TELEGRAPHIC DISPATCHES.

The Old Hero Sleeps.

The Victor of Many Battles Gone to His Final Reward.

Mt. McGregor, N. Y., July 23.—General Grant died this morning at 8 o'clock New York time, or 5:15 Pacific Coast time.

The above telegram was received in this city just as we go to press. Flags are at half-mast.

GENERAL NEWS.

HOPS AND BEER.

NEW YORK, July 20.—The statement recently made by some hopmen that the present glut of their market was owing in part to the use of substitutes for hops by brewers is emphatically denied by those gentlemen. Hop dealers show by statistics that if the same amount of hops were put in each barrel of beer as formerly, namely, one and a half pounds, the entire crop of the world would not have sufficed for the amount of beer that has been brewed in recent years. A well known brewer denied this, saying: "A few years ago this state grew nearly all the hops that were raised in the country. Growers were comparatively few, and had a regular monopoly of the business. They dictated prices, and we had to conform to them, for, owing to the heavy tariff, importation then, except for the higher grades of beer, was out of all question. But now immense crops are raised in California, Oregon and Washington territory, and owing to the greater fertility of the soil on the Pacific coast, they can be produced much cheaper there than in the east, and will soon be of as fine a quality in every respect. It is this that makes them so cheap at present—not because we use any less of them, for we do not. There are too many rivals in the brewery business for a man to put an inferior article on the market, and he dare not make anything detestable to health, even if so disposed."

THE MICHIGAN STRIKE.

EAST SAGINAW, Mich., July 20.—There is no change here to-day in regard to the strike. Strikers with their families are holding a picnic. Another shingle mill started up this morning at ten hours, but no others have started. The sheriff has asked the governor to withdraw the troops, there being no necessity for their retention. Probably they will leave Wednesday.

VANDEBILT WITHDRAWS.

PHILADELPHIA, July 20.—A prominent officer of the Pennsylvania railroad said to a Record Reporter to-day that negotiations with Vanderbilt have been practically settled. Vanderbilt withdraws entirely from his Pennsylvania enterprise, excepting investments about Pittsburgh and the coal region, and in stock of the Reading company.

IT PAYS THEM.

LONDON, July 19.—The sales of the Pall Mall Gazette, since its scandal publications have been larger by four times than ever before, and its score of fast presses have all they can do to meet the demands of the public.

GOOD RESULT OF RAINS.

LEAVENWORTH, July 19.—The recent heavy rains throughout the Neosho and Cottonwood valleys seem to have whipped out the web worm and chinch bug. Fields of corn which were being devastated when the rain set in are now, that the floods are over, found to be free from worms and other insects, and a large crop of corn is promised.

ENROLLMENT OF INDIANS.

FT. RENO, July 21.—The enrollment of Indians began this morning. The Arapahoes number 1500, instead of 2500. The Cheyennes will not show over 3000 people. The Indians offered to give up all their arms and horses to the commissioner, who refused because, as they received money, they could go to Caldwell and buy more. Agent Dyer has telegraphed his resignation, claiming he has not proper support from the department in enforcing law and order among refractory Indians. Troops are being gradually withdrawn from here to their proper stations.

REPORTS OF INDIAN TROUBLES.

FORT KEOUGH, Montana, July 19.—News of serious trouble among northern Cheyenne Indians has been received here. The following is an official telegram: "The commanding officer at Fort Custer reports that acting agent Stevens for the Rosebud and Tongue River Indians headed by Black Wolf and White Bull. The latter are attempting to force the Rosebud Indians to live on Tongue River and threaten to kill agent Stevens if he attempts to interfere with their plans." The report says that the Indians are much excited over the matter. The Rosebud Indians positively refuse to go. There are now in camp with Tongue River Indians about 119 Pine Ridge Indians under Crazy Head and American Horse. The latter has said that he will die rather than go back to the Pine Ridge Agency. An exciting report has also reached here that the Northern Cheyennes have broken out and that they are led to the war path by the news from the Southern Cheyennes and Indian territory. Still another report says that in an engagement between Carpenter and Robinson cowboys five cowboys and seven Indians were killed. These reports all seem well founded and there is great excitement among ranchers and settlers on Tongue and Rosebud Rivers. A detachment of soldiers under Major T. H. Logan left for the scene of disturbance to investigate.

