More reports his father's health as gradually improving.

A SINGULARLY FATAL ACCIDENT.

A Young Man Jumps From a Third Story Window—Resulting in Death.

A very singular accident happened last Wednesday evening. Mr. Thomas Alexander, youngest son of J. C. Alexander of this county, came into the Occidental hotel between eleven and twelve o'clock and engaged a bed. The party who put him to bed, thought it was about a quarter to 12 o'clock. He noticed he had been drinking a little, but thought nothing of it, because he went off to bed without any difficulty, occupying a room in the third story of the hotel in the southwest corner of the building. At about half past twelve Marshal Hogan, who serves as night watch for the bank, was just opposite of the hotel and immediately across the street, heard the window of the room occupied by the unfortunate man raise and immediately following he heard a dull heavy thud as if something fell on the sidewalk. The Marshall immediately proceeded to the opposite side of the street under the window where Mr. Alexander had been sleeping, where his body was found lying and him in an insensible condition. Various theories are advanced as to the motives which led to the accident. Some are inclined to advance the idea that after going to bed he became sick at the stomach and raised the window to vomit and had lost his balance and fell out of the window. This theory appears very reasonable except that there was no sign of any vomiting having been done. Others think that after going to bed he had been dreaming some frightful dream and had jumped out of bed and rushed to the window and raised it while yet asleep and jumped out before he knew what he was doing. The latter theory looks quite reasonable when we are informed that his brother says that he has long been in the habit of getting up nights and walking in his sleep. But still no one will ever know what led to the fatal fall. Many rumors are on the street as to the deceased having been in the continental habit of dissipating for some time past, but in conversation with J. W. Rayburn, with whom deceased had slept every night for the last ten or twelve nights, until the night of the accident, we learn that such is not the case. Mr. Rayburn says that during all that time deceased had been going to bed early in the evening and was not under the influence of drink. Mr. Rayburn also states that deceased had for some time passed been settling up his business here with the view of going to Washington Territory to remain permanently and that he had got all matters arranged and intended to start yesterday morning to near Watsburg, W. T. We believe deceased was in this county almost adjoining Corvallis, and was about 29 years of age, was educated here and a graduate of Corvallis Agricultural College. He had a good education was a good historian and well read generally. He read law in this town and was admitted as an attorney at the December term of the Supreme Court of this state in 1877. He had a very kind, generous and pleasant disposition, being one of those kind of persons at whom no one could hardly become offended. He was a man well informed and had plenty of good sense; but he did not seem to have a particle of that will power which drives so many men along vigorously through life. His sudden departure will be sadly regretted by all who knew him. He was an Old Fellow and we learn that the funeral will take place under their supervision.

ALBANY ALWAYS AMBITIOUS.

On last Monday evening the Corvallis fire department received the following challenge from Albany: "ALBANY, OR., MAY 29, 1883. CHIEF CORVALLIS FIRE DEPARTMENT. DEAR SIR:—By request of the committee of general arrangements, I hereby challenge a picked nine from the Corvallis fire department to play a like nine of the Albany department a match game of base ball, the same to be played in this city at the celebration the coming 4th of July, for a prize not yet decided upon, but which will probably be a silver bat. Please consider the above with the 'boys' and let me know as early a date as possible, whether or not it is accepted, and oblige. Yours very respy. C. W. WATTS, Sec. Com."

Accidental Shooting.

A case of accidental shooting, which probably will prove fatal, occurred at the residence of Ben Rush at Elk Prairie, eighteen miles west of this city, Thursday, says the Eugene City Guard. A Mr. Harper, of Brownsville, with his son, aged about 20 years, had been down on the Sitslaw looking at the country. Coming back, they stopped at Mr. Rush's for supper, and when watering their horses at a creek one of the horses jerked back, in some manner catching the hammer of a rifle carried by the elder Harper, discharging the same, the ball, a 40 caliber, entering the person of his son about three inches below the shoulder blade near the back bone, and coming out about one and one-half inches above the left nipple. At last accounts the young man was still alive, but the chances are against his recovery.

Tunnel Work.

