CITY AND COUNTY.

Found.-The party which left Beiknap's Springs on the 7th to search for John Crain, found his body in the cabin on the summit. he having been dead it is supposed just about one month when found. When ha left Beiknap's on the 3d of February, he was told by Mr. Powers, the contractor, not to try to return if he thought the trip would be more than ordinarily dangerous. He told Mr. Suttle, at the springs, that he need not be uneasy if he did not return on time, and hence no thought of his having perished occurred to the contractor. As soon, however, as it was learned from Camp Polk that he had not been there, Messra Renfrew and Sims were started to search for him. As stated last week, on account of snow April 12, 1875, to-date ; blindness they were unable to reach cabin on the mountains. On the 7th, M Wykoff and another man whose name have forgotten, started on a second expe tion, and on reaching the second cabin fou the lifeless semains of Mr. Craig. . It won seem that he reached the first cabin ca enough in the day That he thought he cou make the second one, three miles forther o before night, and that he broke beyond pair on the bleak mountain one of his sno shoes, and spent that night and a portion the next day in wallowing through the sno before reaching the cabin. When he d reach it he built a fire and ... tay down before it in his wet clothes and went to sleep and slept until the fire had burned out. Then state, attempted to build another fire, but lay down in the warm ashes and slipt the sleep that knows no waking. Mr. Wykoff was not frozen, in the snow, and as soon as possible it will be brought down and properly buried. How to Do IT .- We are informed that the members of the Good Templar Lodge at Creswell have decided to demonstrate that Pianoza-Standard Organs, and general musical merchandise-D. B. Gray, at Ellsliquors are of no use either as an ingredient for medicines or as a beverage. Some one worth's Drug Store. went to that town some time since and opened a drug store. He was waited on by a committee from the Lodge with a request sage on the Oriflamme. en route for New not to keep liquors. Not complying therewith, the Lodge passed a resolution to fine any member who should patronize the draggist in any manner the sum of five dollars. and one of them even walked to Eugene for a pint of alcohol which he peeded, rather than patronize the Creswell druggist. Temperance is very much like the thing it is fighting, a good thing in its place, but when taken in too large doses is more liable to do barm than good. A drug store Without liquors would be like a wagon without wheels, a very hard thing to get along Λ half dozen fapatics banded together will in the course of time break down any organimation, no matter how good and noble its
