The Herald's Columbia dispatch of the 12th says : It is anticipated the Democratic Senators will withdraw to-morrow and form at least two Republicans who will come to them. The result of this will be the immediate inauguration of Hampton as Governor, the election of a United States Senator and establishment of an entirely separate State Government. Speaker Wallace, of the Democratic House, issued pay certificates of \$100 to each of the members of the body, which were oil promptly cashed by the Carolina National bank. The whole amount paid was \$7,100. This had a depressing effect on the negro members of the Mackey House

who have no prospect of getting their pay, and is an assurance that the Hampton goveroment will be sustained by the money power and property holders of the State.
