#### COUNTY. AND CITY

WHEAT. - The wheat crop is not coming in with the usual rush. Yesterday morning the various warehouses contained amounts as follows: Farmers', 5,040 bushels; Eberts', 5,-000; Rhea's, 2,500; Wallis', 1,500, and from the latter 3,000 bushels have been shipped, making a total of 17,000 bushels. The price has advanced alightly, buyers offering 61 cents in warehouse. The following is from the Portland Standard of the 20th:

Although the wheat market in Liverpool is perhaps a shade firmer than at the date of our last report, values of wheat in this market have not appreciated in the least, and the crop have not appreciated in the least, and the crop is moving very slowly for the season. Grow-ers with but an indifferent crop are of course loth to sell their grain at present prices, and are disposed to hold, selling only such lots as will relieve present financial necessities. The St. Andrew's Castle, carrying the first full go of breadstuffs for the season, has gone vn the river and three or four other vesels cargo of breadstuffs for the down the river and three or four other vesels are upon the berth, some being nearly loaded, while others have only their stiffenings on board, and others still are at anchorage in the stream awaiting cargoes. The outlook for the season, to say the least, is not flattering, and unless some special and unlooked for cause arises, there is but a poor prospect of any great or notable advance.

ARTIFICIAL STONE .- Messrs. Swick & Hall of the Leather's Patent Artificial Stone Co., of Salem, are exhibiting in the brick building adjoining the St. Charles Hotel the process of manufacturing Leather's artificial stone. This process was patented last June by L. L. Leathers, of Roseburg. The manufactured article being composed of sand, cement and the patented solution, has the appearance of common stone; it will harden under water, is mot affected by water, heat or frost, and a two tinch cube has been proved capable of sustaining a pressure of over 17,000 pounds without crushing. The manufacturers claim that for all purposes for which stone is used the artificial article is more durable and can be made more elaborate at less cost than native stone. It can be moulded into any form at a very moderate cost compared with cutting it with the chisel. They have on exhibition samples of the stone from six months old to that made during the week. A manufactory has been established at Salem, another will be at Albany, and the right for this county is offered for sale

just taken up his residence among-us, the following compliment: "This able and successamong us to take his place as President of Next Thursday, 28th inst., is the Jewish line, and horsemen will find many ticles not heretofore brought here.

In the Oregon University at Eugene City, which line, and horsemen will find many ticles not heretofore brought here. Principal of the High School in this city for profit to his scholars, and the satisfaction of parents and all competent judges of his work.

After the circus performance on Friday of last week Scott Bailey accidentally stabbed himself in the leg, inflicting a pretty severe It is understood he would have liked to remain in his old place if he could have done so consistently with his views of professional propriety.

CENTENNIAL RELICS .- D. D. Prettyman. of Polk county, recently suggested to the President of the State Agricultural Society that there be some effort made towards se curing an exhibition of Centennial relies, and in pursuance thereof the President has appainted D. D. Prettyman, Wm. Savage and David Newsome a committee to take especial charge of the matter, and all persons having anything of that nature are requested to com-municate with the chairman of the commit-

### Tax-Payers' Petition,

The following petition is being circulated: The following petition is being circulated:

To the Honorable Legislative Assembly of
the State of Oregon: We, the undersigned,
citizens and taxpayers of the State of Oregon,
respectfully petition your honorable body to
repeal the law exempting houses of worship
and the ground upon which they stand from
taxation, and that all property, church and
secular, except Federal, State and municipal
property, be made to bear the burdens of the
government equally.

OFFICERS.—The following persons were re-cently installed as officers of Mohawk Lodge, No. 253, L O. G. T.: J. M. Spofford, C. T.; Scott, F. S.; Hattie Parsons, T.; H. Parsons, C.; R. C. Robertson, M.; P. Mattison, I. G.; G. W. Haptonstall, O. G'; C. D. Hardesty, L. D.

LAKE COUNTY .- From Lake county comes the following, with a request to publish: To the Hon. Senators and Representatives of lost by a vote of 20 to 8.

To the Hon. Senators and Representatives of the Oregon Legislature:

The citizens of the county of Lake would respectfully represent that a speedy settlement of the county seat question in their county is of great importance, and very much desired by all who have the best interests of Lake county at heart. If judiciously settled and the seat of the county located in accordant located loc lake county at heart. If judiciously settled and the seat of the county located in accordance with the will of a majority of the legal voters, the county will flourish, and instead of discours and driving away settlers—as at the present time—by—county will then attract and invite settlement within her borders. Tillers of the soil and stockmen will fix themselves to stay, and, cut loose from her shackles, Lake county will bound forward on a prosperous road. The narrow, selfish, baneful schemes and system of the past two years will be departed from, and in its stead a policy adopted inaugurating improvements and encouraging people to make permanent homes in our coauty.

You are respectfully solicited to give the present situation in Lake county more than a passing notice. To carefully consider what legislation is necessary to give us peace and prosperity, and by such legislation to avert and shield the county from what is now imminum—retrogression, and consequent failure.

Accidents.

an had the index finger of his right aken off while working with a horseur. On Friday of last week Mr. Jesse had one of his hands caught between a lowing residents of this county: N. Hull, and wheel of his separator and very bad-bruised. Singularly enough, no bones.

#### The Coming State Fair.

In another column will be found an adverisement of the coming Fair of the Oregon State Agricultural Society. Mr. Watson, President of the Society, writes as follows concerning the fair:

concerning the fair:

The gigantic preparations made to celebrate the hundredth anniversary of American Independence at Philadelphia suggest to us to make greater exertions than ever before so that our State Fair, in every particular and feature, may be a grand triumph worthy the Centennial occasion. But few of our citizens are able for want of time to make the journey areas the continuant to join in the general reare able for want of time to make the journey across the continent to join in the general rejoicings of forty millions of free and independent people in the sunrise father-land, to behold the wonders and triumphs of a century, as evidences of our country's greatness and prosperity, as some of the results of our nation's boast, free thought, free speech, free press, and last, but by no means least, free schools. Our Centennial must remain an eventful period of our country's history. eventful period of our country's history. Then let the coming State Fair at Salem, beginning on the 9th of October, be an occasion of general rejoicing, a sweeping holiday, a week of sport and merry-making, commem-orative of the rise and progress of our coun-

It may be well to state that the managers have spared no pains nor expense to provide for the pleasure and comfort of all who may attend. A new mechanics' hall for the exhibition of home industries, a long line of new fencing, and new stalls for the accommodation of animals, a large grand stand, various ly afflicted with some country roughs who improvements on the race track, together
