Services at the Presbyterian
next Sunday morning and evening
Communion in the morning; Sabbath
school at 10 a. m.; Christian Endeavor
at 6:15 p. m.; service of song at 7:30,
followed by preaching. A welcome to
all.

Wednesday night of last week the
postoffice at Scio was broken into and
the safe burglarized of its contents,
amounting to about \$30 in cash and
something over \$200 in postage stamps.
No clue to the thief has yet been dis-
covered.

It is stated that farmers on the
Umatilla reservation are experiencing
great difficulty in obtaining threshers.
Thousands of bushels of wheat are
now stacked in the open fields, and it
is feared much loss will ensue if rain
fall soon.

T. H. Meranda, proprietor of the
Pioneer house, of Albany, has recently
remodeled and refitted that
hostelry and will make a specialty of
weekly board and lodging. The table
is supplied with the best the market
affords, and the prices are very
reasonable. Give this house a trial.

Have you seen those handsome new
reed rockers at L. Welker & Co.'s? If
not, stop in and take a look at them,
and while there inspect their stock of
furniture, wall paper, window shades.
They have just received a splendid
supply of picture frames, and will be
glad to entertain you by showing you
through their establishment.

W. R. Callaway, of Wells, was in
the city on Wednesday. He intends to
depart soon for California, where he
will remain through the winter. Mr.
Callaway is one of the oldest subscrib-
ers on the GAZETTE list, having taken
the paper for more than twenty-five
years. Our best wishes will go with
him on his journey.

Doctor G. W. Maston returned re-
cently from a trip up the Santiam, be-
yond Mount Jefferson, says the Albany
Herald. It rained in torrents up there
all week, and the doctor witnessed a
terrible mountain thunder storm. A
band of wild geese were paralyzed by
the lightning, and several of them were
picked up by the settlers. This sounds
a trifle fishy, but affidavits can be pro-
cured if necessary.

The Jacksonville Times says that
they hear numerous complaints of the
carelessness of town hunters who,
while watching deer holes in the moun-
tains, manage to kill, wound and cripple
a number of cattle each year. The
average mountaineer has sense enough
to wait until he can see what he is
shooting at before he fires, but the
average town fellow generally has the
back-ache so bad at the idea of draw-
ing a bead that he lets go at anything
that moves.

There are many little details about
an agricultural fair that are not gener-
ally attended to which would add
greatly to the educational value of the
fair, if done. It would be a great im-
provement if the name of the variety
of every exhibit of fruit, grain and
vegetables were given. The same is
true of poultry and live-stock. To a
considerable extent this was done with
the poultry and live stock exhibits at
the state fair, but aside from the ex-
hibits of the agricultural college there
were very few names to be found
among the fruits and vegetables
exhibited.

Y. P. S. C. E. ANNIVERSARY.—The
Young People's Society of Christian
Endeavor of the Christian church in
this city celebrated the first anniver-
sary of their organization last Sunday
afternoon. An excellent musical and
literary program was presented and a re-
port of the growth and work of the
Christian Endeavor societies of Amer-
ica was read. These societies are be-
coming a powerful agency in the church
work and are taking a position of
an equality with the Sunday school in
its christianizing influences.

KINDERGARTEN.—Miss Ida Booth,
of Newport, wishes to inform the
people of Corvallis that she will open
a kindergarten and private school in
Bunting Irvine's property on Sept. 19.
For further information apply to Mrs.
Dr. Thompson, Rev. Geo. F. Plummer,
or at R. Graham's drug store.

According to the St. Helen's Mint,
the Columbia world's fair committee
has selected five yellow fir, five hem-
lock, five cedar, five Oregon grape, five
spruce trees, and two brakes and two
ferns, each placed in separate boxes.
The trees are to be not less than five
feet high and are specimens of the
finest grown in that county. The ex-
hibit will be prepared this fall, the
trees planted in boxes and cared for
during the winter, so that they will
have an early and thrifty growth in the
spring. The state committee will at-
tend to the shipping of them to Chicago
next spring.

The Roseburg Electric Light Com-
pany has passed into the hands of a
receiver, Mr. L. A. Walker, of Port-
land, now being in charge, says the
Review. It seems that Manager Hurd
and the Thompson-Houston Electric
Company have had some misunder-
standing, and this is the result of it.
The plant cost about \$18,000, and was
bought partly on credit, but it is
already doing a paying business, and
Mr. Hurd expects eventually to come
out on top.

MARRIED.
INGALLS—CASE—At the Ocean House,
Newport, September 28th, 1892, by Rev.
Charles Booth, Mr. W. S. Ingalls and
Miss Ida L. Case.

