CITY AND COUNTY.

Willamette Freights.

In our advertising columns will be seen the table of freight tariffs adopted by the Willamette Transportation and Locks Company. Persons interested will examine the table for themselves. Boats will be run to Eugene after harvest whenever the stage of water will permit. The following preamble and resolution was adopted by the Board of Directors recently held:

WHEREAS, The Willamette Transportation and Locks Company are the owners of the locks and canal at Oregon City, and a large number of steamboats and other property upon the Willamette river incidental to the transportation business. And WHEREAS, The managers of the said Willamette Transportation and Locks Company are fully convinced that the true interests of this company are identical with the producers and shippers of the Willamette Valley, and that they should mutually co-operate to develop the resources of the State. And WHEREAS, Said company having already ample facilities for transporting the products of the Willamette Valley at all times, (with the necessary means to create additional facilities if required), and believing that the producers, and the public generally, are entitled to an assurance on our part that freight on grain and flour shipped by said W. T. & L. Co.'s boats shall not exceed certain fixed rates; therefore be it

Resolved, That for the period of one year from the 1st of May, 1877, freight on grain and flour shall not exceed the following rates, viz: [Here follows the table of rates, to be seen in our advertising columns.]

To the above was added a resolution that grain and flour shipped through to Astoria will be charged \$1 a ton additional; also, that S. G. Reed, Vice President of the Company, be authorized, if parties desire it, to enter into contract with them for any specified time not exceeding five years. The object of this last provision seems to assure a continuance of moderate rates of freight for a long and definite period so as want to avail themselves of the opportunity.

ABOUT AN ENGINE.—Since the alarm of fire on Tuesday, the matter of procuring a fire engine has been discussed among our citizens, and it is generally considered that an engine is an absolute necessity. Whatever our citizens conclude to do in this matter ought to be done before the next meeting of the council, which will take place one week from next Monday. We do not think any one will attempt to argue that the town does not really need an engine; every town of this size needs one. Perhaps a good method as one of getting this matter into shape would be for the citizens of the town to meet and discuss the matter. A meeting can be called which will show the feeling of taxpayers on very short notice, and with such expression as will be brought out the council can better act on the matter, which they must do before the next tax levy is made. Speaking as one who has no one interest in the matter, except the good of the people, we do not hesitate to say that we believe an engine should be procured at once.

LEAVING.—Dr. C. D. Thomas left for his home in New York State, via the overland route, on Tuesday. Dr. G. C. Harris has removed with his family to Junction City. Dr. Alverson left on Wednesday for Seattle, where he will hereafter reside. Dr. G. A. Miller and wife will leave for Astoria next Monday. Mr. Skaggs will leave some time next week for Seattle, taking his stock of books and stationery with him. Mr. H. W. Slomum is fixing to cross the mountains. He will go to the Palouse country, and will be accompanied by Mr. and Mrs. John Killingsworth, who will return in the fall. Messrs. Odell and Jackson are preparing to go to Salem to enter upon their new journalistic enterprise.

THE MCKENZIE ROUTE.—Mr. Wykoff, who carries the mail from this place to Camp Polk, over the McKenzie route, informed us last Saturday that there was snow on the summit for a distance of six miles only, and that the greatest depth was only two feet and a half. Mr. Perkins' party, which left here on Monday morning, reached Prineville the next Monday. On Friday of last week a band of cattle numbering 450 head, 50 head of horses and six wagons started across the snow. It is not probable the snow from this time on will be any hindrance on that route.

LOSING TRADE.—The Standard says: "We hear from the Seattle Tribune that \$2,000 worth of fine wood work, designed for the State University at Eugene, is being done in Seattle. We confess we fail to see the necessity of sending orders that distance away from home, when the work can be better executed in Portland in consequence of our greater facilities, and we feel assured it can be done as cheaply. Our manufacturers should investigate this matter and discover where lies the blame." The contract for finishing the University building was awarded to Messrs. Douglas and Van Alstein, the former of whom lives at Seattle.

A "SQUAW MAN."—Josquin Miller, says the Idaho Avalanche, has lived among the Indians; in fact he was a "squaw man," and so far from concealing the fact, has boasted of it. He lived with an Indian woman as his wife, had children, and was proud of his association. Moreover, he has the "barbaric yelp," which shows him to be a genuine frontier man.

SLIGHT BLAZE.—What might have been a very disastrous fire was nipped in the bud on Tuesday by its timely discovery. The roof of the building occupied by Mr. Espey's carriage maker came from a spark from the blacksmithshop adjoining, and had got to be considerable of a fire before the alarm was given.

OREGON PRESBYTERY.—This body opened a session in Roseburg on Thursday. Rev. E. R. Geary of this place, delivered the opening sermon.

DIED.—Mr. Joseph Ogle, an old resident of this county, died at Halsey on Friday night of last week in the 73d year of his age. Mr. Ogle had been in poor health for several months, and left here about four weeks ago intending to travel about and try to regain his failing strength. The remains were buried at Halsey.

GONE.—Wagner, who a few weeks since opened a small stock of dry goods in Mrs. Renfrews brick, packed them on Sunday and left on Monday morning last. Eugene is not a good opening for new stocks of goods at present.

STATE GRANGE.—The following are the delegates from this county to the State Grange, which meets at Salem on the 22d inst.: J. C. Jennings and wife, John Whitcaker, and A. K. Patterson and wife.

RETURNED.—A young man who left home a couple of weeks since to the great distress of his parents, was arrested in Portland and locked up to await the arrival of his mother. She went down and saw him safely home a few days ago.

DISSOLUTION.—Messrs. Callison and Osburn, grocers, have dissolved partnership. Rufus will continue the business at the old stand.

AT THE OLD STAND.—Mr. C. Hodas has again taken charge of his beer saloon, and will open a full bar.
