HE WAS ASHAMED

To Ask Again, but His Frank Letter Got It for Him.

A few months ago one of the unfortunate inmates in the San Francisco Almshouse was inspired by the sensational statements in the newspapers with the belief that Joy's Vegetable Sarsaparilla would help him. But without money, how to get it was the question. Finally he wrote to the Edwin W. Joy Co., appealing to their generosity, and it was not unheeded. I feel ashamed to ask in this way, but what shall I do? I thought I might not need any more, but I am now so anxious to keep it up; but you see how it is.

It was sent, and he can get more if he needs it. My circumstances and condition. Although I am improving, I ask of your generosity for another bottle of your Joy's Vegetable Sarsaparilla. The action of its laxative properties is perfection itself. It has so thoroughly regulated my system that my catarrh, rheumatism, constipation, and headaches are all better. I feel ashamed to ask in this way, but what shall I do? I thought I might not need any more, but I am now so anxious to keep it up; but you see how it is.

It crosses the Liver and Kidneys and Stomach, cures H. adobe, Deemer's, creates an Appetite, Purifies the Impure Blood, and Makes the Weak Strong.

Used everywhere. \$1 a bottle; six for \$5.

\$250 REWARD. The city of Corvallis will pay the above reward for the arrest and conviction of any one guilty of arson within the limits of said city. By order of City Council.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial Bottle Free at Thos. Graham's drugstore.

WHEAT AND FLOUR.—Wheat during the week has advanced two cents per bushel, and is quoted to-day at the Corvallis mills at 89 cents. Flour has come up from \$1 10 to \$1 25 per sack, or \$5 per barrel, retail.

The First Step.

Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step into Nervous Prostration. You need a Nerve Tonic and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great Nerve Tonic and Alternative. Your appetite returns, good digestion is restored, and the Liver and Kidney resume healthy action. Try a bottle. Price 50c. at Thos. Graham's drugstore.

WHERE OREGON GETS TIMOTHY SEED.—A well known merchant recently received a letter from the East instructing him to place an order for between 3000 and 5000 bushels of timothy seed. He made inquiries and learned that the Oregon farmers, instead of raising their own timothy seed, imported it from Chicago.—Oregonian.

WHY ARE WE SICK?—Because we allow the Liver, the bowels, and the Kidneys, these great organs, to become clogged or torpid, and poisonous humors are forced into the blood. Expel them by using Plunder's Oregon Blood Purifier.

Excitement

Runs high at the Pharmacy over System Builder as every body is using it for Catarrh of the Stomach, Dyspepsia, Constipation and impure blood and to build up the system. It certainly possesses wonderful merit when all speak so well of it. Sold by all druggists.

A few days ago while sitting in Elder Bros.' drug store at Tingley, Iowa, Mr. T. L. Dyer, a well-known citizen, came in and asked for something for a severe cold which he had. Mr. Elder took down a bottle of Chamberlain's Cough Remedy and said, "Here is something I can recommend. It commands satisfaction. It is an excellent preparation and cheap." Mr. Dyer purchased a bottle, and the next day following appeared to be entirely restored. This is a specimen of the effectiveness of this preparation.—Des Moines Mail and Times. T. Graham, druggist, sells the above mentioned remedy.

Through the Weary Hours Of many a night, made doubly long by its protracted agony, the rheumatic sufferer tosses to and fro on his sleepless couch, vainly praying for that rest which only comes by its aid and starts. His malady is one which ordinary medicines too often fail to relieve, but there is ample evidence to prove that the efficient blood depurative, Hostetter's Stomach Bitters, affords the rheumatic a reliable means of relief. Check the malady in its incipient stages, when the first premonitory twinges come on, with this agreeable medicine, and avoid years of torture. Whatever be the rationale of the active influence of the Bitters upon this malady, certain it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, however, it deserves a protracted, systematic, and systematic trial, and should not be abandoned because not at once remedial. It is equally efficacious in dyspepsia, indigestion and kindred diseases.

A car-load of Pearl oil, just received at A. F. Hershner's.

