Kendall's Spavin Cure.

Hamilton, Mo., June 14th.
B. J. Kendall & Co., —Gents:—This is to certify that I have used Kendall's Spavin Cure and have found it to be all it is recommended to be and in fact more too; I have removed by using the above: Callous, Bone Spavins, Ring-bones, Splints, and can cheerfully testify and recommend it to be the best thing for any bony substance I have ever used and I have tried many as I have made that my study for years.

Respectfully yours, FROM THE ONEONTA PRESS, N.Y.

Oneouta, New York, Jan. 6th.
Early last summer Messrs. B. J. Kendall & Co., of
Enosburgh Falls, Vt., made a contract with the publishers of the Press for a half column advertisement
for one year setting forth the merits of Kendall's
Spavin Cure. At the same time we secured from the
firm a quantity of books, entitled Dr. Kendall's
Treatise on the horse and his Diseases, which we are
giving to advance paying subscribers to the Press as
a premium.

giving to advance paying subscribers to the Press as a premium.

About the time the advertisement first appeared in this paper Mr. P. G. Schermerhorn, who resides near Colliers had a spavined horse. He read the advertisement and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in accordance with the directions, and he informed us the week that it effected such a complete cure that an expert horseman, who examined the animal recently could find no trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases, which he prizes very highly and would be loth to part with at any price, provided he could not obtain another copy. So much for advertising cliable articles.

DR. B. J. KENDALL & Co., Gents :—I think it my Dr. P. J. Kendall & Co., Gents:—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion, worth \$4000 which had a very bad spavin and was pronounced by four eminent veterinary surgeons, beyond any cure, and that the horse was done for ever. As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the horse is as well as ever. Dr. Dick of Edinburgh, the eminent veterinary surgeon was an uncle of mine, and I take great interest in assisting his profession.

Kendall's Spavin Cure
ON HUMAN FLESH.
West Enosburgh, Vt., Feb. 15th, 1881.
Dr. B. J. Kendall. & Co., Gents:—Several months
ago I injured my knee joint which caused an enlargement to grow the size of a large walnut and
caused me very severe pain all the time for four or
five weeks, when I began to use Kendall's Spavin
Cure with the most satisfactory results. It has entirely removed the enlargement and stopped the
lameness and pain. I have long known It to be excellent for horses but new I know it to be the best
liniment for human flesh that I am acquainted with.
Yours truly, Yours truly, T. P. LAWRENCE

Kendall's Spavin Cure Is sure in its effects, mild in its action as it does not bilster, yet it is penetrating and powerful to reach every deep scated pain or remove any bony growth or other enlargements, such as spavins, splints curbs, calous, sprains, swellings and any lameness and enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.
