RUSSIA MASSING TROOPS

WANTS OUR PROTECTION.

Liberia Seeks the Shadow of the Stars and Stripes.

Pittsburg, Pa., Oct. 19.—Bishop Joseph C. Hazel, of the Methodist Episcopal church, whose bishopric is in Africa and who is attending the meeting in this city of the Phi Gamma Delta fraternity, stated tonight that he had been commissioned by the negro republic of Liberia to visit Washington and urge that the republic be taken under the sheltering wing of the United States. Threatened invasions upon its territory by the Germans, French and English prompted the government to seek the shadow of the Stars and Stripes.

"I am on my way to see Secretary Hay," he said, "but the special representative of the republic of Liberia, to secure a protectorate, either quasi or actual. What they want America to do is to say to the European powers in Africa: 'We have an interest in Liberia; this country belongs to us.'"

"The actual protectorate can be established or not will depend upon how far the Liberian government is willing to go, assuming that the United States answers favorably."

SPAN QUIET TOO SOON.

Took Alger Seriously and Now Has Cause for Regret.

Washington, Oct. 19.—Information has reached the war department that a high officer of the Spanish army, very recently made the statement that had the Spaniards been aware of the condition of the American army, its inability to withstand the hardships of a campaign, its lack of medical and other supplies and its general inefficiency, they would not have given up, but would have continued the fighting for a long time to come, fully believing that they would have been able to prevent the capture of Cuba by American arms. This statement is given in a report, which has been sent to the American command in Cuba, and causes some uneasiness in official circles, as it may mean that the Spaniards are not yet ready to yield the island, under the terms of the protocol.

LOWER POSTAL RATES.

Washington, Oct. 19.—Third Assistant Postmaster-General Garrett, in his annual report, recommends immediate negotiations with the postal administrations of England, Germany and France to reduce the international postal rates to 2 cents a half ounce or fraction thereof. The report says:

"The department now receives nothing in the way of revenue from ocean letters, practically all the postage paid on them going to the steamship companies carrying the mails. If the rate should be reduced, the same state of things would exist; the steamship companies would suffer no hardship, and the stimulus given to correspondence by the reduction of rates would no doubt eventually give them as much compensation in the way of postage as they now get."

During 1897 the flour was again in short supply, but the value increased \$86,183 as compared with the preceding year.

THE IRISH EXCITED.

Dublin, Oct. 19.—There was great excitement all night long at Ballinrobe, county Mayo, due to serious collisions between the people there and the police, growing out of an Irish league meeting announced for yesterday evening. About 30,000 people assembled, and Messrs. Michael Davitt and William O'Brien, who were to be the speakers, were met outside the town by a detachment of 300 police and were prevented from entering the place. The police were forced to charge the crowd frequently.

CRISIS WAS REACHED.

Judge Day Made Positive Demands on Spain.

London, Oct. 19.—A dispatch to the London News Agency from Paris says: "Today the conference reached a crisis for the first time. Judge Day presented the demands of the American commission in threatening words. He said that delay was the only possible object obtainable by the persistent efforts of the Spanish commissioners to saddle the United States with the Cuban debt, and would be tolerated no longer, as the United States would neither assume nor guarantee any part of the debt."

"The Spaniards replied that this placed Spain in a position of repudiating or of reducing the face of the Cuban bonds from 50 to 60 per cent, paying only half the stipulated interest on reduced value. Before they would adopt either alternative they would surrender the United States the entire Philippines."

"Judge Day responded that the surrender of the Philippines would probably be demanded, irrespective of the Cuban or any other debt."

"This, to the Spaniards, the first intimation of the intentions of the United States as to the Philippines, resulted in a whispered conference, followed by a request for an adjournment in order to communicate with Madrid. Judge Day said that President McKinley had instructed him to demand the entire surrender of Porto Rico, and the United States officers before midnight, together with the evacuation of Havana on or before November 1, when the United States would be at the gates of the city ready to take possession."

"There was an alternative offered in the form of the demands; the session consequently was very brief."

DEATH IN THE STORM.

Pitiful Fate of a Young Boy Near Florence, Colo.

Denver, Oct. 19.—A special to the Rocky Mountain News from Florence, Colo., says that a young boy named Leo, and his 10-year-old brother came to Florence, from their home, six miles from Florence, to do some trading. After spending the day about town, at 6 P. M. they started home in their wagon, but, as the special reported, the rain turned to a blinding snow storm. The father lost his way, and wandered about among scrub pines and in the hills all night. The wagon and team was abandoned, and an effort was made to reach home on foot.

