BRIEF LOCALS.

The First National Bank, of Corvallis, Oregon.

Ladies' and children's haircutting a specialty at Taylor's.

A new and fine assortment of ladies' capes and jackets at Kline's

New assortment of spring and summer jackets, at Kline's this week.

The three whist parties vied each with the others in having a good time Saturday evening.

Organs and pianos cleaned and repaired at J. W. Will's. Prompt attention to all orders.

James Tharp, of Alsea, a former student of the agricultural college, was in the city last week.

FOR SALE.—A No 1 Hammond type writer which has been used about one month. A bargain. Inquire at this office.

Now is the time to get your sewing machines and children's carriages repaired at J. W. Will's. All work warranted.

A handsome pole, brass ornaments and rings complete given free with lace curtains at Kline's. See display in window.

Ed. Strange is the happy father of a baby boy born on Sunday, April 10, 1892. Mother and child are both doing well.

Those home made candies at Small & Son's cannot be equaled for their delicious flavor and excellent quality. Try them.

For the best saw filing go to J. Wm. Will. Also razors and scissors sharpened. Work warranted. Try us and be convinced.

Spring opening in millinery goods at Mrs. J. Mason's from April 15th to 23d. All are invited to inspect her fine line of millinery goods.

Peter Wilson went to Forest Grove, Tuesday for the purpose of overhauling the flouring mill at that city and putting it in thorough order.

E. C. Wells, one of our popular young men left for McMinnville last Monday, where he will make his future home. May prosperity attend him.

County court last week, circuit court this week and the democratic convention have given our streets a lively appearance during the past few days.

Bishop Stanford, of the Evangelical church, will preach in the Evangelical church in this city next Sunday evening at 7:30. Everybody cordially invited to attend.

If you contemplate building this summer call on A. F. Peterson, contractor and builder. He will prepare the plans and guarantee the best of work at reasonable prices.

WATCH DRAWING.—The drawing for the gold watch at Kline's came off on Monday, the lucky number being held by Mr. Croft, which gave him the watch free. The number was 10.

Will Hosford and Daisy Springer were married a few days ago, says the Newport Times, and have settled in their beautiful home at the mouth of Yahats. Their friends unite in wishing them many long happy years.

Al. Cummings returned Monday from a six-weeks' trip through the eastern states. He attended the ticket agents' convention in Flordia, besides visiting New York and various other portions of the Atlantic coast.

The city of Corvallis is out of debt, and after paying up all her outstanding orders will have $1163.12 in her treasury. This is a good showing as compared with many other cities of the same population on the coast.

The family of Mr. A. K. Handy arrived in this city last week and are now living near the depot. They came from Syracuse, N. Y., and will form a welcome addition to our social circle. Mr. Handy is foreman of the painting department at the carriage factory.

Chas. Hodson has received a fine Iroquois bicycle which he has now on exhibition. He is agent for the finest line of bicycles and typewriters, both new and second hand, to be found on the coast, at prices within the reach of all. He sells for cash or on the installment plan.

Building in Job's and Wilkins' additions is booming. The installment plan is proving a success to the owners of the property and in the sale of their lots and many are availing themselves of the opportunity to purchase a lot and build homes for themselves who could not do so in any other way.

Mrs. S. A. Starr, aged 67 years, was thrown from a hack last Monday while she was returning from a visit to Monroe in company with her son Wilber Starr, and received serious injuries from which she may not recover for some time, although it is thought they will not prove fatal.

We take pleasure in announcing another improvement in the makeup of the Marine band. E. H. Stock, the solo alto player, this week received one of C. G. Conn's Wonder instruments with which he will in the future play his part in the band. It is a beauty and if Ed. isn't proud of it he ought to be.

Lieutenant Schwatka, who figured conspicuously in the Greely Arctic expedition and has been in the famous Yukon river country, has been spending a few days in the city, a guest of the Bay View house. Thursday he went down the beach on business and will depart for the valley.—Newport Times. Lieutenant Schwatka was for many years during his early life a resident of the Willamette valley, his home being at Salem, where he received much of his education and has numerous relatives.

PHILOMATH ITEMS.

