#### AND COUNTY. GOV. GROVER'S SPEECH.

Gen. Odell Completely Slaughtered. The Democrats at Junction invited Govplace on Saturday last, and in response to the invitation he was present and made a clear and forcible speech to the large audience assembled. The Governor's review and comparison of the different administrations of the Governors of this State since the adoption of the Constitution was an unanswerable argument for the purity and honesty of the Democratic party of this State. He first took up the administration of Governor Whiteaker, and in his clear, logical and forcible manner, showed that the State Govaroment was economically and honestly administered; that a debt of some ten thousand dollars incurred while the State was ouder a Territorial government had been paid off and money left in the treasury; that a record of all the official acts of the Governor had been faithfully kept, and he paid a high tribute of respect to the honesty, ability and sterling worth of the noble old Democrat whom the people will elect to the State Senate on Monday next. The administration of Governor Gibbs, a Republican, he showed up in a manner that could not be disputed; he involved the State in in unnecessary debt of some two hundred thousand dollars : he showed that during Gibbs' administration not an official record had been made, and there remained nothing to tell what he 'had done but a blank leaf and the debt above mentioned. The Governor in a very clear and concise manner pointed out the corrupt administration of Gov. Geo. L. Woods, and produced facts and figures to show when and how the State had been swindled out of record to tell what he had done. All were blank. The Governor then spoke of his own

thousands of dollars by Woods and Secretary May. Woods did not leave an official administration with commendable decorum. and pointed out what had been done since his election; what public improvements had been commenced and finished; how all the lands ceded to the State by the United States had been listed and approved at Washington through his directions, and how · 'the official records were kept. He then referred to national politics, and for a half an of Justice and the disgraceful speculation and robbery of Secretary Belknap. After Gov. Grover concluded his very able and 'elegant speech, W. H. Odell was called out by his friends present, to reply. He at first "declined to speak without the consent of Gov. Grover, but the Gov. very politely invited him to proceed if he desired. Odell made some scattering remarks about the litigant law, the salary of the State Treas-'urer, the Judge's salary, and then spoke of the law passed by Congress granting some 130,000 acres of lieu lands to the O. C. M. Road Company and denounced it as a foul robbery and swindle. He informed the people that Grover had written a letter recomthe company and was therefore guilty of to Jackson's administration and found one tion of Grant's administration. He did not bear and be convinced. and could not deny the immense frands un-'der Grant's administration pointed out by Governor Grover, but though to palliate the terrible record made by his party by refering to the two cases above mentioned, which His speech was a failure, and before he sat down he showed clearly that he and his his seat the Governor advanced to the stand and said: "I desire to ask my friend If he was not a director in that O. C. M. Road company." "I was." "How did you "get out of the company?" "I sold out." "Did you get your money?" "Yes." The Governor then explained why the bill giving the liet lands to the company was bassed. The grant of lands to the compray included the Klamath Indian Reservation. and was made before that reservation was

established, and the Land Commissioners

decided that the lands included in the reser-

vation belonged to the company. The O.

C. M. Road Co., sold their grant of land

to a company in California for a large sum

of money and they sold the lands included

in the reservation mentioned. The Indian

Agent at the Klamath Reservation said that

if the lands were taken away from the

Indians there would be an Indian war, and

Congress either had to pay the company

the value of the lands in money or grant

them lies lands, which they did. Odell after

getting his money for what he owned in the

company wanted to swindle the California

company out of the lands they had sold to

them. Mr. Odell was completely slaughter-

ed, routed in every thing, and his friends

left chagringed to think that the man would

be guilty of such a base fraud and swindle.

It was almost painful to see how Grover

but a mass of corruption. But that compares well with his Ben Holladay speculations a year or two ago, which a little judgment brought to light.

MURDER.-A Roseburg dispatch of the 26th has this: "From a letter dated at Empire Cify, Coos county, Oregon, May 23d, and addressed to E. Livingstone, Sheriff of Douglas county, we learn that a deliberate and cowardly murder was committed near there May 22d, at 11 o'clock A M., by a man bamed Sevier Lewis. He shot his half brother first in the back and then under the arm, after which he took his departure and no trace of him as vet has been found, although every effort is being ernor Grover to deliver a speech at that put forth to effect his arrest. No cause is pointed Chaplain. assigned in the letter for the murder, but it says Lewis' crimes, aside from this, are an outrage against all decency, and if any one stage and is now visiting her parents, Mr. assigned in the letter for the murder, but it deserved hanging he surely does." This Lewis was formerly a resident of this county and moved to Coleado, Coos county, last
