DANGEROUS PURGATIVES.

A City Policeman's Experience. Mineral pills and drastic purgatives so irritate the mucous coatings of the stomach and bowels, that they often leave the system in worse condition than before. In fact their cathartic action is due to their irritation. The danger attending their steady use is apparent. The new laxative principle in Joy's Vegetable Sarsaparilla gets its cathartic action by increasing the mucous secretions and gently stimulating the stomach. It is purely vegetable, does not lose its effect, is effective and absolutely safe to be taken occasionally or continuously by the most delicate persons.

Gus Videa, the well known police officer of No. 1235 Howard St., San Francisco, writes: "After my own experience I firmly believe that Joy's Vegetable Sarsaparilla will cure the most obstinate cases of constipation. Although cured I am still taking it, and never had my system so thoroughly regulated. By increasing or diminishing the dose one has absolute command over himself with this valuable remedy."

An Astoria real estate agent is trying to sell real estate in Albany by means of a brass band.—Astorian. Albany real estate is evidently a drug on the market. Those ten acre fruit farms, first put on the market by The Oregon Land Co., have been a bonanza to the Salem nurserymen.
