Our boys at Camp Merritt are having a hard time keeping warm. However, when they reach Manila it will be as troublesome to keep cool, and the boys will many times wish they could enjoy the cold winds of the Bay City with the fogs thrown in.

Our Corvallis soldier lad is writing home for some of mother's pies and sweet cakes. Each one of them is willing to qualify, under oath, that his mother is the best cook on earth. Before they donned the blue coat one believed his mother only a fair sort of a chef. Absence from the parental roof tree and the savory viands created by mother's deft and skillful hands enlarges the vision, matures the judgment, and develops the palate to a high degree.

Charles Blakeslee, of this place, was seriously injured Sunday evening last. He was on his way with his threshing outfit to the grain fields of Soap Creek. When about three miles out of town one of his horses balked. Charley got down off the wagon, gathered a good sized stick, lifting the horse a smart blow. The horse resented the attack and planted his foot squarely over his assailant's number of hours. He was carried to his home and is now doing well under the care of Dr. Altman. Unless complications set in he will likely recover. It was a very close call and is a wonder the blow did not cause fatal results.

Reflections.

If a man, with a breath that would stop an electrocution, hails you on the street and attempts to discuss great problems of state, he is probably incited.

At Rest.

Just as the GAZETTE was going to press last week we learned of the sudden death of Charles H. Ryder, of this place, and briefly announced the fact. Mr. Ryder was born January 1, 1822. He located in this town in 1878 where he has since lived. He was 36 years, 7 months and 3 days old at the time of his sudden taking off. Charley, as he was familiarly known, was a strong, active citizen and the mainstay and comfort of his aged parents with whom he lived and cared for, having never been married. He will be greatly missed by all, and especially so by his parents, who were so dependent upon him in their declining years. His funeral occurred Friday, the 5th, in presence of a large and sympathizing congregation, and was conducted by Rev. Mark Noble, pastor of the Baptist church of this place. The family feel deeply grateful for all the kindness shown.

Wanted, wood on GAZETTE subscription.

Died.

Mrs. T. W. Gorman, of Yaguina City, known to many of our readers, departed this life July 31st. Mrs. Gorman and her husband, who is a merchant at Yaguina, and their family settled there 12 years since, having removed from California. She for a number of years has been a follower of the meek and lowly one, and a faithful member of the Episcopal church. She had many sincere friends. Simple and unaffected in her life, she won the esteem of all who formed her acquaintance. Her life was lovingly devoted to her husband and children. May the inspiration of her unselfish and Christian life act like balm upon the stricken husband and children, be the prayer of the GAZETTE.

Card of Thanks.

We desire to return our heart-felt thanks to our neighbors and friends, of Corvallis, for their sympathy, and especially to all for their kindness in our sad bereavement, death and burial of our son and brother. Their many Christian acts will always remain green spots in the desert of earthly grief. We desire especially to thank the ladies for their many tokens of respect evidenced by the beautiful flowers so generously given to decorate the last resting place of our loved one.

The Discovery of the Day.

Ans. J. B. Bepel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best I have." J. P. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Graham & Wells' drug store.
