The enterprise will be rushed to its completion at once.

Possil Remains at Yaquina.

The Post says: The late heavy tides ashed out some mammoth bones, among which was the lower jaw, part of the cranium, leg bones and ribs; the jaw measured nearly five inches across, and some of the testh are whoppers. Among the remains are a lot of colored beads and brass buttons, indicating that the old rooster had swallowed a soldier and thus suicided. The remains are probably those of a yellowlegged rooster that was demolished by the early missionaries, and the trinkets some that were potlached to the aborigines. The bones are said to be of normal size, but look immensely large to the Post man, who is afflicted with an "enlarged" vision, superinduced by his late fast while awaiting the arrival of two schooner loads of pro-

Fish Commissioners.

Under the law passed at the last Legislaare appropriating \$5,000 for the purpose of erecting a fish ladder at the Oregon City falls Gov. Moody has appointed Wallace Baldwin of this City as commissioner to carry out the objects of the bill.

The object of the bill is to erect suitable ladders at the Oregon City Falls, which will enable the fish and more particularly salmon to get above the falls where the fish may find places to lay and hatch their young unmolested by the ocean of nets that fill the lower rivers. And also that people above the falls may be able to occasionally catch fresh fish nearer to their own households. The law if it will work the object intended will certainly be a good one. This, however, remains to be tested by actual ex-

Above the Clouds

On last Saturday evening the entertainment given under the auspices of the Womans' C. T. U., for the purpose of raising brary and reading room, was exceedingly well attended. The singing and recitations during the fore part of the evening were quite pleasing, while the drama entitled "Above the Clouds," was produced very creditably under the circumstances. The caste was composed entirely of amateurs, many of whom appeared on Saturday evening for the first time and nothing very startling could be expected. It is nothing more than justice, however, to say, that several characters were taken very well. Financially the entertainment was a success as nearly a hundred dollars was taken in and it is to be hoped that the laudable purpose for which the entertainment was given will be no less successful.

The State Seal.

Every engraving of the State Seal of Oregon that we have seen in print bears date of 1857, which is two years earlier than the admission of the state into the Union. The Constitution was framed by convention chosen at the general election on the first Monday in June, 1857. The Convention met at Salem on third Monday of the following August, and adjourned is September. The constitution was submitted to a vote of the electors of the territory on November 9, 1857, and was adopted by a vote of 7.195 to 3.195 against it, On Feb. 14, 1859, the act of Congress admitting Oregon into the Union with this constitution was approved by the President, from which time it was deemed to have become state. From the time of the formation of the constitution until the admission, the territorial government continued in full force and authority. The great seal in the Secretary of State's office bears the proper date-1859.

Mrs. Gillhoulie.

She came bouncing through the sanctum door like a cannon ball, and without pans ing to say "How d'ye do?" she kicked over the spittoon, brought her umbrella down with a mighty crash, and shouted: "I want you to stop Mr. Gillhoulie's paper. "All right madam," we smilingly replied, "Stop it right off, too," she persisted whacking the table with her clinched fiat and poking her umbrella uncomfortably close to our proboscis. She quieted down for a moment as we ran our finger down the list of names, and when we reached Mr. Gillhoulie's and scratched it out she said: "There! now, mebbe you'll do as you'd orter after this, and not go prowlin' around other people's premises a lisnen to what at body says to her old man when he comes crawling in with his cold feet in the dead hours o the night. I'll learn ye something, so I will, and don't you forget it. Mr. Gillhoulie is a gentleman if he does stay out late at the lodge sometimes, and I want you to know that he's sent to Niyork for a pair of electric pads to wear in his boots to keep his feet warm, the old spalpeen, and its that same sour mush and saleratus biscuit that makes him come to taw, you hear me, and of our father. Stephen M. Wilcox, who died I want no more nonsense about it-now do after a short illness with plurisy and pneuye's mind that?" We smiled, and the old lady rushed out as rapidly as she came in.

The United Youths.

The elopement of Elmer Bethers and Miss Laura Porter from near Philomath about ten days ago, and of which mention was made in the GAZETTE last week, has been permanently settled. The young couple took a southeasterly direction from here and arrived at Roseburg after a two days journey, where they sought protection under the strong arm of the law and were united in holy bonds of matrimony by the Rev. John Howard of that place. The happy couple spent the night together at the hotel and expected to return to their old haunts near Philomath the next day and settle down to enjoy the stern realities of connubial bliss, but on a telegram received by Sheriff Perdom they were both arrested and the young man escorted to other quarters, the guest of Douglas county, while the young lady was persuaded to sleep alone at the hotel. They were returned by the proper authorities to the "home of their childhood" and young Bethers gave bail to appear and answer the charge arrested for On last Tuesday the accused appeared at the place appointed, assisted by proper counsel, to defend himself, but as the prosecuting witness failed to appear young Bethers was discharged. We understand that the young husband and wife have settled down to enjoy the real blessing of wedded life, and although their launch has been rough and rugged, it is to be hoped that their troubles are over and that they may skim across the matrimonial sea with tavorable wind always blowing in the right direction.

