ORVALL al, Ohio, Nov. 25, 1882. Readers of the Commercial can not well forget that a large space has for years been taken up by Kendail's advertisement—especially of a certain Spavin Cure. We have had dealings with Dr. Kendail's many years, and the truth is fully and faithuils proven not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English languagelis not capable of recommending too highly. Kendail's Spavin Cure will cure spavins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person confines the usefulness of this celebrated medicine to curing spavins alone, they make a big mistake. It is the best medicine known as an outward application for rheumatism in the human family. It is good for pains and aches, swellings and lameness, and is just as safely applied to men, women and children as it is to horses. We know that there are other good linaments, but we do believe this spavin cure to be far better than any ever invented.

ADAMS, N. Y., Jan 30, 1883. Dr. B. J. Kendall & Co., Gents: Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for me. Two years ago I had as speedy a colt as was ever raised in Jefferson county. When I was breaking him, he kicked over the cross bar and got fast and tore one of his hind legs all to pieces. I employed the best ferriers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kenndall's Spavin Cure, and it took the bunch entirely off, and he sold afterwards for 31800 (dollars). I have used it for hone spavina and wind galls, and it has always cured completel, and left the leg smooth. It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Witherington & Kneeland's drug store, in Adams the other day and saw a very fine picture you sent them. I tried to buy it but could not; they said if I would write to you that you would send me one. I wish you would and I will de you all the good I can. Very Respectfully, E. S. LYMAN. Hastings, the well known horseman of San Francisco, in the year ending 1880, we had a young horse two years old that contracted a bone spavin and seeing your liniment known as Kendall's Spavin Cure advertised, upon my own responsibility I commenced using it and within thirty days from that time and after having used only three bottles the spavin was removed entirely, and therefore I naturally have the utmost confidence in its merits. I do not hesitate to recommend it to all who have occasion to use the medicine and should any one desire to confer wi me I shall be glad to answer any communicatic relating to the case in question. Messra J. B. Kendall & Co., Gente:—Through the recommendation of a friend about a year ago, I was induced to give your Kendall's Spavin Cure a vital and I am pleased to say that I was fully satisfied with the results. I used it in several instances upon splints, which after a few applications were entirely removed. I also used it ou a spavin with the same results. The medicine has grown in popularity in this vicinity in the past few months and what is asid here to-day I believe is put out upon its merits.
