SERIOUS ACCIDENT.—O. R. Bean, of Seaton, father of Judge Bean of Eugene, was the victim of a serious accident at Cushman's mill on the Sinalaw, on the 12th inst. He had been down to Florence and was returning home on the steamer Mink. The steamer stopped at Cushman's mill at Acme a while and Mr. Bean went into the mill. He started up the stairs to the second floor, but when near the top he struck his head on some cross timbers. This so stunned him that he fell backwards down the stairs, a distance of about fifteen feet. When picked up he was unconscious and it was thought at first that both legs and one arm had been broken. Dr. Saubert was called and found no bones broken as supposed but feared a fracture of the skull. The steamer went up to Mr. Bean's place and took his family down to attend him, and everything possible was done for his comfort. Mr. Bean had not yet recovered consciousness at noon Thursday, and fears were entertained for his recovery.

THE MEETING.—The board of trade held a meeting last evening, and, among the business, heard the report of the committee appointed on advertising; they recommended the issuance of a twenty-or-more page pamphlet, illustrated, of 20,000 copies, to be devoted to this county and Corvallis; the same committee was given power to arrange the matter of securing money toward the expense of getting up the work. The water ditch committee reported that they could not get Mr. Ecklesen to make a preliminary survey of the route for the ditch, owing to other business, and the same committee were ordered to employ some other competent engineer to do the work. The proposition of the woolen mill man to come to Corvallis and look over the ground for establishing his mill here providing his fare one way would be paid by the board, was accepted.

FOR A BRIDGE.—In politics Judge John Barnett is a democrat of the first water. In fostering improvements in Corvallis he is always first also. He comes out in an announcement in a "west side exchange" that he has \$500 ready to subscribe towards building a free wagon bridge across the Wilamette at this city. If there were a few more people as liberal as Mr. Barnett the eighth bridge over the stream would soon be in course of construction.

MAIL ON THE LOCAL.—An order has been made that a mail clerk be put on the Eugene express April 1st. This will be good news to all valley towns. The move should have been made before this, and would if the fierce cries of the valley papers had been heeded. It will make more work for postmasters, but the public have long demanded it.—Albany Democrat.

Carlile & Jeffreys negotiate loans and do a general real estate and insurance business. Rooms over Benton county bank.

The tunnel on the Oregon Pacific near Summit is being retimbered.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between J. P. Irvine and F. A. Helm under the firm name of Irvine & Helm and doing business at Corvallis, Oregon, is this day dissolved by mutual consent, J. P. Irvine retiring from said firm. All liabilities of the late firm of Irvine & Helm are assumed and will be paid by the new firm of Holgate & Helm. All outstanding accounts will be collected immediately by J. P. Irvine and F. A. Helm.

IRVINE & HELM,
Corvallis, March 12, 1890.

In reference to the above we wish to inform the public that we will carry a full line of boots and shoes of the finest grade and makes, together with everything else to be found in a first-class boot and shoe establishment. We will be prepared to do all kinds of repairing in our line. Hoping to merit a continuance of the patronage so liberally bestowed on the former firm, we remain, respectfully,

ARTHUR HOLGATE,
F. A. HELM.

BREVITIES.

W. H. Mahoney came over from Albany and took the west side for Portland on Wednesday.

One hundred lots near the Oregon Pacific depot for sale. For prices and terms see Hartless & Davisson.

O. R. Addison, J. Weber and several others, left Corvallis yesterday on a tour of the country around the sound.

Chas. E. Hout is now owner of the Palace meat market, he having purchased it of Nick Baesen on Monday last.

Max Friendly will have his mill well supplied with sawlogs this coming season. He has a large lot which will soon be brought here.

There will be no services at the M. E. church next Sunday at 11 a. m. Services in evening at 7:30. Subject, "Seed Time and Harvest."

R. A. Bussall, of Newport, Oregon's famous seaside resort, was in Corvallis on Tuesday. Of course, he had something to say about politics.

Irvine & Helm wish to inform the public that they have made a change in their firm and would most respectfully ask those who owe them to call and settle immediately, at the old stand.

Cars will be running from the postoffice to Job's addition by the end of May. Already the erection of several cottages has been ordered and you will see a genuine building boom on this property this season.

Monday last a Mongolian pheasant flew down to the ground in front of the Vincent hotel, and after wandering up onto the sidewalk and taking in the situation for a few minutes, started off again. It was a beautiful bird.

Carl Karr, of Chicago, an experienced workman in the line of making and repairing boots and shoes, has been assigned to this position in the store of Holgate & Helm. When you have any such work to do take it to H. & H's.

Cars from the postoffice to Job's addition will be running in May, with five-cent fare. The many advantages residence property of this beautiful suburb are certain to result in the speedy sale of the remaining lots and rapid rise in prices.

