VOL. XXVIII.

CORVALLIS, BENTON COUNTY, OREGON, FRIDAY, AUGUST 21, 1891.

NO. 27.

Aug. Horning, a well known manufacturer of boots and shoes at 820 Nolan St., San Antonio, Texas, will not soon forget his experience with an attack of the cramps which he relates as follows: "I was taken with a violent cramp in the stomach which I believe would have caused my death, had it not been for the prompt use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose did me so much good that I followed it up in 20 minutes with the second dose, and before the doctor could get to where I was, I did not need him. This Remedy shall always be one of the mainstays of my family." For sale by T. Graham.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

#### SUMMONS.

In the circuit court of the state of Oregon, for the county of Benton.  
Jannie Hollowell Plaintiff.

I. O. Hollowell, Defendant.  
To I. O. Hollowell, the above-named defendant:

In the name of the state of Oregon, you are hereby required to appear and answer to the complaint filed against you in the above entitled suit in said court, on or before the 9th day of November, 1891; that being the first day of the regular term of the circuit court of the state of Oregon, for the county of Benton; and if you fail to appear and answer the said complaint, the plaintiff will apply to the court for the relief demanded in said complaint, to-wit: That the bonds of matrimony now existing between you and plaintiff be dissolved; that plaintiff have the care and custody of their three minor children; and for costs and disbursements of this suit.

This summons is published in the CORVALLIS GAZETTE by order of Hon. M. L. Rippey, judge of the above entitled court, duly made at chambers on the 22d day of July, 1891.  
W. S. HUFFORD,  
Attorney for Plaintiff.  
Dated August 21, 1891.

#### The Parent of Insomnia.

The parent of insomnia or wakefulness is in nine cases out of ten a dyspeptic stomach. Good digestion gives sound sleep, indigestion interferes with it. The brain and stomach sympathize. One of the prominent symptoms of a weak state of the gastric organs is a disturbance of the great nerve centre, the brain. It invigorates the stomach, and you restore equilibrium to the great centre. A most reliable medicine for the purpose is Hostetter's Stomach Bitters, which is far preferable to mineral sedatives and powerful narcotics which, though they may for a time exert a soporific influence upon the brain, soon cease to act, and invariably injure the tone of the stomach. The Bitters on the contrary, restore activity to the operations of that all important organ, and their beneficent influence is reflected in sound sleep and a tranquil state of the nervous system. A wholesome impetus is likewise given to the action of the liver and bowels by its use.

A MEAN MAN.—The man Vernig, who is in jail awaiting the action of the grand jury on a charge of larceny, certainly is a fit subject for such a place. Last week he sent some dirty clothes to a poor woman, and after she had washed and ironed them the sheriff's deputy went with Vernig to get them. The bill was twenty cents but Vernig said he had no money and did not pay the bill. The deputy went up town with him for something and Vernig stepped into a store and bought twenty-five cents worth of tobacco and paid for the same.—Eugene Register.

Deafness Can't Be Cured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

#### STATE AGRICULTURAL COLLEGE.

Notice is hereby given that bids will be received by the board of regents for the immediate construction of the chemical laboratory according to plans and specifications prepared by Mr. D. W. Pugh, architect, and which may be seen at the bank of Messrs. Hamilton, Job & Co., Corvallis, Or. Tenders must be sent to the undersigned on or before the 28th inst., and will be opened by the building committee at 2 o'clock on that day. The board do not bind themselves to accept the lowest or any tender.  
WILLIS NASH, Secretary.  
Corvallis, Oregon, August 19th, 1891.

#### Happy Hoosiers.

Wm. Timmons, postmaster of Elaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of the same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, make me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c a bottle at Thos. Graham's drug store."

A visit to the government jetty at the mouth of the Columbia, a ride on the newly-built Astoria & South Coast railroad, a dinner at the Gearhart Park hotel, and a dip in the bosom of Mother Pacific, etc., are among the attractions at the meeting of the Oregon Press Association, at Astoria. Clams, crabs, salmon, and other brain food, at the seashore, can not fail to have a beneficial effect on the Oregon editors and their wives.

Mr. Thomas Batte, Editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence. 25 and 50 cent bottles for sale by T. Graham."

The Chautauqua assembly room at Gearhart Park, on Clatsop beach, will seat one thousand people, and is a Grand memorial of the public spirit of M. J. Kinney, who deeds it to the cause of that popular method of education.

#### Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the following statement that she caught cold, which settled on her lungs, she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued to use and after taking ten bottles, found herself sound and well, now does her own housework, and is as well as she ever was. Free trial bottles of this great Discovery at Thos. Graham's drugstore, large bottles 50c and \$1.00.