Uncle Johnny May, a former resident of this place, died at Yaquina last week. His remains were brought to this place and buried in the Pleasant valley cemetery about three miles from here. Mr. May was one of Oregon's oldest settlers, having crossed the plains with his family in 1864 and settled in Marion county, where he lived one year and then moved to this county and has been a constant resident ever since. He reached the exceeding old age of 82½ years.

John Spalding has opened up a blacksmith shop here.

Prof. Gilbert will deliver a temperance sermon in the college chapel next Sunday morning.

Mr. W. H. Bryan is at home on a visit for a few days.

Mr. John Lewis and family, of this place, have moved to Elk City to take charge of the hotel at that popular summer resort. Their daughter, Mrs. M. A. Franklin, has been engaged to teach the school at that place. A good choice.

THE CITY ELECTION.—On the 16th of next month will occur the Corvallis city election, which in the general excitement attendant upon the state and county election, seems to have been almost forgotten. There are, however, no salaried officers to be elected this year, but the importance of a good council cannot be overestimated. Four councilmen are to be chosen, three of whom will serve for three years, the fourth to fill the unexpired term of J. D. Clark, whose resignation was presented last Monday night. One man will be chosen from each of the three wards. This matter should be accorded the attention it deserves, as a good council is of as much importance to our community as the election of a congressman. Let this receive more attention. Discussion of probable candidates would be productive of good.

Henry Emrick and Joseph Emrick and family had a narrow escape from a serious accident last Tuesday while coming from Philomath in a hack. While near the carriage factory the horses became unmanageable and ran away turning the occupants out in the mud. Fortunately no one was hurt except Mrs. Emerick, who received several bad bruises about the body. The horses, however, struck out on a tear and were not stopped until they had succeeded in making almost a total wreck of the hack. The runaway team was stopped near the Niagara lumber yards. The occupants of the hack picked themselves up out of the mud and continued the balance of their journey to town on foot.

DAMAGED BY THE RAINS.—The report comes from the Soap Creek district and also from parts of southern Polk county that considerable damage has been done to fall wheat on low ground by the late and long-continued rains which we have been having. Whether the damage extends over a greater area or not we have not been informed. By systematic drainage on low lands farmers would more than save the cost by the increase in production of their crops in a few years.

A FREE LIBRARY.—J. M. Nolan, with his customary enterprise, has established in his store a circulating library which he has placed at the disposal of his patrons free of charge. There are one hundred volumes of the best current fiction, all being careful selections of the most interesting and enjoyable works of the popular writers of the day. Mr. Nolan cordially invites all his customers to make use of the library to the fullest extent.

NEW SODA FOUNTAIN.—Small & Son are making preparations for a good run of business the coming summer by fitting up their ice cream parlors. They have also put in a new soda fountain which is a beauty and the finest now in the city. Small & Son are well prepared to supply the thirsty public through the approaching warm weather with the cool and foaming beverage which cheers but does not inebriate.

SOME SHOT IN HIM.—A few days ago Gees McClung was in the bushes near his father's home in Benton county, when a couple of Albany Nimrods, among our most careful hunters, happened to shoot at a bird in his direction, three or four of the shot striking the boy in one of his legs. A hired man of Mr. McClung was leaning over, when a full discharge of shot passed directly over and close to his body. Had he been standing he would probable have gotten the benefit of the full discharge.—Democrat.

Elder Mercer's meetings are so full of promise that it is thought best for him to continue them over next Sunday. There will therefore be no evening service at the Christian church. Sunday school at 10 a. m. and social meeting at 11 a. m. Young people's meeting at 4:10 p. m. All cordially invited to these services.

The M. E. Sunday school will give an Easter concert next Sunday evening at 7:30. The program that will be rendered has been prepared by Rev. W. T. Smith who has been so successful in this work in the past. The church will be decorated. A cordial invitation is extended to all.

The following officers were elected to fill vacancies at the last regular meeting of Young America Engine company. A. W. Rose, president; S. L. Kline, vice president; —— Curran, second assistant foreman; C. E. Small, financial secretary and Jim Horning, recording secretary.

S. N. Wilkins recently returned from a visit to various parts of Polk county. He reports that in the vicinity of Buena Vista the hop louse has already made its appearance, notwithstanding Prof. Washburn's anouncement to the contrary, and that the hop raisers are getting out their spray pumps and other paraphernalia for fighting the pest.

SEWERAGE AND WATER QUESTION.

