Music for Everybody. MERRILL'S

INGENIOUS METHOD

(COPYRIGHT SECURED.) For starting children and others in the culfor starting charters are true of Music. It overcomes the drudgery of learning the elements of Music by pleasof learning the elements of Music by pleasant amusement. This new method teaches you all about the Musical Staff, Degrees of the Staff, Clefs, Notes and Rests, Scale, Intervals of the Scale, Location of Letters on the Staff, and their relation to the Keys of the instrument (This is very important with children) Flats and Sharps and their use. All the different Keys, how to form Chords or musical words. It teaches the syllables, Do, Re, Mi, etc., in singing. It contains a complete musical catechism. It is MULTUM IN PARVO. All this is learned while the learner is amusing himself by while the learner is amusing himself by playing familiar tunes. Persons with no MU-SICAL TALENT may play the tunes, as the guide is such that he cannot strike the wrong key. Full directions and four pieces of music accompany the Method. Sent by mail for \$1.00. past twenty years are 50 to 75 feet in hight. Alder timber grows very rapidly along all the water courses, there is no oak timber in the coast alder and immediately on the spruce, with the addition of a few unimportant varieties. The timber, a number of years since, was destroyed by fires, which has left a forest of dead trees which everywhere meets the eye giving a mountainous appearance to the country. These dead trees are decaying and are now rapidly disappearing. These fires reach from the Summit to the coast and extend for miles along the coast. These fires while

they have destroyed immense quanti-

ties of timber have opened the country extends from the north boundary of for settlement. The precinct is but sparsely settled the county near the Siletz river, south he population being almost entirely to Tide Water and east and west from confined to the Yaquina river, being a a line north and south from the mouth little over 100. The above quotation from the New

York Tribune is causing considerable

commotion, as it seems to lift the cower from a subject that has become of National importance. The alarm-An Arkansaw politician was ap- ing increase of kidney diseases; their proached by a man who said, "Colon- insidious beginnings and frightful el, please give me a nickel, I want to endings and the acknowledged incross the river." "Haven't you got ability of physicians to successfully a nickel?" "No sir." "I won't give cope with them may well awaken you one. A man who hasn't a mickel the greatest dread of every one who s just as well off on this side of the has the slightest symptoms. It is river as the other. Now if you had fortunate, however, that the surest money enough to establish yourself relief is often found where, possibly, in business after crossing, I'd give least expected, and that there is a you a nickel. As it is, you'd better specific for the evils above described we have come to fully believe. Within the past two years we have frequently seen statements of parties claiming to have been cured of serious kidney troubles even after hope had been abandoned; but in common with most people we have described them. Quite recently, however, a number of prominent and well-known men have come out voluntarily and stated over their signatures that they were completely cured by the use of Warner's Safe Kidney and Liver Cure. Most people lieve been aware that this medicine has an unusual standing and one entitling it to be classed above proprietary articles generally; but that it had accomplished so much in checking the rayages of kidney disease is not so generally known. Its great worth has

The above may seem like an ultra endorsement of a popular remedy
