The "incline" has been repaired and improved until it is now a model of convenience. Passengers can comfortably board the O. The O. A. C. Barometer, the students' magazine, for November, shows a great typographical improvement, and its appearance is highly creditable. Joe Smith, Multnomah's big full-back, is at Eugene coaching the university football team. The success of the O. A. C. boys last Saturday evidently has frightened the dudes. The Chemawa Indians play the dudes at Eugene to-morrow.

MARRIAGE FAILURES.

Six Wives Seek a Legal Divorce From Unappreciative Spouses.

There are at least six married females in Benton county who are sorry they wedded the men they did. Six regretful wives will ask the circuit court next week to dissolve the ties that bind them to their several husbands.

Melissa Hogan sues M. D. Hogan for divorce. She charges the defendant with cruel treatment and with falsely accusing her of improper conduct. He charged her falsely with working in the hop fields for very immoral purposes and without reason accused her of being unduly intimate with one Geo. Daggett.

Gussie Heckart asks for a legal separation from Chas. L. Heckart, whom she says treated her cruelly, heaped personal indignities upon her and deserted her. Plaintiff alleges that defendant applied vile and indecent epithets to her, struck her violently on several occasions and once threw her to the floor. She asks for the custody of the two children.

Dennie Ross doesn't like the way her husband treats her, and prays for a divorce. From the complaint it is judged that the defendant's manifestations of husbandly affection cousisted largely of blows and curses, occasionally striking her to the floor by way of a change.

Hannah McDonald alleges desertion as the basis of her divorce suit against G. M. McDonald and asks for the custody of two minor children.

Nancy A. Ridenour says her husband deserted her August 6, 1878—21 years ago, and that they have not lived together since. She now asks for a divorce.

Martha J. McDonald also claims that Chas. McDonald deserted her and wishes the bonds dissolved. Two minor children are the result of the marriage and plaintiff asks for the custody of the youngest boy.

Congressman Ellis, when in town last week, stated prejudice against any further Yaquina improvements, exists in powerful quarters. He urged the people of Oregon to work incessantly and in every suitable manner impress congress and the administration with the importance of the desired improvement. Congressman Tongue will visit Yaquina soon in company with Mr. Ellis, and the two representatives will thoroughly post themselves for the coming Yaquina campaign. Arrangements should and doubtless will be made for prominent local citizens to accompany them to the bay and assist them in gathering needed information.

"Going into a decline." How often do we hear this expression. What does it mean? It means that people are losing flesh, growing thin, wasting. The way to correct this condition is to improve the digestion. The condition arises from an inability to eat and digest food. In fact food does more harm than good because it ferments and putrefies in the stomach, developing poisonious substances which when absorbed cause various disorders. What is required that the stomach be made to perform its duties. The Shaker Digestive Cordial is a food already digested and a digester of food as well. It will make the stomach healthy. Get a book from the druggist and read about it.

Farmers Victorious.

A thousand people shouted fervently Saturday when the O. A. C. football team made its first touchdown against the Chemawa Indians. The first four points were made by hard individual playing and excellent team work, the Chemawa boys putting up a fine defense. The farmers made six more touchdowns, but they were more easily earned. Goal was kicked three times and the game ended with O. A. C. 34, Chemawa 0.

The most interesting part of the game was in the beginning when the farmers tried end runs, and the Indians displayed considerable tackling skill. For some time the spectators thought that the two teams were well matched and as the ball was rushed backward and forward the excitement ran high. But the farmers gradually gained and Dou Holgate, with one leg badly sprained, hopped across the line for the first touchdown.

Then the O. A. C. boys tried line bucking and finding this profitable, kept it up during the rest of the game, with only occasional end runs. The Indians could make no impression on the home teams' line, which is a remarkably strong one. Chemawa's full back made the gains for his team, doing some splendid playing. His work throughout was first class.

Pap Haysaed held down his 240 pound man in excellent style and was always out in the interference. He played ball from the beginning to the end and when he walked off the field with his dusky opponent he was the picture of happiness.

Bodine played his usual game and his usual game is highly creditable. He is a "sure thing." The left guard went in with an injured knee and played like a steam engine until another fierce wrench of his injured leg forced him to retire. Elgin, who took his place, is a comparatively new player, but he acted like a veteran. He is strong active and has a quick eye.

Walters can always be depended upon to hold his part of the line and Saturday he was very effective. Thurston showed surprising improvement over his playing of last year and is now in the front seat. He is as hard as a rock, quick as a cat and strong as a bull.

The end men, McBride and Stimpson, were quick and keen sighted and tackled like lightning. They did not have many opportunities to make grand stand plays, but their work showed that they are the right men in the right place.

The work of the backs was commendable. Kruse has not played quarter long but he is going to make a good one. He has the right spirit for a footballist. Holgate, Pendleton and Scroggins played a winning game as half backs. Holgate had his knee badly wrenched in the first half, and though he played on for some time, he was finally forced to retire and will not be able to appear on the field for several weeks. All three played a rattling good game, offensive and defensive. Gault is, considering everything, the best full back the college has ever had. He has determination, grit and enthusiasm. He failed on several goal kicks Saturday, but is usually a sure kicker. He was suffering from severe muscle bruises in the game, but never let up.

Saturday's game demonstrated that the boys can play ball and that for the opportunities, Coach Bloss has done his work well. It has been very difficult to get the boys out to practice until recently, but their team work showed up well and their interference is fine.