EDITOR GAZETTE.—I learn that in accordance with a petition from some of our citizens, our city council has conferred upon the people of Corvallis, the right to vote at the next regular election to bond the city for the purpose of establishing a complete system of sewerage for the city. I am surprised that any one should have conceived the idea that a complete system of sewerage is possible without a very efficient supply of water. Indeed, a sewer is only a channel or duct through which filthy matter may be conveyed by a copious use of water. Will any one contend that our present water supply is equal to such demands, or will any one say it would not be absolutely dangerous to health to discharge a waste pipe from a single kitchen into a sewer without using at the same time many times the amount of water now to be had on any street a few blocks from the river. But perhaps those petitioners and the council meant to establish a system of dry sewerage. City fathers are sometimes very wise, and may possibly have found out a new way to carry filth through a sewer and cleanse the sewer without the use of water. Or do these gentlemen propose that after this complete (?) system of sewerage is established, to cork it up at both ends and then wait until the spirit moves some one to call for water, after which they would submit to the people at the next general election, the question of water or no water? Possibly they may say the sewers may be used to carry off the surplus water during the wet months, but will not a filthy sediment be deposited in these sewers to surely exhale poison during the summer?

There is but one possible way, except as above mentioned, to make the proposed complete system of any avail, and possibly our last guess may be the very thing these people have in view, that is for the city to enter into another contract with the old "dry water company" to finish this complete system. Then it will stand thus: Our citizens will continue to pay the present exorbitant prices for no water, the city will be bound for a long term of years to pay a largely increased amount over what it now pays for no water, and the people will be taxed to pay for as great a nuisance as ever cursed a city struggling to overcome the depression of dull times.

But they will say, "Let us have the sewers first, and then the people will see the necessity of water." Could it be seen any plainer than now? Does not every man who has worked in our fire department know that water to put out even a small fire cannot be depended upon? Does not everybody know that insurance on property is much higher than it would be if we had a good supply of water, and that the uncertainty of getting any renders such organizations as fire companies of little or no use?

Citizens, let us not be deceived, this ruse is adroitly designed to fasten upon us the necessity of entering into a new contract with the water company as worthless as the old one, and by using a large part of the amount we are allowed to bond the city to effectually prevent us from getting a good supply of water at a reasonable price, leaving us only the reflection that we have lost a golden opportunity to work for the public good while we have assisted private greed to quadruple the value of a useless piece of property.

Now, it is because I am in favor of what this move seems to but does not mean (a complete system of sewerage) that I offer these suggestions and ask the city council to submit to the people the question of whether they want a complete water system or not. That all may know the probable cost of this I append an estimate from the well known and competent engineers, Adams & Gemmell, to wit:

ESTIMATE OF CORVALLIS WATER WORKS.

Pumping plant	$5,000
Stand pipe 16x100 feet, capacity 150,000 gallons	4,500
6,100 ft. 4 inch pipe @ 52 cts in place	3,172
10,400 ft. 6 inch pipe @ 74 cts.	7,696
2,800 " 8 " " " 87 "	2,396
Specials	1,000
40 hydrants, @ $40	1,600
Gates	500
Engineering and supt	2,000
Total	$27,864

Or in round numbers, $28,000. The present system must have cost but an almost insignificant fraction of the above amount, at least it could be so duplicated. ADAMS & GEMMEL.

It will be seen from this estimate that we can have a good supply of water with ample pressure at a very small cost, probably about $3,000 per year which, I venture to say, is less than one third of what we are now paying. G. W.

WHIST PARTY.—Messrs. Lotz, Craig, Covel and Hopkins entertained a number of their friends at Mr. Wardlow's residence last Saturday evening. Whist was the feature of the evening and the cards on which the score of each player was kept were novelties in the way of souvenirs. In the center of each card the photographs of the four entertainers were neatly arranged, and in one corner was a scene representing a bachelor's apartment, with the motto "Home, Sweet Home" above the door, while the figures of four persons were dimly visible through the clouds puffed from their fragrant Havanas, deeply absorbed in a game of cards. The edges of the cards were ornamented with various designs appropriate to the occasion. The score was kept on the backs of the cards, which reflected great credit on Mr. Lotz, the artist, and Mr. Pernot, the photographer. The evening was thoroughly enjoyed by all and ample justice was done to the dainty lunch which was served.