When you are out looking for pretty half-shoes, don't forget to call on J. H. Harris. He has them in all styles, patent leather, undressed kid and Dongola and at prices to suit the times.

Joseph V. Dory, of Warsaw, Illinois, was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good; but finally he got hold of one of them that speedily cured him. He was much pleased with it, and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain-Balm. It is for sale here at 50 cents per bottle by our druggist, T. Graham.

Only One in the United States. Out of 1357 cough syrups manufactured in the United States, but one has been found to be entirely free from opiates and that is the California Positive and Negative Electric Cough Cure, which is the best on earth for coughs, colds, croup, etc. Sold by all druggists.

A MURDEROUS MILLER.

At Albany on Friday afternoon of last week a man named Charles Denny, of this city, attempted to shoot Mrs. Millie Smith, daughter of Mr. Adam Radir who resides a short distance across the river. The circumstances which led up to the attempted murder are as follows: Mrs. Smith lives with her parents and has so resided since her separation from her husband some years ago. Denny had been employed by Mr. Radir on the farm until some months since, when he accepted a position in the Corvallis flouring mills. For some time Mrs. S. received the attentions of Denny and subsequently refused to become his wife. Denny continued his visits, however, until it became necessary for her to renounce him altogether. He became engaged to, and married another lady who, soon afterward obtained a divorce from him. Denny then desired to renew his attentions to Mrs. Smith and for some time past has followed her footsteps insidiously, importuned her and subjected the unfortunate lady to much humiliation by his actions. Mrs. S. had repeatedly told Denny that she desired to marry him her relations to Smith would prevent as she was not divorced.

On Thursday night as Mrs. S. was finishing work in the kitchen Denny appeared at a large open window and when she approached to entreat him to leave he grasped her and drew her to the outside and carried her to the road. Meantime her screams attracted her father, who had retired, and a farm hand named Hansen. The family were unprepared for such a turn of affairs but Mr. Radir seized an unloaded shotgun for which there was no ammunition, and with Mr. Hansen, went to the rescue. Mr. Radir drew up the gun and commanded Denny to loose his grasp on his daughter, but instead of complying, the villain placed Mrs. Smith before him, drew a revolver himself and ordered the rescuers to stand back. Denny appeared to have the better of the situation, and after many fruitless endeavors to induce him to surrender his prize, the father started to this city for assistance, instructing the hired man to remain close to his daughter.

It appeared to be the purpose of Denny to bring Mrs. S. to this city, away from the influence and protection of her father, when he hoped that she, by threats or otherwise, could be induced to marry him. During the two hours succeeding the departure of Mr. Radir Mrs. S. was carried and dragged a distance of a mile in the direction of Corvallis, she the while struggling to free herself and imploring Hansen not to leave her.

Mr. Radir first endeavored to secure the assistance of Sheriff Mackay but that gentleman did not regard the case as one in which he could legally take action, the offense being committed in Linn county. Mr. Radir at length obtained other assistance. On the way to the scene it was decided rather than risk a tragedy, that a tacit agreement be made that objections to a marriage be withdrawn in order to induce Denny to allow the lady to remain at home and that his arrest be made on the morrow. In pursuance of the plan the release of Mrs. Smith was effected without difficulty, and quiet reigned for the time being. The next chapter appears in the Albany Herald thus: "Yesterday morning Mr. Radir came to this city to procure Denny's arrest. In the meantime Denny had come to Albany and had secured a marriage license, James Murray being his witness. He engaged Justice Humphrey to perform the ceremony, and agreed to meet him at Schmeer's livery stable to take him with team to Corvallis. Mr. Humphrey had gone to the stable, when Mr. Radir accompanied by his daughter, and the hired man Hansen, drove up in a buggy. He began talking about the case and they went into the office of the stable. While they were there Denny came in. He exhibited his marriage license, and told Mrs. Smith to go with him. She refused to leave her father, when Denny seized her and attempted to take her out of the office. Mr. Humphrey and others prevented him from doing this, when he stepped backward, and drawing a revolver, fired at Mrs. Smith. As he did so James Wheeler, an employe in the stable, seized his arm and the shot went wild and struck the wall. The ball narrowly missed Justice Humphrey, as well as the lady for whom it was intended. After a fierce tussle Denny was overpowered and led off to the jail by Marshal Hoffman, but in the encounter he struck Hansen several severe blows over the head with his revolver, which laid the scalp open to the skull. He also seized Mrs. Smith by the throat and choked her until she was black in the face and kicked at her most viciously. "Denny was arraigned before Justice Humphrey. The court having full knowledge of the murderous assault, declined to hear all witnesses, and very properly placed his bonds at \$5000, and was incarcerated in jail to await the action of the grand jury."