Work upon the approaches of the Skiakou tunnel is to begin at once, says the Ashland Tidings, and Mr. Harburt received orders last week to have such lumber as is needed at the start sawed and a hundred Chinese are expected to arrive this week to break the ground. This tunnel will no doubt be the last piece of work completed on the whole extension, and it of course behooves the company to begin upon it as soon as possible. It is understood here that the company will conduct the work at each end of the tunnel until everything is ready for the perforation to commence, when one or both halves will be placed in the hands of contractors. It will require more than a year to complete the tunnel.

Accession to the Yaquina Post.

We are creditably informed that Col. Van Cleave, editor in chief of the Yaquina Post, having spent a great many years in good work and well doing, concluded best to have some assistance in editorial efforts. In order to have such help as would suit him best, he therefore concluded to take a young boy and train him up according to his own notion. To find such a boy was the next important effort. Not being satisfied to rely entirely upon his own judgment he secured the assistance of Dr. E. A. Johnson of Newport, who arrived at Mr. Van Cleave's residence last Sunday morning and after shaking the bed clothes somewhat vigorously, cut rolled a "fat take" in the shape of a fine large boy. He is rather young yet to take charge of the Post, but a few years will bring him into the traces all right.

No More Sick Headache.

For persons of delicate health and nervousness, hear what an eminent lady lecturer says: "Having suffered from nervous headache for some time, and not finding any relief from the treatment of our best physicians, I tried Pfander's Oregon Balm. One dose of this remarkable remedy gave immediate relief, and a few bottles of the same cured me so far. I can recommend it especially to ladies suffering similarly."

Miss Willard's Appointments.

Sunday evening, June 10, Astoria. Monday, " 11, Portland, reception. Tuesday, " 12, Eugene City. Wednesday, " 13, Albany. Thursday, " 14, Corvallis. Friday, " 15, McMinnville. Saturday, " 16, Portland. Sunday, " 17, Salem. Tuesday, " 19, State Convention of Oregon of Portland.

Appointments in Washington Territory.

also east of the Cascade mountains in Oregon, will, after the convention, and will be announced as soon as determined. After completing these engagements Miss Willard, accompanied by her Private Secretary, Miss Anna Gordon, will visit and organize in all the leading cities and towns of Washington Territory, British Columbia, Montana, Idaho, Utah, Wyoming, Colorado, Nebraska, Minnesota and Manitoba. This is the tenth year since the organization of the Woman's Christian Temperance Union, and its officers purpose to introduce the Society in every town of ten thousand inhabitants and over, as the best manner of signaling this epoch in Temperance work. The Society is now organized in three thousand towns and cities of the United States, and has seventy-five thousand members as its estimated constituency in 1883. Mrs. Lucas, the sister of John Bright, is President of the British W. C. T. U., and Mrs. D. B. Chisholm, of Hamilton, Canada, is President of the Canadian W. C. T. U. Miss Willard and these are in correspondence relative to a simultaneous movement for such an increase in the number of local auxiliaries as will make this the most notable year's organizing ever known in Temperance annals.

DEAR FRIENDS: Much as we all appreciate the kindness shown to Miss Willard in the receptions every where tendered her and the callers who desire to pay her their respects, we are obliged to say that she can not do justice to these demands upon her time, and strength and justice also to her public work. Will you, therefore, carefully observe the following points:

1. On her arrival let her go quietly and at once to a home where she can remain throughout her stay, not being transferred even for one meal.

2. Let her rest between her meetings, receiving no calls, as she cannot meet our friends in public and in private also.

These suggestions apply in full force to Miss Gordon, who is not well and cannot do more than help and care for Miss Willard. The above is published at Miss Willard's request. Mrs. H. K. HINES, Pres. Oregon State W. C. T. U.

