Miss Laura Porter, aged 15, daughter of Mr. Isaac Porter, all residing near Philomath, eloped on Sunday evening. They went to Junction Sunday night, as was earned on Tuesday, reaching that place after an all-night's ride. A young man named Bohanan took them to Junction with his team. A warrant was issued on Monduy for their arrest, and the same was telegraphed to the Sheriff of Douglas on Wednesday, as they had gone south, and were expected at Roseburg that evening. The runaways were arrested at Roseburg Wednesday evening, and Sheriff Purdom brought them to Albany yesterday, where they were met by Deputy Sheriff John Lewis and rought to this city.

Knights of Pythias. On last Monday evening the installation f officers in the order of the Knights of Pythias was indeed an enjoyable affair. Messrs. Geo. Hoschsteder and Henry Clark, of Albany, assisted in the installation and after the transaction of other business the lodge repaired en masse to the Vincent house, where a palatable lot of refreshments were served, and spent the butt end of an nour in general enjoyment. The following is a list of the officers installed: V. R. Hyde C. C., B. F. Irvin V. C., Wm. Mansfield P. C., W. H. Lesh Prelate, S. T. Jeffreys M. of E., W. C. Campbell M. of F., W. P. Keady K. of R. and S., D. Osburn M. at A., C. D. Rayburn I. W., Jesse Spencer O. W.

### Distressing Accident.

Mr. Wm. Pratt, a workman engaged Moor's pile driver at Max Friendley's mill, was severely wounded on Wednesday, The massive hammer in decending struck a block of wood, which flew up with terrible force, striking Mr. P. a glancing blow on the head, knocking him senseless. Medical aid was promptly summoned, and the wounded man properly cared for. He was getting along nicely yesterday, and will loubtless be all right in a few days.

## Legion of Honor.

On last Tuesday evening the following officers elect of Corvallis Council No. 1055 A. L. of H. were installed by T. J. Buford

Mrs. Minnie E. Lee Commander, Mrs. L. A. Dennick V. C., T. J. Buford O., B. J. Hawthorn P. C., V. P. Lyman Secry. F. S. Mattoon Collector, G. W. Kennedy Treas. Mrs. J. T. Vincent Chaplain, J. H. Smith Guide. J. H. Hanson Warden, H. L. Holgate Sentinel.

### The Alaska Trade.

The Sunday Welcome says that a combination of capitalists will be made ere long with headquarters in Portland, to contro the entire business of Alaska, and make it tributary to that city. The organization will be composed exclusively of experienced

journal for the college.

Mr. T. G. Hendricks will build a two tory brick building in the spring to be occupied by the new bank. Mr. W. T. Camobell will also build in connection with him a two story brick.

## From the "Times."

Editor Times :- Seeing an article in you paper last week from Arnold Parker, I was pressed with the earnestness with which he appeals to you to continue to enlighten the world in regard to the means by which he was so miraculously cured of rheumatism and hip-joint lameness by using Kendall's Spavin Cure. The article to which he alludes by Dr. Bates, impressed me so favorably with the real merits of this remedy that I tried it also for several blemishes or my horses and found it the most perfect cure I ever tried for spavins and other blemishes, as it completely removes the enlargement in every instance by continuing its use for several days after the lamenes has subsided. The perfect success I have always had with Kendall's Spavin Cure led me to use it on my own person, and for all the family with the very best results as a family liniment. While several of the cures made by it has been almost miraculous, none have been more satisfactory than several cures which I made with it of foot rot and also sore teats as well as warts on teats of cows. I consider it a sure cure for sore tests or foot rot in either cows or sheep With the satisfaction this remedy has always given in every instance, I cannot refrain asking with my friend Parker that you continue to make known to the world this, the greatest discovery of the nineeenth century.

# JAMES A. CAMPBELL.

Herkimer, N. Y., Sept. 10, 1881. The above letter, with one published last week, encourages us in our efforts to make our paper one of the most valuable journals in the country and to all our patrons, and we now ask others of our readers who have been alike benefited by the letter published one year ago from Dr. Bates, that they send us for publication, statements which they may wish to make for the benefit of others.

# WILCOX-At Philomath, on Monday, Jan 22, Mr. Stephen M. Wilcox, aged 64. GRIMSLEY-In this city, on Wednesday, Jan. 24, Mrs. John Grimsely, aged 81.

MURDER AT JUNCTION.

## Dr. Brownlee Shot and Killed by Harry

On last Friday Dr. Brownlee and Harry Abrams, of Junction, became engaged in an altercation which resulted in the death of Brownlee. The inquest was held on Saturday. There appears to be two versions to the affair, one being that of Abrams, who testified as follows: Brownlee came into our store Friday eve

the stove and said "How do you do?" I asked "Where have you been?" He answered, "Out hunting." I then asked, in a ocular way, "With a friend?" and related an anecdote. I noticed Brownlee was considerably intoxicated. He walked to the show case on the right side of the store, called me to him and said in a low tone, "I have trouble with the Pitneys and want to buy a self-cocking pistol. I have one in my pocket but it don't suit me." I answered: "I have none to sell except the kind you see in the show-case;" also said, Doc. what seems to be the matter between you and the Pitneys " Brownlee said, "They and their women have been talking about me, and I intend to kill them." I replied, "Doc. they are not desperate men. I will see them and try to settle the matter for you." He answered, "If you have money or books in the store take them home, for I am going to burn the dammed town up." I was now leaning with my hand on his shoulder, He pointed his finger at me and said, "Damn you, I intend to kill you, sir, I can make you get down on your knees to me."