INDIANS AT LARGE.

GALVESTON, July 21.—A San Antonio special to the News says: "A private letter from Kinney county states that hostile bands of Indians are taking advantage of the withdrawal of cavalry from this district and are at large on the frontier. The writer states that two Mexicans at the mouth of Pinta creek, eight at Las Vegas, and about twenty at other points have been killed, in Trans-Rio Grande, near the border, by Indians, and that a band of fifteen raiding warriors have been near Kinney Brother's ranch. So far as learned no loss of life has attended the Indian raid in Texas."

THE ROACH FAILURE.

NEW YORK, July 21.—George L. Weed was seen this afternoon. He said he had sent a telegram to secretary Whitney, asking for an immediate interview in regard to the crisis, but had not received a reply. Everything now depends on the government's action. Weed believes the department acted hastily, and in response to an unjust and absurd party hue and cry. "Roach's affairs are in such splendid shape, and his accounts are so clear and business like, that it is merely a matter of detail to get at their exact condition. But this is a business involving not thousands but millions of dollars, and it will be heavy work to prepare a schedule. I will say this, however: John Roach owes very little money, except what is secured. If we are permitted to complete our cruises upon the understanding that there is a mutual case of responsibility in our contracts, and that it is a matter not of politics but of good business faith all around, then the situation is very clear. If, however, the department holds that we owe them all the money that has been paid Roach, I don't know how things will be."

PACIFIC COAST.

STEAMER WILDWOOD BURNED AT SEATTLE.

OLYMPIA, July 21.—The steamer Wildwood caught fire between 1 and 2 o'clock this morning while lying at the wharf. Before the fire department could get to work her lines parted and she drifted to Percival's wharf. Fortunately she struck against some piles, midway between the wharves, which caused her to drift into the channel, and prevented her from lodging against Percival's wharf and warehouse, and the agent of Percival having succeeded in getting the steamer Zephyr out of the way, no damage was done excepting to the Wildwood, which is a complete wreck, and now lies on the spit. It is thought the boiler is all right, but her engines are cracked and useless, and the timbers of the hull are almost burned through.

THE WAR IN RATES.

SAN FRANCISCO, July 21.—No passenger agent denies now that business is demoralized. Rates are freely cut all along the coast. Instead of quoting full rates, reductions are made as high as \$15 and \$20. These figures were given as facts by the agent of one of the principal railroad systems in the United States. It is third class travel that reaps the benefit of the cut rate. First-class travel seldom secures any material advantage from a war among Pacific coast passenger agents. Iowa lines blame the trunk lines and vice versa. To a non-railroad man these passenger associations seem to be the veriest child's play.

THE OLD DOMINION MINE.

SPOKANE FALLS, July 21.—The original owners and discoverers of the Old Dominion mine at Chewelah have regained possession of the mine from the parties who jumped it recently, and will push the work of developing at once.

WORK ON THE MOSCOW BRANCH.

COLFAX, July 21.—The construction train arrived to-day. Work on the Moscow branch will begin to-morrow.

YAQUINA TOURISTS.

Strictly Cash. No Books Kept.
ONE PRICE NOLAN'S CASH STORE.
Corvallis, Oregon.

STORAGE. 1885.

To the Farmers of Benton and Linn Counties

I desire to remind you of the fact that I am still in the Warehouse business at my old stand, and call your attention to the following reasons why I think it will be to your interest to store your grain with me:

- 1st. Because the O. P. R. R. Company intend putting a side track to the river, thus giving us a chance to deal with San Francisco buyers at higher prices.
- 2nd. I am in a position to take advantage of competition among the different lines of transportation on the river, and secure the very lowest freight rates.
- 3rd. I have had twelve years experience in the wheat business, and can get as much for your grain as any body else. Sacks always on hand.

Thanking you for liberal support in the past, I respectfully request all my old customers to continue their patronage, and ask all new men to call and see me before engaging elsewhere. I shall make it my duty, as well as pleasure, to do a straightforward business.

JAS. A. CAUTHORN,
Corvallis, Or., July 15, '85.
