young widow is, perhaps, the most interesting object in nature-or in art. She represents experience without its wrinkles or its grey hairs. She has matronly beauty and maidenly freddom combined. She is grief with a laughing eye—sorrow in a house of festival—a silver moon in a sable cloud. She is too sweet for anything! Like all good things she can only be created at a great sacrifice. Mrs. Browning says that a man must be pretty thoroughly spoiled before he can leave a widow. This black swan—this mournful Phonix-rises only out of

Ned Walker, Joe Addison, Sam Johnson, George Washington, Napoleon Bonaparte, John Wesley, Tony Weller, Ben Disraeli and all the boys married widows. Henry VIII, was so fond of them that he took two, and King David was so pleased with Abigail, the widow of Nabal, whom he took to wife, that he turned Bath sheba into a widow on purpose to marry her. When Judith ceased her cogitations over the virtues of the late lamented Manasses of Bethulia, puts off ber mourning and adorns herself in brave attire to set out for the camp of Hololernes, we feel instinctively that she will come back with his heart, his crown or head, whichever she goes for. #### George Washington's Humor.

C. B. Allen, of Brimfield, has found in a copy of the London Magazine for Jan-

and Mrs. Livingston to dine with me to-morrow, but ought I not to to apprise them of their fare? As I hate deception even where imagination is concerned, I will. It is needless to premise that my table is large enough to hold the ladies-of this they had ocular proof yesterday. To say how it is usually covered is more essential; and this shall be the purport of my letter. Since my arrival at this hap py spot we have had a ham, some imes a shoulder of bacon to grace the head of the table-a piece of roast beef adorns the foot, and a small dish of greens or beans (almost imperceptible) decorates the center. When the cook has a mind to cut a figure and this, I presume, he will attempt to do to morrow), we have two beef steak pies, or dishes of crabs, in addition, one on each side of the center dish, dividing the space, and reducing the distance between dish and dish to about six feet, which, without them would be nearly twelve feet apart. Ot late he has had the surprising luck to discover that apples will make pies; and it is a question it, amidst the violence of his efforts, we do not get one of apples instead of having both of beet. If the ladies can put up with such entertainment, and submit to partake of it on plates once tin, but now iron (not become so by the labor of scouring), I shall be happy to see them.

I am, dear sir, your most obedient GEORGE WASHINGTON.

### A Case That Wasn't Prayed For.

Springfield Republican. When Mr. Moody told his audience that there was nothing so important in this world as saving souls, an elder ly gentleman, with tears in his eyes, told the reporters this story: I came from Philadelphia and was the bearer of a message to Mr. Moody, which contained the following request for prayer, which I handed in, but which has been ignered by the evangelist: "The earnest prayers of Mr. Moody and his 'praying band' are re-quested for a woman in Phila-delphia, made insane by her partici-pation in his meetings there." The husband of this woman is an honest hard-working, industrious and frugal ATTORNEY AND COUNSELLOR AT LAW, man, and the father of two children. Since this offiction has come upon him he feels like cursing God and Moody for thus devastating his once happy home and rendering h schildren motherless. ### PROPRIETARY MEDICINES

DR. CHANDLER, F.R.S.A., Lete Physician to St. George's and St. Berth mew's Hospitals, London, Curstor to St. Elizabeth's, etc.

After years of the most taborious research and investigation, and after the practical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attested in the voluminous quantity of testimonials, the unsolicited offerings of suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been radically cured of ailments and chronic complaints, which have been adjudged by the most eminent physicians as hopeless.

### THE WONDERFUL EGYPTIAN BLOOD-PURIFIER.

This incomparable DEPURATIVE is a powerful ALTERATIVE, TONIC, DI-URETIC, DIAPHORETIC, and APERIENT, combining virtues which render it invaluable and never-failing, and by its continued use will thoroughly cradicate all diseases of the blood. Its ingredients are of a purely harmless extraction, the products gathered from remote Egyptian Provinces, and where there is the slightest taint of disease in the system, it never fails in ejecting that disease through the medium of the skin, or expelling it through the many and various channels of the body, thereby allowing, and, indeed, forcing all the organs into their proper normal and functional condition. A very brief space of lime will convince any patient using it, of its undoubted reliability and wonderful curative properties, it being, most unquestionably, the very aome of medical triumpha, and the greatest discovery of the present age, in the treatment of every discase where the blood itself is primarily the seat of the lesion or disorder, such as SCROFULA and the thousand and one causes that lead to this terrible affliction, of which all civilized communities are cognizant, for Biblical Truth has asserted that the "Sins of the fathers shall visit even unto the third and fourth generations," and to BROKEN-DOWN AND ENFEEBLED CONSTITUTIONS it is a powerful rejuvenator, causing the wreck of man once more to assume the God-like form of menhood.

erations," and to BROKEN-DOWN AND ENFEEBLED CONSTITUTIONS it is a powerful rejuvenator, causing the wreck of man once more to assume the God-like form of menhood.

