FREE GOVERNMENT LANDS

Five as the choicest in California are waiting to be taken up in the beautiful

Honey Lake Valley

Lassen County, Cal.

Under the Extensive Irrigation System of the

Honey Lake Valley Land and Water Co.

EXPLANATION

THE BEAUTIFUL HONEY LAKE VALLEY CONTAINS A large tract of fine, level, brown land, all ready for the plow, in the year around. Honey Lake is a deep fresh water covering one hundred square miles. The U. S. G. Railroad has recently been built into the valley, and the Great Salt Lake road through Truckee Pass will also cross it. The land is easily cultivated and produces extra large crops of wheat, corn, barley, hops, corn, alfalfa, vegetables, fruit and stock. Wind and water are plentiful and cheaper. The land can be taken up without any advance under the Desert Act, in tracts of 40 to 120 acres, by a man or woman, married or single.

We are building a large Water System for the irrigation of this land. We want to get customers for the water we will have to sell, so will help you to get a piece of it. The land will cost you \$100 an acre to the Government, 25 cents down, and \$75 in five years. The Water is piped to the land and ready to use for \$25 an acre. The Company, in addition to \$25 on delivery to the land for its irrigation. All land office business is attended to for customers by us without extra charge. For the full details under the Desert Act as recently amended by Congress, visit show a water supply before they will be accepted. HONEY LAKE CITY, the town we are establishing, offers good chances for the establishment of new businesses, and is well worth investigating.

TAKEN UP WITHOUT RESIDENCE

Under the Desert Act, affording a chance for the speculator as well as the homeseeker.

EMPLOYMENT AT GOOD WAGES

For Men and Teams on the construction work, if you desire to make a home there

REMEMBER that these Lands are level, all ready for the plow, with rich soil, on railroad now built, and on line of another, building. Fuel is free, lumber cheap, and water plentiful. Good local as well as outside markets. The irrigation of these lands makes them immensely and immediately productive.

DR. BRIGGS SUSPENDED.

Another chapter of the Briggs heresy trial was concluded in the Presbyterian general assembly at Washington on the 1st. Having decided they had a heretic on their hands in the person of Dr. Briggs, the first thing for the delegates to the assembly to do on that date was to consider what should be done with him. The committee appointed to decide the matter brought in the recommendation, "Suspension from the ministry," and the assembly adopted the report. Dr. Briggs was accordingly suspended indefinitely, and he can only be reinstated on a recantation of the matter in his speeches and writings to which objection has been made. It is not likely that he will ever do this.

An idea of Dr. Briggs' teachings to which a majority of the church objects, may be gained from an extract from the doctor's remarks in his own defense. He said:

"Let me refer to the words spoken by Dr. Lampe yesterday. He said, if I understand rightly, 'We know nothing of Christ, save what we get in the Bible story.' (Dr. Lampe nodded in confirmation of the accuracy of the quotation.) He admits it. Are you ready to believe that, commissioners? Do we learn and know nothing of him through personal relations that we enjoy in the Lord's supper? I cannot subscribe to that doctrine. It is rank heresy, if ever heresy were promulgated in the history of a church. Now, let me call attention to another error made by Dr. Lampe. He said the Bible was the final authority given to us by Jesus Christ and the apostles. Just think of that, brethren. Did they give us nothing but what they found in the books of the Old Testament? Dr. Lampe's statement is dreadfully wrong. Another statement by Dr. Lampe in his argument yesterday was that the faith of the Christian church was based solely upon the scriptures. Are you ready to accept that? I am not. My faith is based upon the Lord Jesus Christ, and him alone. I now wish to bring forth my position. I shall adhere to the policy which I have thus far followed with regard to errors in the Holy Scriptures. I refused to accept the dogma that the original autographs were inerrant. I maintained there were errors in the texts which we have, and that it is improbable that the original texts, if we could discover them, would be much different from those we have in that regard. I refused to affirm there were errors in the original autographs, because it is unscientific and it is un-scholarly and it is against the truth-loving spirit of Christianity to make affirmations of dogma where we have no certain evidence. I always refrained, so far as possible, from pointing to the errors in the present text of the Scriptures, but every biblical scholar admits them."

Dr. Briggs occupies a chair of Biblical theology in the Union theological seminary, New York, but it is understood that the recent decision of his case will not affect his relations with that institution as it is supported almost entirely by New York merchants and others, and that he will be sustained by the board of directors and members of the faculty of the institute. It is thought, however, that the action taken at Washington will not end the matter.

The coast defense vessel Monterey returned to Mare Island navy yard last week after a final four days trial trip at sea, conducted by the board of naval inspectors Captain Howison president of the board expressed himself as delighted with the action of the vessel. The boiler, about which so much has been said, proved equal to every test.

It might be a good thing for succeeding generation if the American people would at this time inaugurate the free trade policy. It would be costly, but it wouldn't take long for this country to get all the free-trade it would likely want for a long time.

Governor Penoyer has many invitations to deliver Fourth of July orations but has declined all so far. The committees want a crowd and they desire to avail themselves of the advertising the governor has received of late. The power of printer's ink is truly wonderful.

The managers of the Eugene cannery have planted about 75 acres of corn on the Bushnell farm north of that city.

The president has intimated that he will probably call congress together about the 1st of October in-tead of the middle of September.

A needy woman - the one who's overworked, nervous, and debilitated. What she needs is Dr. Pierce's Favorite Prescription. It's made exactly to fit her case - an invigorating, restorative tonic, and a soothing and strengthening nerve, giving tone and vigor to the whole system. But it isn't a mere stimulant. It's a legitimate medicine, that an experienced physician has carefully prepared for women's ailments. All the functional derangements, chronic weaknesses, and painful disorders peculiar to the sex, are corrected and cured by it. And because it's a certain remedy, it can be made a guaranteed one. If it fails to give satisfaction, in any case, you have your money back. You pay only for the good you get.

The best pill costs less than any other. Costs less, but does more. They're smaller, too, and easier to take. Dr. Pierce's Pleasant Pellets are the best pills. They regulate perfectly the liver, stomach, and bowels.