The People's Grocery is headquarters for all farmers' supplies.

#### THE OREGON STATE FAIR.

The prospects for a good State Fair were never so flattering as they are this year. The premium list has been revised, and in many important points the prizes have been increased. The entries in the speed department are the largest and best in the history of the fair. The state fair is under the management of the State Board of Agriculture, and over \$15,000 in cash is offered in premiums for exhibits of stock, poultry, agricultural products, fruit, etc., works of art and fancy work, and for trials of speed. The board is making every preparation for a great meeting. Many valuable improvements have been made, and the grounds have been cleared up and greatly beautified. Electric and horse-car lines now run from Salem to the grounds. All persons wishing a premium list for the fair of 1891, can obtain it by addressing J. T. Gregg, the secretary, at Portland, Oregon, or Geo. W. Watt, assistant secretary, at Salem. The fair begins on the 14th of September, and will last one week. Send for a premium list and prepare something for exhibition this year.

When contemplated improvements at Gearhart Park, on Clatsop beach, are completed, Oregon will have a summer resort equal in magnificence and healthfulness to the famous resort at Monterey, California, and all Oregonians should feel a pride in encouraging such an enterprise as has been inaugurated by M. J. Kinney.

#### Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Thos. Graham.

The editors and their friends, who attend the meeting of the Oregon Press Association at Astoria, will find some of the most pleasant features of the session to be the visit and entertainment at Gearhart Park, the elegant appointments of the hotel, the incomparable sea bathing, and the refreshing coolness of the Park.

For diarrhoea or summer complaint in any form, there is nothing better than Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mrs. Nancy Berry, of Adams, Lawrence Co., Kentucky, says one dose of it cured her of an attack of diarrhoea. Two or three doses will cure any ordinary case. When reduced with water it is pleasant to take. 25 and 50 cent bottles for sale by T. Graham.

During the session of the Oregon Press Association, several hours will be spent at that delightful seaside resort, Gearhart Park, and the manager of Gearhart Park hotel will not only entertain but also cater to the wants of the inner man, during the stay of the association at the seaside.

CADDO MILLS, TEXAS, June 5, 1891.—From my own personal knowledge, I can recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy for cramps in the stomach, also for diarrhoea and flux. It is the best medicine I have ever seen used and the best selling, as it always gives satisfaction. A. K. SHERILL. 25 and 50 cent bottles for sale by T. Graham.

Mr. Amos Strong, formerly of Salem, is now in charge of the Gearhart Park hotel on Clatsop beach, and is preparing to welcome right royally the visit of the Oregon editors, August 30.

#### Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this receipt, in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 826 Powers, Block, Rochester, N. Y.

HOTEL TO LET.—A first-class hotel situated in an excellent locality and doing a business which pays from \$3500 to \$4000 per year to lease for a term of years. This is a good opportunity for some-one. The furniture must be sold with the lease. Reasons for leasing, on account of poor health. Address "L. N." Gazette office, Corvallis, Oregon.

#### RESOLUTIONS.

CORVALLIS, Aug. 13, 1891.  
Hall of Friendship Lodge No. 14, A. O. U. W.:

We, your committee heretofore appointed in the matter of resolutions upon our deceased brother, J. H. Nicholas, do respectfully submit the following:

WHEREAS, The Allwise Father did on the 12th day of August, 1891, call our late brother, J. H. Nicholas, from time to eternity, and

WHEREAS, We should at all times bow submissively to the will of our Creator, knowing that he doeth all things well and that death must come alike to us all; and

WHEREAS, It is right and becoming in view of the many noble qualities of heart and mind possessed by our deceased brother and his good qualities emulated, therefore, be it

Resolved, By Friendship Lodge No. 14, A. O. U. W., of Corvallis, Oregon, that in the death of brother J. H. Nicholas this Lodge has lost a worthy and consistent member; society and the general community a useful and honored citizen; and his family a kind and devoted husband and an affectionate and indulgent father.

Resolved, That we tender to his sorrowing wife and children our sincere sympathy in this their saddest of all bereavements.

Resolved, That as a token of our regard for the deceased, the members of this Lodge wear the usual badge of mourning; and that our Lodge room be draped in mourning for a period of thirty days.

Resolved, That these resolutions be spread upon the records of this Lodge and a copy thereof be presented to the family of our departed brother, and a copy also be furnished each of the city papers for publication. Fraternally submitted,  
E. HOLGATE,  
W. S. McFADDEN,  
JAS. A. CAUTHORN.

