THE VALUE OF PROTECTION.

Protection is a tax, said the democratic missionaries; yet under protection the production of salt has so rapidly increased that the price has been reduced from \$2.50 a barrel to fifty cents, throwing in the barrel, which costs twenty cents. Cotton fabric, on which calicoes and other figured goods are printed is another notable illustration of the effects of protection in eventually cheapening goods to the consumer. In 1830 these print cloths sold for twenty-five cents a yard; in 1860 they were worth eight cents a yard; they have been selling recently for two and three fourths cents. The rate of wages paid operatives in cotton mills is double what it was in 1830, and 28 per cent more than it was in the decade from 1850 to 1860. Formerly the United States imported the greater part of its cotton cloth, exporting the cotton to England to have it manufactured into cloth and returned to the United States. Now, however, we export three times as much cotton cloth as we import. The home production has more than trebled since 1860. At the same time the value of the raw cotton has nearly doubled.

Under the McKinley act the importation of cotton goods has been very largely diminished. But prices have gone down, and yet the manufacturers pay the same wages.

A SERIOUS APHAIK

An editor of a newspaper in one of the Western states, called the Rocky Mountain Cyclone, opened the first article of its first number as follows:

"We begin the publication of the Rocky Mountain Cyclone, with some few difficulties in the way. The type phouder phrom whom we bought the outfit phor this printing orphis phailed to supply any ephs or cays, and it will be phor or phive weeps bephore we can get any. We have ordered the missing letters and will have to wait until they come. We don't like the loox of this variety of spelling any better than our readers, but mistax will occur in the best regulated ov phlamilies, and iph the cees and exes and qus hold out we shall ceep (sound the chard) the Cyclone whirling aphter a phashion till the sorts arrive. It is no joke to us; it is a serious aphair."

Serious Danger

Threatens every man, woman or child living in a region of country where fever and ague is prevalent, since the germs of malarial disease are inhaled from the air and are swallowed from the water of such a region. Medical safeguard is absolutely necessary to nullify this danger. As a means of fortifying and acclimating the system so as to be able to resist the malarial poison, Hostetter's Stomach Bitters is incomparably the best and the most popular. Irregularities of the stomach, liver and bowels encourage malaria; but these are speedily rectified by the bitters. The functions of digestion and secretion are assisted by its use, and a vigorous as well as a regular condition of the system promoted by it. Constitution and physique are thus defended against the intrusions of malaria by this matchless preventive, which is also a certain and thorough remedy in the worst cases of intermittent and remittent fever.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this receipt in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. Noves, 820 Powers' Block, Rochester, N. Y.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cts. and \$1.00 per bottle at T. Graham's drug store.

It may be according to international law for the successful party in Chili to arrest Americans when they are guilty of any breach of the laws of the land; but it is also a principle of the same code of the laws of nations that no citizen of any country can be deprived of his liberty on a pretext without due process of courts, and for this reason frequently in barbarous countries consular courts are established assuming jurisdiction over crimes committed by their citizens. If the Chilean authorities are not giving American citizens the full benefit of a trial by the proper courts, there is this precedent in international law to enforce our rights, and the full power of the government should be called into requisition to do this.—Ex.

MRS. GRAHAM'S Cucumber and Elder Flower Cream.

Is not a cosmetic in the sense in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, velvety skin, and by daily use gradually makes the complexion several shades whiter. It is a constant protection from the effects of sun and wind and prevents sun burn and freckles, and black-heads will never come while you use it. It cleanses the face far better than soap and water, nourishes and builds up the skin tissues and thus prevents the formation of wrinkles. It gives the freshness, clearness and smoothness of skin that you had when a little girl. Every young or old ought to use it, as it gives a more youthful appearance to any lady, and that permanently. It contains no acid, powder or alkali, and is as harmless as dew and is as nourishing to the skin as dew is to the flower. Price 25 cts. at all drug and hair dressers, or at Mrs. G. Graham's establishment, 108 Post Street, San Francisco, where she treats ladies for all blemishes of the face and figure. Ladies at a distance treated by letter. Send stamp for her little book "How to be Beautiful."

Sample Bottle mailed free to any lady on stamps to pay for postage and packing. Lady agent wanted.

ESTABLISHED 1851.

INVESTIGATE THIS!

The Massachusetts Mutual Life Insurance Co

Issues the Safest Policy of any Company.

WHY?

1st. Because the famous Non-Forfeiting law of Massachusetts, compels them to guarantee you paid up capital or cash, after the first year.

2d. In the event of misfortune you cannot lose your insurance, the guarantee is perpetual and does not lapse in six months as other policies do.

3d. The Cash Value makes the policy collateral loan in case you should need it.

4th. They pay you annual dividends, either to reduce the annual cost or increase the cash and paid up values. Thus you do not lose your dividends in case of death or misfortune, as you do with a Tontine policy.

Under this law you have the greatest protection and the least conditions at the same or less cost. If you are not insured you ought to be. If you have some you ought to have more. Send me your name and age and I will send you a sample policy. Agents Wanted.