I said, "Yes, Doc, you are a stronger man and can handle me." The conversation now became louder. I said, "Doc, you don't want to whip me. What have you against me?" and tried to move towards where Baber sat. Brownlee stopped me, put his left hand against my right pocket, in which was my hand, as if searching for a weapon, at the same time striking me in the pit o the stomach, as if stabbing me. I grabbed his left hand while he grabbed me, and threw me. I hallooed to Baber to take him off. Baber took hold of him and said, "For God's sake, Doc, don't strike him." Father now came in, and said, "Don't kill him. Doc." I then got up and tried to get past them to get something to defend myself with. Father said, "For God's sake, Harry, run or he will kill you." Doc said, "I will kill my best friend." After getting two pistols, and putting one in each coat pocket, I started for the front door, intending to run into the street and escape from him. He then ran towards the front door on the opposite side of the stove, behind the counter. When he came to the end of the counter he grabbed some rustic frames and struck me two or three times before 1 commenced to shoot. He then dropped the frames, came towards me and threw me against the front of the building. He continued to advance and I continued shooting until six shots were fired, I thought Brownlee was armed, as he usually is, and I shot thinking

my life in danger. The other story, and upon which the coroner's jury appear to have acted, is the folowing statement, made at the inquest on Saturday by C. C. Baber, an eye-witness:

When he went into the store Abrams and Brownlee were standing up by the counter with their arms around each other and conversing in a low tone and friendly manner. In a few minutes Abrams said to Brownlee: "You are not mad at me, are you, Doc?" Brownlee laughed and said "no." They then took hold of each other playfully. Brownlee threw Abrams sideways against the middle counter. Abrams said: "Kit. (meaning Baber.) don't let Doc hnrt me. Baber put his hands on Brownlee and let oose. Abrams was laughing and went to the stove. Abrams then got angry, and at this juncture his father came in the store. He and Baber tried to pacify Abrams, but he went back and got a hatchet, starting towards Brownlee. Baber took it from him. Abrams then went behind the counter to a desk and took out a revolver. Brownlee started towards the door and got to the end of the counter, when Abrams fired twice. Brownlee fell to his knees and elbows. At the third shot he went to the floor. Then Abrams stepped back one step and fired three times, the six shots all taking effect. He then went to the front door, waving his revolver, and said he was a "thoroughbred.

The jury returned a verdict to the effect that Dr. J. G. Brownlee came to his death by pistol shots fired by H. W. Abrams, and that feloniously. Abrams was then mmitted to jail without bail. A prelimnary examination was had Tuesday, and it is quite certain that the findings of the coroner's jury will be sustained. The funeral of Dr. Brownlee took place at Junction City on Sunday and was largely attended. The body was buried at Eugene.

The Usual Thing at the Front. A special to the Oregonian from Weeksville, Montana, January 22, says: Last week a plan was laid to rob Wells, Fargo & Co.'s express. The plan was to shoot the "shotgun" messenger, Joe Weisenberg, and then have things their own way. It so happened the train in question was not the express train. While Engineer Henry Chase was in their caboose one of the wouldbe robbers pulled his revolver intending to kill Chase, whom he mistook, for Weisenberg. The robber in pulling his revolver accidently discharged it into his own foot. This of course stopped business for the

Saturday night the vigilants proceeded t Thompson River and cleared the place of roughs. They then proceeded to Sand Point, where they found two of them nicknamed "Dick the Barbar" and "Ohio Dan." These two they brought within ten miles of here and hung them to trees. Both made confessions, stating they were guilty and had committed enough depredations to have been hung long ago.

Last night Ed. Enwright, was shot dead

by a carpenter named Blakesley. Enwright had been noisy all day and full of whiskey owing to his mistress being ordered out of town. His last fuss was with Blakesley, whom he struck on the head with a revolve er. Blakesley pulled his gun and fired forehead and the other in the neck. Blakes-

ley is a temperate and industrious man, never quarreling. The comman verdict is that it was a justifiable homicide.

## COOS BAY R. R. BOOM.

The Road Will be Built and no Mistake. The Roseburg Plaindealer of last week says: We learn from the secretary of the O. S. R. W. & T. Co. that active progress is being made towards the building of the Coos Bay railway. The entire 40,000 shares of stock representing a capital of \$4,000,000 has been subscribed and stock certificates ning, between five and six; came back to therefor issued. Messrs. Capt. Gilmore, Crane and Fry, parties interested in the building of the road, from San Francisco are now in Coos Co., looking after the interest of the company. News from the San Francisco stockholders is very decided that they mean business in this enterprise and that the work of construction will surely commence next summer. The flattering prospects of this road, we are informed, has already created a commotion in the coal and timber land markets of Coos Co.

> The people of Douglas and Coos counties have certainly amply reasons for congratulating themselves on the future of their res-Pective counties, as this road will develop some of the richest portions of Oregon and be the means of bringing a diversity of new industries in our yet wild regions of coun try which is rich in coal, iron, and other valuable minerals and finest timber in Oregon. All that has been lacking heretoforto insure the growth and progress of Coos and certain parts of this county has been the means of ingress and egress, which this railroad will now provide for the country. This company ought to receive all the encouragement it is possible for the people of Coos and Douglass to give them. All ob. structions or impediments of any kind tending to delay or hinder the progress of this enterprise should be removed so far as it is in the power of the people. Jealousies may arise, as is generally the case, when a new and important enterprise is to be initiated into a county. Any such efforts should be strenuously opposed by the people who will be so richly rewarded by the construction of this road as the entire population of Southern Oregon.