CIRCUIT COURT.

The April term of the circuit court convened last Monday with Judge M. L. Pipes on the bench. The docket is a short one and would indicate that the people of Benton county have been on their good behavior during the last three months. So far only two state cases have appeared on the docket. The proceedings of the court for the week up to Thursday morning are as follows:

Maria Armington vs Sol King, administrator; continued. This suit has been on the court docket for the past seventeen years. It was commenced in 1875 and has been continued every term since by consent. It is an action growing out of spoliation on account of Indian depredations committed during the Indian war of 1855-56 in southern Oregon and has been continued at every term since awaiting the action of the government upon Indian war claims.

Philomath College vs Henry Sheak; continued.

Benecia Agricultural Works vs Creighton & Quivey; continued.

Sol King vs Brink & Wright; continued for service on Wright.

Geo S Mires vs Henry C Mires; continued.

J McConkie vs N P Slate; verdict of jury $205 for plaintiff.

Geo Coffee vs Henry L Ran; verdict of jury for plaintiff $49.

Henry Follis vs John Larson; judgment for plaintiff $52.53 and $15 attorney's fees. Attached property to be sold.

R L Sabin vs T G Read; judgment for plaintiff $661.10 and $25 attorneys fees.

Christopher Melen vs Wm Butler; continued for service.

Wm S Ladd and Wm M Ladd vs W D Prettyman; judgment for plaintiff $692.21 and $25 attorneys fees.

John Harness vs Pearl Rollins; continued.

Geo Burkhart vs J R Bayley and Elizabeth Bayley; judgment for plaintiff 549.70 and $55 attorneys fees.

Arthur Wallace vs Steamer R C Young; settled and dismissed.

J H D Gray vs John Blake; judgment for plaintiff $325.81 with interest at 10 per cent. and $124.70 with interest at 8 per cent. and $30 attorneys fees.

James Patterson vs R F Baker and J B Lee; continued.

Anna Merryman vs Frank Skipton; continued for service.

W A Gentry vs D Morris and W F Hays, partners doing business under the firm name and style of the Corvallis Foundry and Manufacturing Company; continued for service.

F B Dunn vs Alexander Wood and W S Locke; continued.

J W Rayburn vs L L Hurd, et al; demurrer sustained.

L M Sloper vs T Graham, et al; continued for service.

Currence Shepard vs R F Baker and Nettie Baker; continued.

T Egenton Hogg as Receiver O P R R Co vs Peter McDougall; continued.

T Egenton Hogg as Receiver O P R R Co vs E Williams; continued.

T Egenton Hogg as Receiver O P R R Co vf C G Copeland and C Copeland; continued.

T Egenton Hogg as Receiver O P R R Co vs S A Logan; continued.

T Egenton Hogg as Receiver O P R R Co vs Joseph D Graham; continued.

John Harness vs M H Wallace and Mary J Wallace; continued.

L P Osburn vs Amanda Ketchum; continued for service.

J D Spencer vs C S Gideon, et al; decree for foreclosure of mortgage. Judgement against defendants Gideon and Gideon $481.66 and $50 attorneys fees.

Caroline Hamilton, et al vs Delilah Read, et al; dismissed at plaintiff's costs.

W S McFadden vs J B Lee and Charles E Friedley; continued for service.

Louis Winter admitted to citizenship.

Johnson vs A M and N A Thompson; sale of real estate confirmed.

Farmers and Merchants Insurance Co vs Wilhelm Schwartz; sale of real property confirmed.

John Haas vs Warren; sale of real estate confirmed.

An Oregon woman has been found who can work in iron and make cook stoves. Mrs. E. W. Allen, our world's fair lady commissioner has set the proper inquiries on foot as to whether she may supply the handsome kitchen range that will be required in the show kitchen of the woman's building.

SAFETY IN THE MIDST OF DANGER.

This would seem a contradiction—is so, in fact, to the eye. But experience has proved its possibility. Take the case of the individual who dwells in a malarious region. A robust constitution is no certain defence against the dreaded chills. What is? Recorded testimony, covering a period little short of half a century, proves that Hostetter's Stomach Bitters is precisely this. This continent does not limit the field where the medicine has proved its efficacy. In South America, the Isthmus of Panama, Mexico, everywhere in fact where miasma-born disease takes on its most obstinate and formidable types, the Bitters is a recognized specific in illimitable demand, and prescribed by physicians of repute. Potent, too, is it in disorders of the stomach, liver and bowels, and against that destroyer, la grippe. It improves appetite and sleep, neutralizes rheumatism and kidney complaints.

