THE COMING SESSION.

Senators Look for Little Save Routine

Washington, Nov. 25. - Members of each day, and from interviews with each of the arrivals it is apparent that the senators expect little save routine legislation, including the passage of the annual appropriation bills, at the

short session of congress. Senators Cockrell, of Missouri, and Hawley, of Connecticut, both gave expression to thier opinions today, and both likewise agreed in the opinion that nothing need be expected at the coming session in the way of helping along an international bimetallic conference. Senator Hawley does not believe the Dingley bill will be enacted

into a law, adding: "The Dingley bill is confessedly a mere makeshift, with all the defects incident to horizontal increase or decrease of duties. If it should be passed as it is, it seems to me it would be the duty of the president to assemble congress as soon as possible after March 4 for a diligent consderation and revision of the whole tariff in a considerate and conservative spirit, to the end that a bill might be passed that would stand the test of years, subject, of course, to an occasional correction where new inventions and changes in trade may demand it. It is to be remembered, also, -The monitor Terror did today what that the Dingley bill expires by its no other ship in the United States own limitation in August, 1898, and navy ever did. She fired solid shot at it is impossible to evade the question;

WORLD'S WHEAT MARKET.

Scheme to Establish an International

Washington, Nov. 24.-The Post this morning says:
A conference of nations on the subject of the world's wheat market is un-

derstood to be desired by at least one of the great foreign wheat-growing empires. It is stated in official circles here that Rusisa is particulary friendly to such idea, and is believed be to making overtures, not only to the United States, but to England, the Argentine Republic and Austria, which are the principal wheat-growing nations of the world. The idea suggested, as outlined here, is that the nations, should pend for food, almost as unchangeable in value as gold itself has become. Beneral Weyler had ordered my arrest, This would enable the producer, in the event of an unusually large crop, to store his wheat and obtain thereon a loan that would tide him over until wheat was in demand in the wolrd's

A FLAX MILL TO START.

market, when he would get a full and

fair price for it.

Fairly Under Way.

Portland, Or., Nov. 24.-Mrs. W. P. Lord, wife of Governor Lord, untiring in her efforts to promote the flax industry in Oregon, held a conference in Portland yesterday with Dr. Thornton, of Washington, and Henry L. Deniel, relative to the project. The conference yesterday was the result of long correndence among interested parties. The plan, as given by one of the conferees, is to organize a stock company of \$100,000 capital, and to contract with farmers to furnish a specified quantity of flax per year, the contract to be based upon a reasonable estimate of the amount Oregon soil will produce per acre. Enough flax thus guaranteed, machinery will at once be ordered and a manufacturing plant located somewhere in the state. Salem stands a good chance to be selected as the site. The purchase of the old Scotch mills is under consideration.

A SHOOTING AFFRAY. '

California Man Went After His Wife but Got Cold Lead Instead. Jackson, Cal., Nov. 24 .- A shooting affray occurred early this morning on the Payton ranch, three miles east of Amadon City, resulting in the instant

killing of J. Thomas, at the hands W. Payton, his brother-in-law. Their married life was unhappy, and their matrimonial jars led to several separations, the wife returning to her folks on more than one occasion. The last separation took place a few days ago. About 5 o'clock this morning. Thomas repaired to the Payton place, and, rousing the inmates, said he had come for his wife. He was told it was

no time to come, whereupon Thomas drew a pistol and commenced shooting, one shot taking effect in Payton's shoulder. Payton then went into the house, got his shotgun and fired at Thomas, killing him instantly.

A Bridge Gave Way. Birmingham, Ala., Nov. 24.-A party of a dozen young people, who left Ensley City last night, in a wagon for a hay-ride, had their merriment transformed into death and disaster before they had proceeded a mile. A new bridge has just been completed across Village creek. While crossing the stream the bridge gave way, precipitating the wagon and its load of human edict. There is no railroad to Pinar freight fiteen feet below into the wadel Rio from Havans, and it is in this ter.
