COUNTY. AND

FOR EASTERN OREGON .- During the past week quite a large number of our old citizens left for Eastern Oregon, among them being John and Ezekial Bailey, Caleb Woodward and H. Thompson and their families. John Bailey will return, but the remainder of them have gone to seek home; G. W. Roberts and his two sons also beft on Monday. He intends to get his boys located and return next year. They all went by way of the McKenzie, which route seems to be growing in lavor.

Boond Over .- On Friday of last week a warrant was issued for the arrest of one Frazer for abduction. Frazer is the son-in-law W. L. Newman, and on the day mentioned he't with his wife's sister, a girl but little cover fourteen years of age, taking the military road for Eastern Oregon. DROWNED .- A son of Mr. John Wand, of Waud's landing, formerig of this place, was drowned on Monday afternoon in the Columbia river, between Brookfield and Fitzpatrick's. It seems that young Waud, with another young man named Southmayd, were in a fishing boat, coming up the river in a stiff breeze, when Wand was struck by the boom and swept overboard He swam for a few moments and then went down, the water being so rough that Southmayd could render no assistance

POTATO WORM .-- A worm, said by some to be the Army worm, is making sad havoc among vegetation in this locality. Potatoes seem to be its peculiar weakness, in some cases as many as a pint having been found an one hill, but these not being handy it operates on any and all kinds of vegetables. A patch-of potatoes on the east side of the vriver ut Skagge' Serry was entirely destroyed by them and Mr. W. T. Osburn only saved his potatoes by pouring kerosene on the tops. Chaving first tried ashes without any effect Mr. Jes Myers states that they are also at work in his hep yard, but as yet have done no great damage.

This was owing to the fact that the stand was occupied by the people and surrounded by teams unhitched from the wagons, and the heat was too intense for the maskers to remain in costume the length of time that would have been required to clear the stand and then go through with the exercises.