"The boy, who was a little fellow, became cold and numb and froze to death in his father's arms. The father managed to keep alive by walking, until he could walk no more from numbness of limb. Daylight broke, and Leo knew he was not far from home, but he was unable to find his way, and his cries were heard by his wife, who went to his rescue. Neighbors were summoned and the old gentleman was assisted to his home, but he was so near death that he could not give an intelligent account of the night's wanderings. The dead body of the boy, who had a pitiful story of his sufferings, was found in the morning. He wore a pair of knickerbockers, a small coat, but no underwear nor outer coat. His shoes and stockings were almost completely worn out."

BOOTS TOBACCO ADMITTED FREE.

Washington, Oct. 17.—Assistant Secretary Howland, of the treasury department, has consented to the admission, free of duty, into Santiago, of 100,000 pounds of Cuban tobacco in the possession of General Franco Sanchez, having charge of the insurgent army at Mayari. This is a lot of "booty" tobacco, and will be expended for the benefit of the Cuban army, which needs supplies of clothing and subsistence. The question was referred to the war department by General Lawton, and in turn sent to the treasury department for its recommendation.

Paris, Oct. 19.—Confirmation is given to the ministry of marine to the report that Admiral Poincaré, now at Tunis, has been ordered to return to immediate active service, and orders have been issued that the largest possible number of gunners go to Brest to man the forts. These preparations are thought to be the result of the Fasioda affair with Great Britain.

Papers here say three British ironclads are engaged in gun practice off Dizert, a French naval station in the Mediterranean.

NEAR BOLLING POINT.

Bayonne, France, Oct. 19.—Advices received here from Madrid point to interference in military circles there. Members of the Military Club openly and severely criticize the government for concluding what they term as a "humiliating peace," and some of them even suggest the establishment of a military dictatorship under the present dynasty.

The officials at Madrid deny the report current on the Continent that Captain-General Balboa has resigned.

FIRST DEMAND OF SPAIN

Flatly Refused by American Peace Commission.

SETTLED BY THE PROTOCOL

Americans Positively Decline to Assume Responsibility for the Cuban Debt—Two Week's Labor.

Paris, Oct. 18.—The American and Spanish peace commissions closed their first two weeks of labor here today, and the progress made has been chiefly by negative action, owing to the attitude of the Americans.

The first article of the protocol provided that Spain will renounce its claim to sovereignty over and title to Cuba. The Americans opened their case by the assumption that little or no action was necessary regarding Cuba on the ground that its disposition was definitely fixed by the terms of the protocol. Notwithstanding that at the meeting, last Thursday, the Spaniards submitted suggestions and propositions amounting to holding that the United States should take over all or part of the Cuban debt. Tuesday, Senor Montero Rios, president of the Spanish commission, verbally repeated it at length, and reiterated the same in summarized form.

The Americans at their own session, Wednesday, took up the Spanish presentation and determined the formulation of the answer of the United States. Careful, exact, and full was the preparation of the answer, and therefore, it became impossible, as intended, to serve a copy of it on the Spanish before the hour of opening the session, so that the oral discussion might begin promptly.

Whatever may have transpired at yesterday's session, whether the Spaniards were not advised that the United States declined to assume the Cuban debt, it may be distinctly said that with such light as it now has, the United States commission will consistently and to the end refuse to assume all or any part of it as debt. The protocol was signed at 11 o'clock. The quarter was not sufficient to permit her answering the helm. It has been suggested that her compass was faulty; but daylight lasted long after Eddy-stone light was passed. The sailors say the fact that the Lizard light was visible should have served to give the alarm.

GOMEZ IS OBSTINATE.

The Cuban General Refuses to Disband His Army.

New York, Oct. 18.—A dispatch from Havana says: It is generally believed a serious breach has taken place between the executive department of the Cuban republic and the leaders of the military forces. Word was received here that General Wood has received a communication from President Maso, advising that nothing be done by the Americans that can be construed as recognizing the Cuban government. Maso has been joined by his colleagues in declaring that the time has arrived for disbanding the Cuban forces. This course will be vigorously combated by General Gomez.

General Juan Ducasse, one of the chief advisers of Gomez, has arrived at Havana to consult the opponents of Maso and all those who favor a Cuban republic and oppose further American intervention. General Ducasse declares that Gomez will lead the insurgents back into the field before he will submit to disarming them while the American and Spanish soldiers remain in Cuba.

Colonel Warling's first inspection of the city filled him with surprise. Conditions are much worse than he expected. Everything is favorable for an outbreak of fever. In normal times deaths in Havana number about 30 a week, but now average fully 100 a day. The deaths are mostly the result of pernicious fever.

FIRST AT SAN JUAN.

New York Regiment Enters the Capital of Porto Rico.

Washington, Oct. 18.—The following dispatch was received at the war department this evening:

"San Juan, Oct. 18.—The Forty-seventh New York arrived at San Juan at 6 P. M. EDDY, Colonel."