#### OREGON WEATHER REPORT.

FOR WESTERN OREGON, FOR WEEK ENDING SATURDAY, AUGUST 15, 1891.

A few showers occurred along the coast; in the interior valleys the mornings were cloudy, cool and damp from dew; the afternoons were warm; the maximum temperature ranging from 78 to 90 degrees. The nights have been warm, causing the daily mean temperature to be above the average from 2 to 4 degrees a day.

#### CROPS.

Threshing of fall wheat has been in operation. The berry is, as a rule, large and plump and it is considered to be extra good milling wheat. Portland price this morning is 87 cents per bushel, which is about 10 cents per bushel more than was paid this time last year. Yields of from 25 to 40 bushels per acre are generally reported. Mr. W. H. Gandy, of Hubbard, Marion county, threshed out 970 bushels of wheat from a field of 23 acres. This field has been in continual wheat cultivation for 35 years. The cool weather in the mornings retards ripening of spring grain and causes grain to be rather tough for threshing until the sunshine becomes warmer. In Curry county four crops of alfalfa, blades about twenty-two inches long, have been cut this year up to July 25th, without irrigation. Oats are heavy and a good crop. Serious damage is feared from the hop louse. Peaches, corn and melons are fully an average crop. Watermelons are now ripe in Josephine county.

CAMPING AT THE BAY.—The hills surrounding Newport are now dotted with tents and every cottage is filled with parties who have gone hither to escape the hot summer months and enjoy a few days rest at the sea side. Not only are there many campers near Newport, but at Nye creek there are some two hundred camped and as far as Big creek many are living in temporary homes of canvas, and still the trains are loaded every day with pleasure seekers wending their way to partake of the enjoyments of a camp life. The greater part of the day is spent in fishing, boating, bathing and walking on the beach, and of evenings several parties, numbering from 100 to 200 in each party proceed up the beach to where there is an abundance of driftwood, build a large log fire and play games or sing as the fancy dictates. These gatherings are much enjoyed by all and are in every sense a social success. Here you meet your neighbor campers and become acquainted and all join in to help each other have a pleasant time. A candy pulling is given about twice each week by some one of the camps and all are invited to be present; of course they do not need a second or pressing invitation to attend and when a large kettle of candy is taken from the fire and the parties present commence to pull it, the person who would not forget for a time all cares and join in the sport, is certainly not human. A very popular game a Nye creek is "blackman" and "blind man's buff," and the old folks seem to forget their age for a time and join the younger ones in the games. At Big creek there is as fine a place for camping as can be found in the state and it will no doubt become very popular in the future. There is not much game in the immediate vicinity, but as for fishing Yaquina bay has no equal; large

flounders, kelp fish and many other kind can be readily caught, and at low tide rock oysters can be had by the bucketful by digging them. It would seem as if the supply would be exhausted as there are many hundreds of pounds taken from the reefs daily by the campers and also by the Indians who haul them to the reservation and sell them, but there seems to be as many "as when they first begun." In all, Yaquina Bay is the place to spend your vacation if you want a good time.

#### AN IMPORTANT BILL.

THE ROYAL BAKING POWDER CONDEMNED IN THE NEW YORK LEGISLATURE.

Last Monday Mr. Kelly introduced the following bill in the assembly. A careful reading of it will show that it is a very important one.

AN ACT to prevent the use of poisonous and injurious ingredients in baking powders, and

WHEREAS, Baking Powders manufactured in this state, known as the "ROYAL" alum and other Baking Powders are advertised for sale as absolutely pure; and

WHEREAS, Official examination show them to contain ammonia and other injurious ingredients; therefore THE PEOPLE OF THE STATE OF NEW YORK, represented in Senate and Assembly, do enact as follows:

Section 1.—Every can or package of baking powder containing Ammonia offered for sale in this State shall have a conspicuous label thereon with the words "Contains Ammonia" printed thereon in plain type, not smaller than great primer and any person who shall sell, or have offer for sale, any such can or package of baking powder without such label thereon, shall be guilty of misdemeanor.

Section 2.—This act shall take effect July 1, 1891.—New York Press.

#### SELLS BROTHERS' CIRCUS.—

One of the largest and best shows now in existence has come and gone. The morning was cloudy and threatened rain, which, perhaps, kept many from coming from a distance who otherwise would have attended, and the fact that this is the season when the farmer is busy in the harvest field, accounts in part at least for the small attendance at their performances, as their large tent was not one-fourth filled at either the afternoon or evening performance. The street parade which took place at about 10:30 a. m., was one of the finest processions that has ever passed through our streets, but the crowds that usually gather here on circus day to witness the parade were not as large on this occasion as heretofore. The show, and especially the circus, was a first-class affair, and we feel safe in saying that none who attended regret having done so. The large corps of employees were unusually quiet and no disturbance was created by them during their stay. The menagerie was not as large as that of some shows, but was as good as is seen this far West.