By request Dr. Thompson will preach a sermon next Sabbath morning at the Presbyterian church on "Calvinism"—what it is, its leading features and characteristics. In the evening the second sermon on the subject entitled "The Future" will be given.

F. O. B. Welch, who has been a workman in the GAZETTE office since June, 1888, went to Salem on Monday to visit with relatives for a few days. From there he will go to his home in Kansas to remain a short time. The report that he was accompanied by a "flower" is a mistaken one.

Mark Drumm, representing the Keene theatre company, with Caroline Gage as the star, was in Corvallis yesterday looking after dates for his company to appear in Corvallis. As the opera house here is undergoing repairs no time could be set. If nothing happens the house will probably be opened by the Keene troupe. They are well spoken of by the press, and Mr. Drumm is an excellent gentleman.

USEFUL INFORMATION.

Timothy Fox, M. D., the eminent medical writer, in his work "Skin Diseases," thus accounts for the pimples so common on the face and neck. Eating too rich or too greasy food, or too hearty eating while the excretory organs are sluggish, causes in most people indigestion or a dyspeptic condition, which causes the blood to move sluggishly, which in turn clogs the pores. The result is, that the exuding secretions block in the pores, which inflame, each distinct inflammation being a pimple. Dr. Fox therefore does not prescribe "blood purifiers" so called, but a "dyspepsia cure" to be taken, to use his own words "till the dyspeptic symptoms have disappeared." The old idea was, that face eruptions were caused by a "humor in the blood," for which they treated the blood, giving the mineral poisons. Hence the reason why the older saraparilla follows the modern ideas of Dr. Fox, and aims with gentle vegetable alternatives at the stomach and digestive organs. The reason is apparent why it cures dyspepsia and indigestion, and the pimples and skin eruptions which result therefrom, and why saraparilla that use mineral salts fail.

USURY AND MORTGAGE LAWS.

At a meeting of the joint committee of the board of trade and the real estate exchange of the city of Portland, held the 8th day of March, A. D. 1890, it was after due discussion, unanimously resolved as follows:

Resolved, That the present system of assessment of taxable property, and the provision in the tax laws, allowing exemption from taxation on account of indebtedness, is very injurious to every branch of industry throughout the state of Oregon, and that these laws, together with the usury and mortgage law, should be repealed and that a new system of assessment and collection of taxes should be adopted; therefore, be it

Resolved, That the various boards of trade and all organizations interested in the welfare of our state be invited to act with us towards the accomplishment of

First—The repeal of the Usury Laws.

Second—The repeal of the Mortgage Tax Law.

Third—The repeal of the law allowing deduction of indebtedness from assessment.

Fourth—The enactment of a complete system of tax laws providing: First—For the election of competent and faithful assessors, properly paid for their work, and that severe penalties for discrimination on their part to be enacted. Second—The annual publication of the lists of taxpayers with their holdings and assessments in detail. Third—The erection of an office of receiver of all taxes in all cities of a population of 5000 and over. Fourth—The annual correction by inspection and supervision of assessments by a salaried board of revision in each county. Fifth—The levy and collection of state taxes in a uniform manner. Sixth—The exemption of each taxpayer from taxation of personal property, including buildings and improvements to the amount of \$2000. Seventh—A provision to compel all taxpayers to furnish to the assessor, under oath, a list of his taxable property with a penalty for a failure to do so, making it a misdemeanor for the assessor to receive such return without such affidavit annexed. R. GOLDSMITH, Chairman, J. McCaffrey, Secretary.

THE TARIFF BILL.

Washington, March 18.—As a rule, in the tariff measure prepared by the republican members of the house committee on ways and means, the duties are increased, though many are lowered, and slight additions made to the free list. There is scarcely any one of the industries of the Pacific coast which is not the recipient of increased duty. Wool, fruits and nuts all come in for an increase.

On first-class wool the duty will be eleven cents per pound, unwashed; twenty-two cents per pound, washed; and thirty-three cents on scoured wool. This shows a trifling increase, about one cent a pound unwashed, and a proportionate increase on the other grades.

The second class is extended so as to include camel's hair, now on the free list. On this the duty named is twelve cents per pound.

The third class schedule will be wools valued at twelve cents or less per pound, three and a half cents; valued over twelve cents per pound, the duty is eight cents. This is the unwashed rate. On washed wool of this class the duty will be seven cents per pound. On scoured wool the duty will be ten and a half cents. Manufactured woollen goods show an increase also.

The lumber schedule is one of the few which shows some reduction. Hewed timber is reduced from twenty to tenper cent, squared timber from one cent to half a cent per cubic foot.