It is presumed by the war department officials, inasmuch as nothing is said to the contrary, that the regiment has been permitted to land at San Juan. It was feared objection might be raised by the Spanish officials to the landing of the regiment at San Juan before formal possession was yielded to the American forces on the 18th inst. The Forty-seventh New York has the honor of being the first American organization to enter the capital of Porto Rico.

COMMANDERS OF THE DISTRICTS.

Ponce, P. R., Oct. 18.—The Stars and Stripes will be formally raised at San Juan Thursday. Brigadier-General Fred Grant will be given command of the district of San Juan, comprising the jurisdictions of the cities, Bayamo and Humacao, with the adjacent islands. Brigadier-General Guy V. Henry will be given command of the other portions of Porto Rico.

THE CRISTOBAL COLON.

Hobson is Confident of Raising the Wreck.

Santiago de Cuba, Oct. 18.—Naval Constructor Hobson, who has arrived from the wreck of the Spanish cruiser Cristobal Colon, will leave tomorrow for Guantanamo on business connected with the Infanta Maria Teresa, which is expected to get off to the United States before the end of the month. For the last few days he has been engaged in preparing to raise the Cristobal Colon, a work which is practically impossible from the sea because of the dangerously heavy swell. The operations will, however, be conducted from the shore. Mr. Hobson has built a trolley line out to the ship, a distance of 150 feet, with a suspension bridge; and the compressed air pump is now in position. On his return from Guantanamo he will push his operations vigorously, as he feels absolutely certain of raising the hull uninjured.

ANARCHIST PLOT.

King Humbert, as Well as the Emperor, Was to Be Assassinated.

London, Oct. 18.—The Alexandria correspondent of the Daily Mail, telegraphing regarding the anarchist plot against Emperor William, which was discovered Friday, says:

"The plot against the kaiser is hourly proving more important, each arrest disclosing new ramifications. The documents found disclose a plot to kill King Humbert already well matured. Fifteen persons, all Italians, have been arrested. The original plan was to throw a bomb of gun cotton and fulminate of mercury on Emperor William's carriage in a narrow street of Cairo. When the Egyptian trip was abandoned, elaborate arrangements were made by the conspirators to send confederates to Jerusalem to carry out the plot during the dedication of the German Church of Our Redeemer."

INSURGENTS OVERSEAS.

Manila, Oct. 18.—The insurgents at Lagnep have prevented the American steamer Hermanos from loading or unloading on the ground that there are Spaniards on board. They also refused to allow any of the men of the United States cruiser Raleigh to land without permission from General Aguinaldo.

THE PEACE JUBILEE.

Opened With a Service of Thanksgiving.

Chicago, Oct. 18.—The national peace jubilee, of Chicago, was tonight inaugurated with a thanksgiving service at the Auditorium. President McKinley attended and listened to addresses by a Jewish rabbi, a Roman Catholic priest, a Presbyterian clergyman and a noted colored orator. The applause for the president was terrific, and at one time he was compelled to rise in his box and respond to the frantic cheering of the audience. The services, however, were of a religious character, and at times the solemn silence of the vast assemblage was much more eloquent than could have been the wisest applause.

The vicar of an English parish recently declared that he believed in the immortality of animals, and that he would far rather meet them in heaven than in any human beings of his acquaintance. The vicar, a Presbyterian clergyman, and a noted colored orator, the part of his congregation rose in his indignation and left the church.

WOMAN SUSPECTED OF A TERRIBLE CRIME.

Dominion City dispatch says a cold-blooded butchery took place in the Galician settlement, east of there, some time within the last 24 hours. A Galician man and his four children were found dead in the house. The wife is missing, and is suspected to be guilty of the crime. The weapon used was an ax. The man's head was nearly severed from the body, and the children's bodies were more or less mutilated. It is understood the couple had frequent quarrels. The name of the family could not be learned.

THE LIZARD WRECK.

Bodies of Many of the Victims Have Been Recovered.

London, Oct. 18.—The Atlantic Transport Company issued the following statement this evening regarding the fate of the passengers and crew of the steamer Mohagan, which was wrecked last Friday evening off the Lizard, between the Manacles and Lizard lights.

"Of the passengers, 11 have been saved, 10 bodies have been recovered, and 33 are missing. Of the crew and cattleman, 89 have been saved, 14 bodies have been recovered, and 51 are missing."

"This statement was issued, nine other bodies have been picked up, including two that have been identified as those of passengers. The reports of the various correspondents differ widely as to the rescues, recoveries and losses, though none agree as to the exact number of those saved or of the bodies recovered."

The bodies of the following passengers have been recovered: T. W. King, Edna King, Master King, Mrs. Weller, James Blackey, Miss H. M. Cowen, M. Fallows, B. Franklin Fuller, Mrs. L. Luke, George Seymour, Miss L. H. Warrenner.

The latest advices from Falmouth this evening say that 38 bodies have been identified, mostly the bodies of sailors. Four are as yet unidentified, including those of