PROSPECTIVE NEW ENTERPRISE.—The GAZETTE has information that a company is forming in England for the purpose of establishing extensive paper mills in this state. The company have Corvallis in mind as the point at which the mills will be established, and our people should see, when the time comes, that the works do not go elsewhere. Those who are at the head of the enterprise are said to be experienced in this line of manufacturing. The business will be a success and a great benefit to the locality in which it is established.

NOTICE TO SETTLE. I wish to inform all of the persons owing Mr. T. E. Cauthorn, or the firm of A. Cauthorn & Son, by note or otherwise, that I have all claims in my hands for immediate collection. All those who cannot pay at once I will expect to call at my office over the First National Bank and see about the matter. S. T. JEFFREYS.

THE AAMOLD CONCERT.—Herr A.

Aamold, the great Norwegian violinist, appeared in the Presbyterian church in this city on Wednesday evening, under the auspices of the Ladies' Aid Society. The church was comfortably filled by persons, the majority of whom were qualified to appreciate the efforts of the musician. His selections were entirely from the great composers and it is seldom that the people of any city have the opportunity of hearing these masterpieces so well executed. The wonderful powers of the viola could not better be exemplified than in the performances of Herr Aamold. The programme was interspersed with instrumental music by the Arion orchestra, a recitation by Miss Leon Louis, solo by Rev. E. R. Priehard, selections by the Manerchor quartette, etc., all rendered with the usual success of the performers. The concert was a great treat, especially for those who have given some attention to classical music.

RETURNED.—Mr. C. Nicholson, who sailed for London and Channel Island for a visit last October, has returned. He was accompanied on his homeward journey by a number of relatives and friends, including Mr. and Mrs. A. Cayzor, brother-in-law and sister, Mr. Everette, Mrs. Smithick, two gentlemen, civil engineers, who temporarily remained in Portland, and a number of others. The party came over in the "City of Berlin," an Inman line steamer, and were eighteen days from Liverpool to Portland. While off the coast of New Foundland, and two days out from New York, during the prevalence of a dense fog the "City of Berlin" collided with a three-masted sailer, the latter being disabled to such an extent that it was necessary for the steamer to take her in tow. The trip across the ocean, by this accident was prolonged two days. Mr. Nicholson has a farm near Monroe in which vicinity the persons named above will locate.

A RICH MINE.—Dr. Charles, of Philomath, was in Corvallis this week and exhibited a specimen of gold and silver quartz from a ledge in Douglas county belonging to the Elk Creek Mining Co., of which he is the president. An average quality of this quartz assays \$65 in gold and \$75 in silver. The mine is not extensively developed but the doctor is satisfied that it will prove a bonanza. Dr. Charles is a recognized mining expert and he has great faith in the mineral resources of Oregon. He is confident that in the near future the Coast Range mountains will yield rich stores of golden treasure and other valuable minerals. It is the intention of the doctor, in the near future, to begin thoroughly prospecting these mountains.

THE GREAT FAVORITES.—John Jack and Annie Firmin are widely known to the play-goers and are everywhere ranked among the foremost personages of the stage. They appeared in the principal cities of this state a good many years ago and played in Portland about the time of the completion of the New Market Theatre. They take leading parts in all first-class plays and give entertainment equal to the best. The public will be pleased to learn that they are again visiting this state after a long absence, supported by a very excellent company. They will appear at Job's Theatre tomorrow evening. The price of admission will meet the approbation of the public. Fifty cents for reserved seats, at T. Graham's. Consult ad. in this issue.