MARCH WEATHER SUMMARY.

The following is a summary of the weather for March as furnished by John Fulton, volunteer observer, of Oregon State Weather Service, at Oregon Agricultural College:

Elevation above sea level	319 feet
Mean temperature	49.5
Maximum temperature (Mar. 10)	74 deg.
Minimum temperature (Mar. 2)	29 deg.
Mean maximum temperature	55 deg.
Mean minimum temperature	37.8 deg.
Total precipitation	3.40 in.
Prevailing direction of wind	southwest.
Total movement of wind	5822 miles
No. of cloudless days	5
No. partly cloudy days	13
No. of cloudy days	13
Dates of thunder storms	Mar. 13, 17, 18
Dates of lunar halos,	Mar. 7

ATTORNEYS.—The following attorneys are in attendance upon and have cases in circuit court now in session in this city: S. W. Condon of Eugene, Judge Flinn of Albany, J. W. Rayburn of Whatcom, J. K. Weatherford of Albany, H. H. Hewitt of Albany, J. J. Whitney of Albany, W. Bilyeu of Albany, Daly, Sibley & Eakin of Dallas, W. C. Shepard of Waldport, Chas. E. Wolverton, of Albany, E. O. Potter of Eugene, and F. M. Johnson, J. R. Bryson, John Kelsay, W. S. McFadden, John Burnett, E. Holgate, S. T. Jeffreys, W. S. Hufford, H. G. Davis and W. E. Yates of Corvallis.

IT PAYS.—The Independence West Side says: "The motor line carried 2444 passengers last week, the largest number in the same length of time in its history. Since the 26th of last August to the present, 8000 more passengers were carried than during the same time last year. Last year there were nearly 60,000 passengers carried, and the excess so far this year, shows that this line will carry about 100,000 passengers this year."

NOTICE.

One or more surgeons of National Surgical Institute, No. 319 Bush Street, San Francisco, intend to visit in Revere House, Albany, April 27th, and in Occidental Hotel, April 28th, one day only. Write for circular.

This institute is specially devoted to treatment of curvature of the spine, diseases of the hip and knee joint, crooked limbs, club feet and bodily deformities. Their success in treating these troubles as well as all chronic diseases has made for the institute a national reputation.

All who are suffering from any of these complaints should not fail to take advantage of this opportunity for relief.

Reference may be had to the following: Rev. E. H. Condit, Albany, Or.; W. C. Morgan, Shedds, Or., Judge T. L. Davidson, Salem, Or., Governor E. P. Ferry, Olympia, Wash., E. G. Young & Co., Oakland, Or.; J. S. Mc

LETTER LIST.—The following is the list of letters remaining unclaimed in the Corvallis postoffice and advertised April 15, 1892: James Phillips, Warren Perry, Dell Savage, Geo. Scott, Danel Follett, J. H. Robbins, W. H. Parish, Henry Harkness, Miss Luella Hoisington. C. E. MOOR, P. M.

REASONS WHY

Dr. Price's Cream Baking Powder Is The Best.

FIRSTLY.—It is the oldest Cream of Tartar Baking Powder in the world, and has stood the test of 40 years.

SECONDLY.—Its makers have never succumbed to the temptation to introduce ammonia or alum in their goods, for the purpose of cheapening the cost.

THIRDLY.—It is made from the purest Cream of Tartar, refined in the immense plant at Jersey City controlled by this company, by patented processes used by no other refiner.

FOURTHLY.—The governments of the United States and Canada have endorsed Dr. Price's Cream Baking Powder after thorough examination, as have also the heads of our great universities, prominent physicians, boards of health and the public. It is used in the United States Army and Navy and in the cuisines of the most select clubs, hotels and private families.

FIFTHLY.—It is just what it is represented to be, viz: a pure Cream of Tartar powder and can stand on its record without any bolstering up by means of fraudulent certificates, or resorting to any other tricks practised—sometimes successfully—by other makers of so-called "absolutely pure" powders.

ON THE WAR PATH!