A second team has been organized with Bruce Burnett as captain. There are 20 candidates for places. Brad Burnett has kindly consented to coach the boys and will soon have them in fine shape. They have been lining up against the big team since Wednesday, and give the "firsts" good practice.

There will be no game to-morrow, nor is it likely there will be one a week from to-morrow, as the boys are to play Eugene on the 20th, and do not wish to risk getting injured. But there will be good hard practice every evening and Saturday afternoons.

They are anxious that the Thanksgiving game be played here, and if they defeat Eugene it probably will. The final game will likely be between O. A. C. and Forest Grove. The only time these two teams lined up against each other was in the beginning of the season last year, when the score stood 0 to 0.

J. C. Barry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve. He had been troubled with piles for over thirty years and had used many different kinds of so-called cures; but DeWitt's was the one that did the work and he will verify this statement if any one wishes to write him. Family Business Quarrel.

The large store of Nichols & Holm, Philomath, was closed under a writ of attachment Tuesday, the writ being issued upon affidavit of J. W. Ingle, who claims that the firm is indebted to him in the sum of $7.625 now due and owing. When the sheriff reached the store he found it in possession of Mrs. Holm, who claimed ownership under a bill of sale recently made. The sheriff, however, closed the establishment and placed it in the hands of Jerry Henkle.

Mr. Ingle is father-in-law of both members of the firm of Nichols & Holm and formerly owned the store. He sold it to them November 16, 1895, they giving their notes to him for a large amount. These notes are for $1000 each, and are due at different years. The interest on all the notes is payable annually—Nov. 1st of each year, and if not so paid, the whole sum, principal and interest becomes due and collectable. One note for $1000 fell due on the first of this month and the interest on the whole amount. This was not paid at the time and the next day Ingle sued for the entire amount owing with interest, $7,625 in all.

October 30th, R. F. Holm and wife deeded their real estate in Corvallis to Chas. A. Holm, consideration being $520 and on the same day E. A. Nichols and wife deeded their home in Philomath to Frank E. Williams, consideration $500. The sheriff had been directed to attach both places, but the attachment came late.

The members of the firm seemed to be capable, industrious and steady young business men and to be enjoying a good trade. It is said they have already paid a large sum on their indebtedness and much regret is expressed that the unfortunate entanglement should occur. If there are any other creditors they have not put in an appearance and it is probable that there are none.

Steps are being taken to replevin the store and have it turned over to the claiming owner, Mrs. Holm.

Thousands are Trying It.

School Clerks' Attention.

Your attention is again called to the law, which compels all holders of state diplomas or state certificates, to have the same registered in the superintendent's office. Without the superintendant's stamp of registration on them, no state diploma or certificate is a legal one in this county.

Very truly,
G. W. DENMAN,
County Superintendent.

There is no need of little children being tortured by scald head, eczema and skin eruptions, DeWitt's Witch Hazel Salve gives instant relief and cures permanently. Allen & Woodward.

The Legal Aspect.

Judge Burnett has taken steps to have the action of the commissioners' court of last May, in reducing the assessment of the First National bank stock, reviewed by the circuit court. His petition for a writ of review, After reciting the action of the court, claims that said decision, order and judgment of said county court is erroneous in this:

1st. It is an attempt to act on and decide a question over which it had no jurisdiction.

2nd. It attempts and undertakes to reverse and annul a decision and order of the county board of equalization contrary to the statute.

3rd. The county board of equalization had equalized the assessments for 1896 and had completed its labors entirely and adjourned, and the county court had no power over the assessment roll whatever.

4th. The county court had no authority, power or right to change the assessment for 1896.

5th. That said decision and order is erroneous and the county court exercised its functions erroneously and exceeded its jurisdiction in expunging a portion of the assessment made by the county board of equalization and in changing or making new assessment of said bank stock.

The review is not to determine the proper assessable value of the bank stock, but to inquire into the legal right of the commissioners' court to annul the action of the board of equalization.

AT THE COLLEGE.

Happenings on the Hill.—The Flag Raising.

The cadet band shows marked improvement. Their music is very creditable.

Congressman Ellis was one of the spectators at the football game last Saturday.

The Barometer for November came out in a new dress. It is a fine publication and ranks up among the best of college journals.

The "every day" flag presented to the college by Prof. Craig, was raised with military honors Friday morning. The exercises were appropriate and beautiful.

Hallowe'en night was not observed with the usual demonstration of mischief. A few torn-up sidewalks alone disclosed the workings of the "e'eners."

Students and citizens will be entertained if they attend the college chapel this and to-morrow evening. Henry Barden's lectures on the civil war are said to be brilliant and moving.

The boys will have a strong field and track team this year. Colvig and Kelly will be missed but there are several likely men among the new students. The O. A. C. is determined to retain the laurels won last June.

All the students are happy over the football victory and look forward to the big Thanksgiving game, which will very likely be played on our grounds. It is thought the final game will be between Corvallis and Forest Grove.

Prof. Pritchard, the other morning, twirled his baton in chapel, but the singing was a little bit ragged. "Now observe the baton" he said. "Keep your eye on the lyre at the end of it." The baton has two ends, and the students laughed.

The money collected by Pres. Gatch from the students and professors was for a handsome baton presented Thursday morning to Prof. Pritchard, our capable and accomodating leader of chapel singing. None knew until Thursday what their nickels were for and Mr. Pritchard helped buy his own present.
