ABOUT THE PESTS, ETC.

"R. L. S., of Tangent, in a letter to the Albany Herald, says: 'I attended a meeting held here on the 4th of this month, which is I think worth more than a passing notice, and that is my excuse for this writing. Professor Grimm, and Professor Lake were on time and in spite of another local attraction we had a fair attendance, but I must say that in consideration of the great importance of the subject of the lecture, I did expect that the strange hall would have been packed with an eager audience, but what we lacked in number was made up for in earnestness.'

BRIEF LOCALS.

Albany is going to have a "4th" celebration. Wool wanted by Henkle Bros., Philomath.

The bill boards for the circus have been erected. The foundation for the new Episcopal church is being laid.

Ladies' muslins and knit underwear at Henkle Bros., Philomath. E. P. Reed & Co.'s ladies fine shoes for sale at Z. H. Davis, tf.

One of the children of John Simpson is quite ill with scarlet fever. Cal. Hutton and family were in Salem this week visiting relatives.

New book-holders have been added to the seats in the Congregational church. Mr. Walker of the O. P. office, started on a six weeks' trip to England yesterday.

W. H. Mahoney, who is now travelling auditor for the S. P. Co., Sundaed in Corvallis. A large number of new members were received into the Presbyterian church last Sabbath.

John Riley, the brewer, will shortly make a trip to his old home in Germany across the pond. A birthday surprise party was given to Mrs. Welman Lyman by her friends on last Thursday night.

The boom is here—E. Holgate has started in to erect a new fence around his property on Monroe street. Ladies', misses', children's, men's and boys' shoes for the multitude at Henkle Bros., Philomath.

In New York, on last Friday, the thermometer reached 92 degrees in the shade, and two hours later the worst sand and wind storm ever had in that country swept over the place turning over vehicles, breaking windows, etc.

Do not wait until to-morrow, when you feel sick, but take immediately a dose of Flander's Oregon Blood Purifier and prevent a serious attack of sickness. It is the best liver regulator and blood cleanser in existence. Try it. Mr. Fisher, the owner of the brick building where the Gazette office and J. M. Nolan's store are situated, intends soon to extend the building back to the alley, a distance of about thirty feet, and also place in a much better room in which to display his goods, and will add a little more probably towards allowing this office to dispose of its lease cash.

FIXED.—J. W. Hanson, the clothier, and M. S. Neugass appeared before the recorder on Friday last to answer to the charge of using obscene language on the streets. They were fined \$3 each. Corvallis is getting wonderfully (?) moral of late and were every case like this brought before the recorder the funds arising from the fines would be large enough to dig the water ditch—and hire the cows to stay out of town.

BAY NOTES.

From the Yaquina Republican the following items are taken: About a dozen residences are under contract to be built in Newport in the next three months.

The government engineers are confident that the jetties here will give 28 feet of water at the bar at low tide. We should not be surprised to see the narrow gauge road built to Newport in the next twelve months by the Scotch company.

Newport needs a good wharf where all kinds of vessels can land. The man who builds a wharf and what puts on it a warehouse of fair size for stores, etc. purposes will derive a good income from the property. The O. D. Company's steamer would land at Newport if there was a suitable dock.

About 10 o'clock this morning a man named Wm. Butterfield was killed at the old rock quarry above Toledo by a mass of rock and dirt caving in on him. He was working for the contractor who is getting out rock for Dr. Bayley. His remains were brought to Yaquina. We understand that he is a single man and that his relatives live in Iowa.