Yamhill Beats the World.

A rather amusing incident is told as having occurred recently at a church in Yamhill county, not many miles from McMinnville. The clergyman, it would appear, desired to call the attention of the congregation to the fact that it being the last Sunday of the month he would administer the rite of baptism to children. Previous to having entered the pulpit, he had received from one of his elders, who, by the way, was quite deaf, a notice to the effect that as the children would be present that evening, and he had a new Sunday-school book ready for distribution, he would have them there o sell to all who desired them. After the ermon, the clergyman began the paptismal notice thus: "All those having children and desiring to have them baptised will bring them this afternoon." At this point the deaf elder, hearing the mention of children, supposed it was something in reference to his books, and rising said: "All of those having none, and desiring them will he supplied by me for the sum of 25

A Cow Creek Scene. The Roseburg Independent tells about John Abbot, who has been carrying on the saloon business near tuunel No. 3 on the extension of the O. & C. R. R. on Cow creek, and says that on last Tuesday a peron named Ruddy who claimed to be entitled to the possession of the premises by virtue of some agreement, entered and persuaded the barkeeper, with a cocked revolver to vacate. Abbot went to the scene of the difficulty to settle the matter, when he was induced to leave by the same terrible argu. ment. Abbot, who was unarmed, accepted the situation and went to a neighboring camp to prepare himself to defend his property. On his return the whole plant was in ashes, although it is said that the liquors were so baily frozen they would not burn. The matter will be the subject of a judicial investigation, but no arrest has as yet been

Drowmod. Jerry Lewis, of Prineville, was dorwned last Saturday in a swollen stream beyond fifteen mile creek, in Wasco Co. He drove into the stream with four horses and a loaded wagon. The leaders got disarranged and Mr. Lewis got into the water to cut them loose when it is thought one of them kicked him on the head knocking him senseless. He leaves a wife and several children at Prineville. He is supposed to be the same Jerry Lewis who fermerly lived in this county on the farm now owned by Mr. John Benson about six miles north of Corvallis.

High Water. The recent hard rains has put the river on stampede with a general inclination to get on the high shelf. At the time of going to press the water according to the government gage at Blairs wharf was 221 feet above low vater mark and still rising. News from Harrisburg indicate that it commenced falling at ten o'clock yesterday and about ten hours after that time it will begin to recede here. The weather having turned cold will cause it to fall rapidly when it starts.

Severely Sick.

The many friends of Dr. J. B. Lee of this place will regret very much to know that he has been very sick for several days, having first been taken with a severe attack of neuralgia which has afflicted him about the eye so badly that for a time it was feared that he might loose one of his eyes. Later however strong hopes of saving that organ has been entertained. Other complications seem to effect his head which make his case severe and causes him intense suffering. Dr. Sharples of Eugene was sent for and arrived on Wednesday.

Mr. Stephen M. Wilcox, who died at the residence of Mr. Ceo. W. Kisor, in this city on Jan. 22nd, started from his home on Fall Creek in Lower Alsea, Thursday the 18th, as well as usual and in good spirits, riding over the mountain in the night time, arriving at Mr. K.'s about one o'clock Friday morning. The night being the coldest of the season, he became thoroughly chilled and was taken sick soon after his arrival, and continued to gorw worse until the hour of his death. His son-in-law Mr. R. V. Trembolm, was sent for and arrived the evening before his death. The remains will be taken to Alsea valley and entered in the cemetry there. Mr. W. was a native of Canada and come to Oregon in the year 1851. He leaves a daughter, an only child, and a large circle of friends who mourn his loss. He sank into his last sleep as peacefully as a child.

J. E. Grier and Miss Mary Jane Taylor Moore, Chas S. both of this valley, were married on Jan. 25th, by Justice Seely at the residence of the brides parents. After the ceremony was over and congratulations said, a bountiful repast of all that was good was served, our plates being overladen with chicken, cakes, tarts, &c., &c. After partaking of all we feltable, we adjourned to another room, and all of the many friends who felt so disposed engaged in dancing. Then after a few hours exercise, the table was again spread with good things. Being thus often refreshed the dancing continued til broad day-light. Upon a whole it was pleasant affair, and I think a more kind and genial people cannot be found than there is in Alsea Valley. May peace and prosperity ever attend the happy couple.

A portion of the winter the mail has been late being af . ter dark in passing here, but lately they are making up for it as one week ago to-day it presed at one o'clock leaving a score for more of letters behind. This is the reason you did not get some items for the last saue; it may have the effect to learn us to have our letters ready in the fore part of

he day. The revival in progress here closed oue week ago to-night with entisfactory results, nearly a score have joined the church and here are as many or more which will at an early day we think. Also a meeting has been held in Blodgets valley at a school house near Hiram Woods, 13 conversions. Class of 12 members organized. Meeting closed la t Sunday night.

Remaining unclaimed in the Postoffice at Corvallis, Benton County, Oregon, Friday. Feb. 2, 1883. Persons calling for the same will please say "advertised," giving date of the list. LADIES' LIST.
