### OBSERVATIONS.

**ON MATTERS OF GENERAL LOCAL INTEREST.**

Corvallis is abundantly supplied with fraternal and benevolent societies, there being no less than fourteen organizations in the city, to say nothing of the W. C. T. U., Y's and church societies. The man who wants a good excuse to make to his wife, when he stays out late at night with the boys, has only to join three or four orders, then he has plenty of material for explanation. But nevertheless, prosperous beneficiary and fraternal societies in a city are a good indication of liberal enterprise and progressive ideas, and play an important part in the civilization of modern society.

Representatives of eastern capitalists recently visited Corvallis, and looked over the field with a view of bidding on the water bonds. After a careful examination of the city and county affairs, they were most agreeably impressed with the present solid and future prospective property of this section. As a consequence the water bonds were sold at a liberal rate of premium, while capitalists who did not have a correct idea of the financial status of Benton county were almost down to par with their bids.

During the latter autumn months of 1892, several young men of this city, who were not accustomed to cooking for themselves, concluded they would save expenses and put away something for a rainy day by establishing bachelor quarters. Cheap quarters were secured, and the different households boasted for awhile, how economical they were living on the best the market afforded. But, after awhile the novelty began to wear away. It was too much trouble to kindle fires, and sometimes the steak would burn, and other casualties of an unexpected nature would occur. Out of the half dozen or more who started in to keep bachelor's hall, only two remain in their glory. They are in the hardware business, and still boast of their cozy bachelor quarters across the street. The dentist and dry goods clerk have returned to their respective hotel, and restaurant, and the others don't care about batching any more.

The agricultural college is establishing a record for strict discipline, that will be hailed with pleasure by the patrons of that institution. Early in the week three students were expelled for becoming intoxicated. It is necessary for the welfare of an educational institution that strict discipline be enforced. People from a distance, who send their boys to the agricultural college expect that their sons must strictly obey the rules.

The Corvallis Times-Leader, under the present management, is controlled by the same "unscrupulous" influences that made every effort to defeat the election of Judge Fullerton last June. This journal should remember the words of Christ; "Take the beam out of thine own eye first, then thou canst see more clearly to take the beam out of thy brother's eye," before garbling and misconstruing a few sentences in order that they themselves may appear in a false light before their readers. "A man can not serve two masters."

**MOTHERS' RECOMMENDATION.**

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children.—Centerville, South Dakota, Citizen. 50 cent bottles for sale by T. Graham, Druggist.

### OREGON AGRICULTURAL COLLEGE.

**AN INTERESTING BATCH OF ITEMS FROM THAT INSTITUTION.**

The Hesperian Lyceum, last Friday evening, elected the following officers, after a choice literary programme had been rendered: R. C. Finley, Pres.; Miss Voorhees, vice-pres.; Miss Davis, sec.; Miss Orla Robb, treasurer; P. Nash, editor; W. S. Goodall, librarian; E. G. Emmett, sergeant-at-arms. An epidemic of "la grippe" has gone through the school during the last week, there being 14 cases of it in Caution hall and 8 in the ladies dormitory. The invalids are not seriously ill though, and it is a very mild form of grip that has attacked them.

**RHEUMATISM QUICKLY CURED.**

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, N. J.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by T. Graham, Druggist.

**KNIGHTS OF MACCABEES INSTALLATION.**

One of the most interesting public installations ever made under the auspices of a fraternal and beneficiary society in Corvallis, took place at the A. O. U. W. hall Wednesday evening. It was the installation of the newly elected officers of the tent of the "Knights of Maccabees of the World," which was held last week by Deputy Supreme Commander, H. Van Meter.

A large number of invited guests were present accompanied by their wives and daughters, and all enjoyed the exercises immensely. About seventeen Sir Knights of Albany came up on the steamer Bismarck and by private conveyance, who assisted Sir Knight Van Meter in the installation ceremony. Some of them were accompanied by their wives. The following officers were duly installed:

Past commander, J. M. Applewhite; commander, Charles W. Hodges; lieutenant, commander, M. L. Dorris; record keeper, E. C. Wallis; finance keeper, A. Hodges; prelate, J. T. Phillips; sergeant, I. A. Nelson; master-at-arms, H. L. Davis; 1st master of the guards, C. W. Thrasher; 2nd master of the guards, M. L. Smith; sentinel, G. S. Settler; picket, B. S. Martin.

After the installation ceremonies stirring but short addresses were made by Charles W. Hodges, M. L. Dorris and T. M. Hamilton, after which a beautiful supply of refreshments were served. More time was spent in social converse and music, and the visitors were dismissed who returned to their homes with the best wishes of prosperity for the Maccabees.

The lodge then went into secret session and five new members were initiated.

**CHOLERINE IN PENNSYLVANIA.**

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who have been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

Adam Bumbarger now languishes in the county jail. He recently stole some hams from his employer J. C. Taylor, who secured his safe appearance at the next term of the circuit court, for indulging in pistol practice one time during the past winter with E. L. Montgomery. ### TO ORGANIZE A CHORAL SOCIETY.

A. W. Bowersox and others are interesting themselves in the laudable move to organize a musical society in this city, and cordially invite everyone to attend a meeting at the Christian church next Monday evening, who feel interested in the matter. The subject will be thoroughly discussed at this time with a view of effecting an organization. Prof. W. W. Davis, of Albany, has promised to be present, and will favor those present with one or more solos. The object of this musical society is not to instruct new beginners in music, but to advance the standard of music in church choirs, and at public gatherings throughout the city.

### NEW ROAD MACHINES.

In view of the fact that road taxes will hereafter be paid in money, which will be judiciously expended on the various road districts in Benton county, County Judge Hufford contemplates securing three road machines of improved make; one to be placed on the road leading to Monroe, one on the Soap creek road, and the other in the vicinity of Philomath. These machines have been used with good effect on the roads of Multnomah county by the authorities, and are a grand success in good road building.