For CUTANEOUS DISEASES, URINARY DISORDERS, CONSTIPATION OR COSTIVENESS, LIVER AND KIDNEY COMPLAINTS, GENERAL AND NERVOUS DE BILLITY, RHEUM ATISM, GLANDULAR ENLARGEMENTS, EPITHELIOMATOUS CANCER, SCURYY, AFFECTIONS OF THE BONES, INDOLENT ULGERS, FEMALE COMPLAINTS (and to the gentler sex it is a boon long sought for by sensitive, susceptible, and delicate females, as it takes direct action upon their aliments) AND ALL FORMS OF CHRONIC DISEASE IN WHICH THE BLOOD IS THE SEAT OF THE TROUBLE, it is invaluable. A perseverance with this remedy will prove a positive and permanent cure for CHILLS and FEVERS and all MALABIAL POISONS.

Thousands of Testimonials attest the truth of these claims.

Price, One Dollar, in large bottle, or six bottles, \$5.

#### DYSPEPSIA. GASTRON.

GASTRON is a safe, speedy, and posttive cure for that most depressing of ailments, and a brief course of treatment will
restore the digastive organs to their pristime strength, and promote the healthy
action of the stomach and intestines. The
nervous irritability of literary and all
persons pursuing a sedentary life, is
speedily removed by this agent. The
stomach is restored to health and the keynote of the system will once more respond
in the performance of labor.

Price, One Dollar, in large bottle, or
six bottles, \$5.

### BRONCHITIS AND LUNG AFFECTIONS.

TRACHEON.

A slight so-called cold will ofitimes lead to a serious cough, which, uncared for or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or what is worse, the deadly CONSUMPTION. To all suffering from harassing cough and expectoration, TRACHEON offers a sound, reliable, and permanent relief. It augments expectoration, and enables the patient to expethat terribly septic deposit, which, if left ecithout judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and destroying that most essential of organs, and utilimates only in an early and untimely death. TRACHEON has no equal, much less a superior, and its use will not only remove the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, \$2.50. TRACHEON.

# PILES. Hemorrhoids.

Many causes tend to produce this pain, ful and distressing state. The blood is retarded in its return; the too frequent use of drustic purgatives tends to produce congestion of the bowels, torpid action of the liver, and numerous other causes are the source of this complaint, and hitherto nothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PILON we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been assured (prior to using this treatment) by eminent surgeons that the only relief they ever could expect in life, would be by an operation, and removing it or them from the body by a procedure which necessitated the knife. This remedy has been hailed with delight, and is now prescribed by many practising physicians, who are cognisant of its merits. as the only known sure cure for PILES.

Price, Fifty Cents per package, or six for \$3.50.

through in the evadication of the different and various maladies denominated, and are the result of patient, searching, laborious, and scientife investigation, embracing a period of many years, in Europe and America.

If the specific directions are complied with, thousands of putients will bear witness to their relative merits, and corroborate every assertion. Where there are many complications of disease, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by lecter if necessary.

Descriptive and Explanatory Circular of the above remedies sent on receipt of stamp. If the PROPRIETARY MEDICINES are not on sale at your particular druggist's, send orders to

SPECIAL DISEASES,
of which the list is numerous, and which are more closely connected with the general health than the majority of people are aware. Unhappy invalids for years persist in concealing their condition from a motive originating in mistaken delicacy, and suffer in silence until their miseries become too acute to be repressed, and mental and physical debility unfits the sufferer for active duties of life. This latter type of affliction manifests itself in the complaint professionally known as Syphilis, in all its forms and stages; Seminal Weakness, and all the distressing forms of Self-Abuse, or Onanism; Gonorthæa, Oleet, Stricture; Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the Back and Loins. Inflammation of the Bladder and Kidneys, etc., etc. The number of persons suffering from these horrible Diseases, in whom the Doctor has effected a radical cure, can be counted by the thousand and the voluntary certificates in his possession, received from persons he has restored to health, are enough to satisfy all that the Doctor's skill in the treatment of these affections, enables him to warrant speedy cures, even in obstinate cases, and in every instance give relief. Diseases which formerly baffled the medical skill of the most learned and experienced Practitioners of the healing art, and were regarded by the majority of Physicians as utterly incurable, now readily yield to modern remedies, when prescribed by the intelligent Practitioner, who makes the buman system, and these special ailments, his constant study and subject of observation.

By the practice of many years in Europe and the United States, he is enabled to apply the most successful remedies against diseases of all kinds.

He cures without mercury, charges moderate fees, treats his patients in a correct and honorable way, and has references of unquestionable veracity, from men of known respectability and high standing in society. All parties who may consult him by letter or otherwise, will receive the best and gentlest treatment.