EDITOR GAZETTE:—Agreeable to promise

I will give you a few items. After arriving at the Dalles I took the stage for Yakima City via the Darland Bros. fast line 4 horses to a coach, 12 miles to the top of the bluff from the Dalles, then the driver cracked his whip and away we went down to the John McGowan Valley, where we followed up to Goldendale. Some good farms around the town but all in small patches and rocky; only a small portion of the land is fit for cultivation. We were up in the morning and all aboard for Yakima City. Distance 72 miles. If any of the Corvallisites want an aid to digestion let them try this route over the mountains and if they do not get their bones shaken up then I am no good judge of high and lofty tumbling. We had a long and hard pull to the Summit. I saw J. M. Eglin at the Canyon toll house, changed teams then and went down to the Simcoe mountains with horses on a run, over rocks and across streams, away we go at break neck speed until 2 o'clock P. M., when we arrived at Salas station, ready for dinner. After dinner we went over the sand hills to Yakima Valley, across the Indian reservation, which is a nice level plain, 18 miles across to Yakima City arriving at 6:30 P. M. I took in all of the valley from Yakima City down to the Columbia river and have not seen anything to compare with Benton county. Two much sage brush and sand; some good patches along the river; plenty of bunch grass but this whole region is destitute of timber and water. I traveled 100 miles down the Yakima and did not see one creek or spring. More anon, A. SAGEBRUSH.

Newport Items.

NEWPORT, OR., May 29, 1883. Fish abundant. Delightful weather. Fine breeze for sailing in the afternoons. Wallace Baldwin is here catching crabs. The "D. S. Williams" is loaded and will probably sail tomorrow. Hon. Jas. Chambers is slowly recovering. The "Kate and Ann" is in from Portland this morning, but her propeller got worked with sea weed and she run on the beach about a half mile from Newport. Mr. C. H. Williams returned from Portland, on the "Kate and Ann," where he has been laying in supplies of general merchandise. The Bagley mill property which sold at sheriff's sale was knocked down to Mr. Almonz Case of Newport for \$1400. We are glad to learn that the mill has fallen into energetic hands, as her services are needed here. Mr. N. A. Thompson has laid his fine tract of land between Newport and Cape Fourweather into small lots of two and one half and five acres, for sale at reasonable rates to persons who wish a place to build "a cottage by the sea." This is a splendid opportunity for investment. A. A. SAGEBRUSH.

WANTED.

At all times, live on Tuleburg, Col. I am willing to sell my land for cash. I have 100 acres of land, 100 acres of land, 100 acres of land. For particulars, address John Dixon, Sacramento, Cal. 20-1000.

PRODUCE PRICE CURRENT.

Wheat in Portland 60c, 100 per cent. It may be fairly quoted here as follows: Wheat, \$1.00; Oats, \$1.00; Rye, \$1.00; Corn, \$1.00; Beans, \$1.00; Peas, \$1.00; Potatoes, \$1.00; Apples, \$1.00; Butter, \$1.00; Eggs, \$1.00; Lard, \$1.00; Hides, \$1.00; Tallow, \$1.00; Wool, \$1.00; Hops, \$1.00; Flax, \$1.00; Cotton, \$1.00; Sugar, \$1.00; Coffee, \$1.00; Tea, \$1.00; Spice, \$1.00; Fruit, \$1.00; Vegetables, \$1.00; Fish, \$1.00; Poultry, \$1.00; Game, \$1.00; Miscellaneous, \$1.00.

Suits Agency.

EDITOR GAZETTE:—Hon. James Chambers has been very sick for some time but he is now slowly improving and will be able for business again in a few weeks. Mr. Wadsworth the newly appointed agent has taken full charge of the agency with the following corps of employees, viz: L. F. Williams clerk, F. M. Carter physician, Rev. T. B. White teacher, assisted by his wife; F. M. Stanton farmer, and Miss Anna Chapman (Indian) seamstress. The boarding hall for the present will be under the care and management of Mrs. Stanton and Mrs. Wadsworth superintends the culinary department. The new administration starts out under very favorable auspices. The agent appears to be very much at home in his new and important position. Mr. E. Swan, the retiring agent, has done much to build up and improve the condition of the reservation. He was a firm and true friend to the Indian.

This will be an important era for the reservation.

A large and commodious boarding hall, school house and agency building will be put up this summer. The building will be let by contract. The Indians are evidently making considerable progress in the arts of civilized life and are laying off their old ways and customs and trying to live like white people and be somebody. The hope of the reservation lies in the children and the school. The school with the aid of the bible is the most powerful influence for good ever brought among the Indians. The outlook of the reservation was never so hopeful as now. The new agent seems to have the sympathy and confidence of the people.
