

Entered at the Postoffice at Corvallis Oregon, as second-class matter

EDITED BY M. S. WOODCOCK,

OFFICIAL PAPER FOR BENTON COUNTY

THE GAZETTE.

To all of our subscribers we ask to carefully note the great improvement in the Gazette during the last year, and after reading it carefully hand a copy thereof to some friend or neighbor who is not taking it, and who needs a paper, and ask them to subscribe.

A man should subscribe for a newspaper just exactly for the same reason that he buys a dollar's worth of coffee, or transacts any other kind of business.

The Salt Lake Herald, a Mormon organ, regards that part of President Arthur's message relating to the Mormon question as meaning much harm to the cause of polygamy if Congress should adopt the president's recommendations.

U. S. Senator Tary, also member of the Republican National committee, proposes to change the basis of representation from the several States to the National Republican convention so that each State may have four delegates at large, each district one, and one additional for each 10,000 votes within its limits in 1880 for presidential electors, and one delegate for each fraction of such 10,000 votes over half thereof.

It is claimed that senator Sumner will introduce in the present Congress a bill on the subject of a postal telegraph. It provides for a fourth assistant postmaster general to take charge of the service who is to be an electrician.

The Danville riot was the result of a plot to intimidate the colored people and drive them from the polls throughout the State. In the face of the testimony before the public it is no worth while to deny the plot.

Hostetter's Stomach Bitters has given the most positive aid to eminent physicians, and has long occupied a foremost rank among proprietary remedies. Its properties as an alterative of disordered conditions of the stomach, liver and bowels, and a preventive of malarial diseases are no longer doubted, and have been accorded unqualified professional recommendation.

THE VIRGINIA PERFORMANCE.

The Cincinnati Gazette in regard to the recent outrage on elections has the following: "It suits people who do not care to defend or even publish the facts connected with the Virginia outrage, to denounce Mahone, and some of them are comparing him to Butler, of Massachusetts, as if they considered that sufficient to cover up all the sins of the Bourbons, and to atone for the innocent blood shed by the conspirators in their contest against personal liberty, a free ballot and an honest count."

He replenished the Treasury, that had been depleted by Bourbon extravagance. He re-established schools, that the Bourbons had destroyed. He sought to place a schoolhouse on every hill and in every valley, and at the rate he was progressing in this work, in the course of another decade schoolhouses would have been as numerous in Virginia as they are in Ohio, and the traveler could not get beyond the sound of the bell that calls children to study.

Mahone undertook to give the colored people a fair chance; to see that their freedom was not a mere sham, and that their rights under the laws to a free ballot were not denied. The colored people had education enough and sense enough to discover that the party that sought to do them justice was the party that deserved their support, and they naturally flocked to the standard of the leader who gave them free schools, and broke down the whipping-post and the poll tax, and all other impediments erected for the purpose of keeping men who had a right to vote away from the ballot-box.

The Pacific coast members of Congress including Senators Dolph and Slater, Representatives George, Rosecrans, Sumner, Glasscock, Rudd, Henley, Tully and Cassidy, with Senator Miller presiding, held a meeting last Friday to consider and adopt some uniform understanding as to the work for this coast in the present session of Congress. The main question under consideration was the frauds and impositions perpetrated against the Chinese restriction bill by the Chinese government.

Senator Slater has introduced a bill in Congress to forfeit the Astoria and Forest Grove railroad land grant. Rosecrans is applying to Congress for \$1,000,000 to build a post office building for San Francisco.

late election, and the Electoral vote of Virginia would be cast next year for the Republican candidate for the Presidency. To prevent the latter the shot-gun was used, and murders as cold-blooded as they were infamous were committed at Danville, and a reign of terror was inaugurated throughout the State.

The Democratic party has it in its power to put a stop to the outrages that are perpetrated in its name; but will it do it? We fear not. We look in vain to its press for a condemnation of the Virginia outrages, or even for a fair statement of the facts.

It seems ordered that the battle of civilization against barbarism must be fought over again in 1884, and the people who are on the side of the former may as well begin to prepare their ballots.

The Pacific coast Senators and Representatives in Congress are decidedly of the opinion that the president's late message does sufficiently condemn the acts of the government officers of China in issuing fraudulent certificates in violation of the Chinese restriction act.

It is said that Representative Parsons of Illinois, intends introducing a bill in Congress for the forfeiture of 50,000,000 acres of unearned land grants of which 15,000,000 acres are claimed by the Texas Pacific Railroad.

Illiteracy is not so much the trouble with the South as it is that the shot gun there is so much used as a predominant means to decide an earnest argument.

Rosecrans is applying to Congress for \$1,000,000 to build a post office building for San Francisco.

Senator Slater has introduced a bill in Congress to forfeit the Astoria and Forest Grove railroad land grant.

HOSTETTER'S CELEBRATED STOMACH BITTERS. As an invigorant, Hostetter's Stomach Bitters has given the most positive aid to eminent physicians, and has long occupied a foremost rank among proprietary remedies.

PATENTS. We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc. We have had thirty-five years' experience. Patents obtained throughout the world in the U. S., CANADA, GREAT BRITAIN, FRANCE, GERMANY, etc.

KENDALL'S SPAVIN CURE. THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. READ PROOF BELOW:

Dr. J. Kendall & Co., Colton, Cal., Oct. 5, 1882. A good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for me. Two years ago I had a spavin on my right hind leg, and it was very large and painful. When I was breaking him, he kicked over the cross bar and got his hind leg on it, and he kicked it so hard that he broke the bone. I used two bottles of your Kendall's Spavin Cure, and it took the bone entirely off, and he was able to go for 2000 dollars. I have used it for horse spavins and wind galls, and it has always cured completely, and left the leg smooth.

From the Akron Commercial, Ohio, Nov. 25, 1882. Readers of the Commercial can not well forget that a large space has for years been taken up by Kendall's advertisement—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and the truth is fully and faithfully proven not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that it is a very valuable medicine for the human family. It is good for pains and aches, swellings and lameness, and is just as safely applied to men, women and children as it is to horses. We know that there are other good liniments, but we do believe this spavin cure to be far better than any ever invented.

Kendall's Spavin Cure. Colton, Cal., Oct. 5, 1882. B. J. Kendall & Co., Gents:—While in the employ of C. C. Hastings, the well known horseman of San Francisco, in the year ending 1880, we had a young horse two years old that contracted a bone spavin and seeing your liniment known as Kendall's Spavin Cure advertised, upon my own responsibility I commenced using it and within thirty days from that time and after having used only three bottles the spavin was removed entirely, and therefore I naturally have the utmost confidence in its merits. I do not hesitate to recommend it to all with whom it has been used, and medicine should any one desire to confer with me I shall be glad to answer any communication relating to the case in question.

Respectfully Yours, JOHN ROADMAN. Kendall's Spavin Cure. San Francisco, Cal., Jan. 16, 1882. Messrs. J. B. Kendall & Co., Gents:—Through the recommendation of a friend about a year ago, I was induced to give your Kendall's Spavin Cure a trial and I am pleased to say that I was fully satisfied with the results. I used it in several instances upon spavins, which after a few applications were entirely removed. I also used it on a spavin with the same results. The medicine has grown in popularity in this vicinity in the past few months and what is said here to-day I believe is put out upon its merits.

Foreman for City R. R. Co. Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, or least as well as this. Price \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or I will send to any address on receipt of price by the proprietor, DR. J. B. KENDALL & Co., Enobarth Falls, Vt.

SOLD BY ALL DRUGGISTS.
