"A GROWL"
Mr. Editor: Although my taxes are small, yet they are as burdensome to me as if I paid much more. And as a taxpayer, I feel that I have a right to criticize those extravaganzas that are factors in the creation of high taxes. I have in my mind the county hospital. No sooner does the impecunious citizen become broken down and debilitated, than he makes off to the hospital. Even persistent dyspepsia and constipation are getting to be excuses for admission. Hence, allow me space to enter my feeble protest against further continuance of this pernicious practice. It costs the county many hard dollars for the treatment of every one of these unfortunates, and it is high time that they should know that they can save the county that expense, and themselves those distressing ailments, by the judicious use of a few bottles of Joy's Vegetable Sarsaparilla,—a remedy that within my observation is a sovereign cure for those common disorders. If they won't take it they ought to be compelled to by some law that would meet the case. Under the circumstances a full hospital is unnecessary,—hence, this growl.

Only One in the United States.
 Out of 1357 cough syrups manufactured in the United States, but one has been found to be entirely free from opiates and that is the California Positive and Negative Electric Cough Cure, which is the best on earth for coughs, colds, croup, etc. Sold by all druggists.

The fall term of circuit court for Benton county will convene on the 10th of next month. The docket will be an unusually large one.

SHAKEN OUT OF GEAR.
 By malarial disease, the human machinery cannot half perform its office. Digestion, secretion, excretion are disordered, the blood becomes watery, the nerves feeble, the countenance ghastly, sleep disturbed and appetite capricious. Terrible in its effects, full its consequences. There is, however, a known antidote to the miasmatic poison, and a certain safeguard against it. In malarial regions of our South and West, in the Southern America, Guatemala and the Isthmus of Panama as well as in transarctic countries where the scourge exists, this inimitable preventative and remedy, Hostetter's Stomach Bitters, has during the last thirty-five years, been constantly widening the area of its usefulness, and demonstrating its sovereign value. Liver complaint, dyspepsia, constipation, kidney trouble, rheumatism and debility are all remedied by it.

Excitement
 Runs high at the Pharmacy over System Builder as every body is using it for Catarrh of the Stomach, Dyspepsia, Constipation and Insure blood and to build up the system. It certainly possesses wonderful merit when all speak so well of it. Sold by all druggists.

Worse Than Leprosy
 Is Catarrh and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Linctum, sold by The Pharmacy. It also cures neuralgia, rheumatism, headache, sprains, burns and all pains. Try it and tell your friends where to get it. Sold by all druggists.

NOTICE.
 On account of continued poor health I have concluded to make a few days business, and to this end I offer my store for sale. I have been in the one stand for thirteen years, and have a very satisfactory trade. It is so well established that I am sure that it offers an inducement to any one wanting to go into a general merchandise and agricultural implement business.

 Liberti gave a very pleasing concert at Job's Theatre Wednesday evening. The announcement that the band would appear in this city was a pleasant surprise as it was expected that they would not visit any of the interior towns, save Albany, to which place it was supposed they had been induced to appear by the Knights Templar. To the enterprise of the Corvallis Marine Band is due the pleasure of listening to the great musician and his famous band. They were to sail for San Francisco to-day.
