THE NOMINATIONS.

The republican convention for Benton county has been held. The ticket has been formed. It bears the names of men who are excellent gentlemen, substantial and faithful citizens, and who will be faithful workers in the positions they will fill, providing they are elected. Every voter who claims to be a republican should stand by them and everything possible done in an honest way to secure their election. In future issues of the GAZETTE more will be said concerning them. The republican majority at the coming election can be made a large one if all will work as they should.

ONE, two, three, hurrah! for the republican county ticket. They are going to get there in great shape on election day.

They have been nominated and it is the first duty of every republican to stand by them on the 2nd of June next.

STREET RAILWAY NOTES.—Yesterday the contract for the hauling and delivering of the material for the street railway along the line was awarded to the City Transfer company, of Corvallis. This will be quite a job. . . The first lot of ties for the road will arrive here to-morrow from the mill of Brown & Son on the Santiam. . . The iron is expected to arrive in Portland at any day now and will be brought to the city by the Union Pacific boats. . . J. E. McCoy, of Salem, who has the contract for construction, will begin work just as soon as the rails arrive.

GREAT ADVANTAGES.—We visited the sound country last week but we saw no place in Washington that is better than Yaquina bay in beauty, scenery or natural location. The advantage the sound country has over this place at the present time is in the rush of immigration which creates business activity. The day is not far distant when this same class of pushing, enterprising people will be flocking into Yaquina and make improvements and business hum.—Yaquina Republican.

BEGINNING TO ARRIVE.—The first lot of lumber for the lumber yard of Brown & Son, established in this city, arrived on Monday last over the Oregon Pacific—five car loads. It came from their mill near Rock creek in Linn county about forty miles east of this city. More will be brought to this place until the yard is supplied with enough to meet the demand for building during the season.

LOOK HERE.—All who are indebted to Nick Baesen are requested to come forward and settle up. He is desirous of having such business attended to immediately. Payments can be made to him at his old stand, or to Chas. Hout the present proprietor of the Palace market. 2.

THIS EVENING.—An "arbor" day entertainment will be given in the Corvallis college chapel this evening. Admission 25 cents; students, 10 cents, only.

TO WED.—John Laskey and Mary McGuire were granted a marriage license by the county clerk on Monday last.

BORN.

NEUGASS.—In San Francisco, on Friday, April 4, 1890, to the wife of Mose S. Neugass, of Corvallis, a boy.

DIED.

HILLARD.—In this city Tuesday, April 8, 1890, Minnie Hillard, aged 7 years.

The remains were taken to Monmouth for interment on Wednesday.

HURD.—At Fruitvale, Benton county, Oregon, March 28th, 1890, Mary Ann Hurd, wife of Moses Hurd, aged 68 years, 11 months and 27 days.

She was laid at rest at Fruitvale where she has lived nearly fourteen years. The cause of her death was la grippe and cancer on her face.

BEACH.—At the farm residence just across the river from Corvallis, on Sunday, April 6, 1890, at 12:10 a. m., Hiram P. Beach, aged 64 years, 10 months, and 23 days.

The deceased had been ill but a short time—a physician being called on Wednesday preceding his death. He has been a resident of this vicinity for the past six years; was a good citizen and a hard-working man. He has been twice married, and is the father of ten children, eight of whom are living. One child was by his first wife. The announcement of his death was a great surprise to this community owing to the short illness. The remains were interred in the Masonic cemetery by the members of that order and also the Corvallis grange.

ARRIVING.—A portion of the machinery to be used in the new flour mill, on the river, bank between Monroe and Jackson streets, has arrived. The inside of the building is being made ready for permit of its being placed in position.

If a gray-haired woman of fifty, in moderately respectable attire, is put off the cars at your town, says the Dayton Herald, because she cannot pay her way further; if she almost immediately receives a telegram urging her to come home on the next train because her husband is dying, and she tearfully and desperately announces that she is going to walk a hundred miles, you let her walk. She and her confederate who sends the telegram have worked the dying husband rackets in a dozen towns in an adjoining state at an average net profit of fifteen dollars a day.

NATURE IN CONVULSION
Is terrific. Volcanic eruptions, cyclones, earthquakes are awfully and tremendously picturesque, but scarcely desirable to emulate in action and effect by the administration of remedies which produce convulsion and agony in the abnormal portion of the human frame. Such is the effect of the old fashioned violent purgatives happily falling more and more into disuse, and of which Hostetter's Stomach Bitters is the wholesome, pleasant and far more effective succedaneum. They weakened the intestines—the Bitters invigorates them. They left the bowels inactive, because incapacitated by ensuing feebleness. The Bitters, on the contrary, and because it enables, not forces, them to act—a vast and fortunate difference—perpetuates their activity and regularity. The liver is beneficially stimulated, as the citizens also are, by this medicine, which easily conquers, also, malaria, nervousness and rheumatism.

"Squire" Williams this week sent Uncle Joe Liggett over on the Big Elk, to investigate the reported unlawful killing of deer in that vicinity. We will secure his report next week.