Look out for
counterfeits, im-
itations, and sub-
stitutes, espe-
cially as regards
Dr. Pierce's
Little Liver Pills,
which are not
authoritative to
sell.
To guard against fraud and imitations,
the makers of Dr. Pierce's genuine medicines
now sell their world-famous remedies only
through druggists, authorized agents, and
under a positive guarantee of benefit or
cure, or money refunded. Authorized agents
have been, are, and always will be, sold at
Dr. Pierce's genuine medicines, which always
bring the best results.
Dr. Pierce's Golden Medical Discovery (the
remedy for all diseases arising from impure
blood), \$1.00 per bottle. Dr. Pierce's Favorite
Prescription (the remedy for women's chronic
weakness and derangements), \$1.00 per bot-
tle. Dr. Pierce's Pleasant Laxative (the origi-
nal Little Liver Pills), 25 cents per box.
But buy the cheapest medicines sold,
because you pay only for the good you get.

SECOND ATTEMPT.—Another at-
tempt to wreck an east-side train, the
north-bound overland, was made on
Thursday morning of last week, about
a mile north of Cottage Grove. A
steel rail had been placed across the
track, and would certainly have thrown
the train from the track had not the
pilot of the locomotive caught it. The
rail was pushed ahead for a distance
of nearly one thousand feet, when it
caught in a cattle-guard fence, which
it tore out on each side of the track.
The train moved ahead until it reached
a bridge, where it was brought to a
stop and the rail removed. It had been
sent almost double. A south-bound
train had passed this place forty min-
utes before, but from the fact that it
passed in safety, the derailing obstacle
must have been placed in position only
a short time previous to the arrival of
the overland on the spot. This is the
second attempt to wreck a train on
this road within a week and it is the
general verdict that the criminals
should be given a neck-tie party. The
Southern Pacific Company has offered
a reward of \$2000 for the apprehen-
sion of the guilty parties.

"The Flight of the Shadows," will
be Rev. W. C. Kantner's subject at
the Congregational church next Sunday
at 11 a. m. At 7:30 p. m., his subject
will be "The Lord's Look." The Y. P.
S. C. E. will meet at 6:30 p. m.
The exceedingly interesting and grow-
ing Sunday school, whose successful
service last Sunday evening made every
one happy, meets at 10 a. m. You
are invited and will be made welcome.

EVERYBODY TO THE RESCUE.

chine. Call and see that it is true.

FOR SALE.—Two yoke of fine
Slick Horn cattle, well broken, good
leaders for a logging team, can be
handled by a child. For further in-
formation inquire of
H. SARGENT.

TOO MUCH OF A RISK.
It is not unusual for colds contracted in
the fall to hang on all winter. In such
cases catarrh or chronic bronchitis are al-
most sure to result. A fifty cent bottle of
Chamberlain's Cough Remedy will cure any
cold. Can you afford to risk so much for so
small an amount? This remedy is intended
especially for bad colds and croup and can
always be depended upon.—For sale by T.
Graham.

A CHOLERA SCARE.
A reported outbreak of cholera at Hel-
metta, N. J., created much excitement in
that vicinity. Investigation showed that
the disease was not cholera but a violent
dysentery, which is almost as severe and
dangerous as cholera. Mr. Walter Willard,
a prominent merchant of Jamesburg, two
miles from Helmetta, says Chamberlain's
Cough, Cholera and Diarrhoea Remedy has
given great satisfaction in the most severe
cases of dysentery. It is certainly one of
the best things ever made.—For sale by T.
Graham.

HOME INDUSTRY!

Fine Buggies and Carriages.
will supply pay anyone for their time to go to
THE CORVALLIS
CARRIAGE & WAGON CO.'S
FACTORY
And see their large and extensive factory at Cor-
vallis, Oregon, where you can buy BUGGIES, CAR-
RIAGES AND SPRING WAGONS which, with proper
care, will last a life-time. They are made of the finest
second-growth timber and the best of other material
by this factory, where each piece of material is taken
from the rough and shaped in this factory by machin-
ery designed for the purpose. Each vehicle is finely
painted in the most elegant style.
ALL JOBS ARE MADE AND PUT TOGETHER IN DAY SUM-
MER WEATHER when the timber is thoroughly dry,
which is not done with Eastern jobs, as most Eastern
cars shipped to this country are built in winter and
early spring when the weather is damp. The beauty
of all these jobs is that they are all FULLY WEL-
DANTED and sold at such REASONABLE PRICES
that there is no excuse for anyone to buy anything
but a home-made rig.