REPUBLICAN OATS.—Last year we received a sample of oats from a farmer living in the Big Bend country in Washington, who was a former resident of this county. He had cultivated the grain and found the yield so large that he wished to introduce the specie in this section. We did not know the name of the oats and took the liberty to call them Republican oats. The sample sent us was given to various farmers in this vicinity for trial, among whom was Mr. Harrington, who resides one mile west of this city. The portion received by Mr. Harrington was about three ounces from which he raised 16 pounds of oats, the straw of which was about six feet tall. This grain seems to be adapted to our soil and climate and yields about twice as heavy as the ordinary oats.

The Presbyterian church will reopen for public service Sunday, August 30th, one week from next Sabbath. The Sabbath school will also meet at the usual hour, 10 a. m. on Sabbath, August 30th. A year of earnest active work is anticipated by this congregation and strangers coming to the city are cordially invited to a Christian home with this people. Special notice of services will be given in next week's paper.

The fifth annual session of the Oregon State Press Association will meet at Astoria and Clatsop Beach the 28th, 29th and 30th inst. An interesting programme has been prepared and the session will undoubtedly be a successful one.

#### DECIDEDLY OFF.

Benton county is advertising a delinquent tax list made up from an abstract of the records, which the county refused to pay for, and never assessed even by the sheriff. In order to get a receipt from the sheriff it is necessary to pay him the tax due, 65 cents cost and 50 cents a line for advertising. As the sale is set in nonpareil this is nearly \$6 an inch, which is an imposition on the face of it. Delinquent tax lists are all right; but the county court of Benton county ought to be ashamed of the manner in which the one is being run there.—Albany Democrat.

The Democrat is decidedly off in its assertions in the above item. It probably received its information from some kicker who has heretofore succeeded in dodging his taxes and the assessor and his property was brought in on the assessment roll by one abstract of records furnished the county by Markley & Dunston, and who was compelled to pay the regular costs attached to a property which is allowed to become delinquent. In the first place the assertion that the abstracts of records referred to has not been paid for is false. Warrants were drawn for the payment of the work amounting to over \$7000 as soon as the contract was completed. In the second place the property advertised in the delinquent list went through the regular order of assessment provided for by law, and the property owner had ample opportunity to save the costs of advertising had he not tried to dodge paying his taxes altogether. As to advertising the delinquent list, the county court has nothing to be ashamed of as that matter is provided for by law and is entirely in the hands of the sheriff. The property owner referred to has no one to blame but himself. It serves him right, and should be a lesson to him in the future to pay his taxes honestly and not try to dodge them, then he will not have to pay several times the amount of taxes as costs. It may be in some cases a man is excusable for allowing taxes to become delinquent, but as a rule it is the result of neglect and carelessness, or an attempt to dodge them altogether.

THE COURT ORDERS THAT THE EMPLOYEES BE PAID BY AUG. 31ST.

The petition of John Tway and others, the employes of the receiver of rights, property and franchises of the W. V. & C. and the O. P. R. R. companies for an order directing the said receiver to pay said employes the amounts due them, came up before Judge M. L. Pipes Tuesday. After hearing the arguments, and due consideration, it was ordered that said receiver be, and he is hereby required to pay all the employes the several amounts now due for services in the operation of said railroad by said receiver on or before the 31st day of August, 1891, and that he also on or before said date pay the operating expenses of said road now unpaid incurred by him as such receiver. It is further ordered that said receiver, in order to provide money to make the payments herein required to be made, be and is authorized and empowered to negotiate and sell a sufficient amount of receiver's certificates heretofore authorized to be issued at such discount as may be necessary to effect sale, not exceeding 10 per cent, and 2½ per cent. additional as brokerage or commission.

A. L. Porter has received the contract for surveying township 9 south, range 8 west, and a fraction of township 10 south range 9 west, and will commence work next week. This land is in the Rock creek settlement, near Eddyville, and it includes some valuable mineral land.

Eleven persons were examined by county school superintendent, W. E. Yates, last week, but out of the entire number there were but three who obtained certificates to teach. Ellen Sedgwick of Albany and Gertrude Vaughn of Philomath were granted second grade certificates and A. W. Skinner, of this city, was given a third grade certificate.
