

Fence Posts Top End Down.

A study of vegetable physiology led me to try several experiments, many years ago, to throw light upon this question. The sap or moisture goes up in the sap-wood from the roots to the leaves of trees. I found if the post is butt-end down, the pores are open upward, and water can go up, and thus keep the post moist between wind and water, which must cause a rapid decay. It appeared probably that the pores were open only upward, and not downward in the tree. To test this, I cut a small maple sapling (two inches through) in May, leaving the limbs all on, and placed the butt-end in a pail of brine. In thirty six hours the leaves were saturated with this brine, the taste of the salt being strong.

At the same time I had cut another maple sapling, and cut off the top branch, leaving the rest of the limbs on. After winding a cloth around the butt-end, to prevent evaporation, I placed the top end in a pail of brine, and allowed it to remain several days, but no brine had been absorbed at the top end. It had not penetrated the pores as far as the end was immersed in the brine, for if the bark was scraped, there was not the slightest taste of salt to be found. This being the case in the green tree, how much more must the pores of the dry tree be closed from the top end downward? I have tried many similar experiments and think the question settled that if a post is placed top end down, no moisture can ascend from the bottom of the hole up the post to rot it; but when the butt-end is down, the moisture can ascend the pores very rapidly if green, and slowly if dry. In pursuance of the fact that the pores of green timber have been often saturated with different solutions to preserve it, by immersing the butt-end, freshly cut, in the solution to be absorbed, it will also be noted that burning or charring the posts only closes the pores and prevents the absorption of water.

The Fowl Business.

To carry on the business successfully requires patience and perseverance. It is about the best paying business at the present time. By good care and judgement it will pay from three to five hundred per cent profit. Anybody that will house, feed and provide well for three or four hundred hens, can clear from twelve to fifteen hundred dollars annually. We have proved the above and know whereof we speak. It don't make so much difference about the breed as it does the care they receive. To succeed the best requires a person that has a natural love for it. Hens require plenty of room, in the city as well as the country. It is not more than half as profitable to keep them in the city, for the reason that they have to be confined in a small place, fed artificially instead of naturally. Not every locality is fit to keep them in.

A sandy soil they delight in, where they can keep themselves free from vermin, which is one of the greatest drawbacks in keeping poultry profitably.

A great many men keep hens as they keep horses and cows; they let them take care of themselves, then find fault because they don't pay. Some men are no more fit to care for fowls than those are who undertake to carry on a farm by starving the soil. Women can succeed better than men. We venture to say that to invest one thousand dollars in fowls will return three thousand clear profit, everything considered. It is not a laborious occupation; therefore a person out of health could do well. A great many who have gone into the business have failed for the reason that they did not give it the attention it requires. One person out of ten may make it pay.

The more a man or woman knows the less they gossip about their neighbors. Culture and refinement always destroy gab. Think of this, young gossip.

A Connecticut farmer who saw the yellow birds picking wheat from the standing heads shot one of the supposed offenders. He found in its stomach only three grains of wheat, and by actual count three hundred and fifty weevil.

Halt the fools in the United States think they can beat the doctors curing the sick, two-thirds of them are sure they can beat the ministers preaching the gospel, and all of them know they can beat the editors running the papers.

1,000,000 Bottles

CENTAUR LINIMENTS

have been sold the last year, and not one complaint has reached us that they have not done all that is claimed for them. Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations. Added to Carbolic Acid, Mentha, Sassafras Oil and Witch-Hazel are other ingredients, which makes a family liniment that defies rivalry. Rheumatic and bed-ridden cripples have by it been enabled to throw away their crutches, and many who for years have been afflicted with Neuralgia, Sciatica, Colic, Headache, Weak Backs, etc., have found perfect relief.

Mr. Josiah Westlake, of Marysville, Ohio, writes:

"For years my Rheumatism has been so bad that I have been unable to stir from the house. I have tried every remedy I could hear of. Finally, I learned of the Centaur Liniment. The first three bottles enabled me to walk without my crutches. I am now rapidly recovering. I think your liniment simply a marvel."

The liniment cures Burns and Scalds without a scar, extracts the poison from bites and stings. Cures Chills and frosted feet, and is very efficacious for Ear-ache, Tooth-ache, Itch and Catarrhus Euphorias.

THE CENTAUR LINIMENT, YELLOW WRAPPER, is intended for the tough, fibres, corals and muscles of horses, mules and animals.

READ! READ!

Rev. Geo. W. Ferris, Manokill, Scholastic county, N. Y., says:

"My horse was lame for a year with a fetlock wrench. All remedies utterly failed to cure him and I considered him worthless until I commenced to use Centaur Liniment, which rapidly cured him. I heartily recommend it."

It makes very little difference whether the "wrench" sprain, spavin or lameness of any kind, the effect is the same. The great power of the Liniment is, however, shown in Pull-evil, Rig-hind, Sweeney, Spavin, Ring-bone, Galls and Scrotchets. This Liniment is worth millions of dollars to Livery men, Farmers and those having valuable animals to care for. We warrant its effects, and refer to any farrier who has ever used it.

CHILDREN.

A complete substitute for Castor Oil, without its unpleasant taste or effect in the throat. The result of 20 years' practice by Dr. Saml. Pitcher of Massachusetts.

Pitcher's Castoria is particularly recommended for children. It destroys worms, assimulates the food, and allows natural sleep. Very efficacious in Croup and for children's Coughs, Colds, Feverishness, disorders of the bowels, and Stomach complaints, nothing is so effective. It is as pleasant to take as honey, costs but 35 cents, and may be had of any drugist.

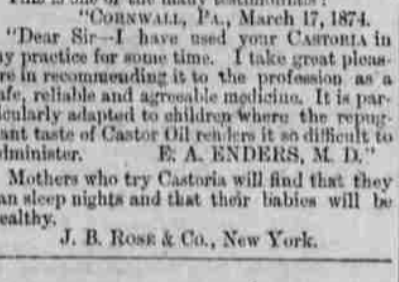

This is one of the many testimonials:

"CORNWALL, PA., March 17, 1874.

"Dear Sir—I have used your CASTORIA in recommending it to the profession as a safe, reliable and agreeable medicine. It is particularly adapted to children where the repugnant taste of Castor Oil renders it so difficult to administer. E. A. ENDERS, M. D."

Mothers who try Castoria will find that they can sleep nights and that their babies will be healthy.

HOLLOWAY'S PILLS.

Let the suffering diseased read the following. Let all who have been driven up doctors, and spoken of incurable, read the following.

Let all who can believe facts and can have faith in evidence read the following.

Know all men by these presents, that on this the 29th day of June, A. D. 1866, personally came Joseph Haycock, to me known as such, and being duly sworn deposed as follows: That he is the sole general agent for the United States and dependencies thereof for preparation or medicines known as Dr. Holloway's Pills and ointment, and that the following certificates are verbatim copies to the best of his knowledge and belief. JAMES SMETEK, [L.S.] Notary Public, 14 Wall street, New York.

Dr. Holloway—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your pills. Oh, Doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not be so writing to you, and I hope you will not take it amiss. JAMES MYERS, 116 Avenue D.

This is to certify that I was discharged from the army with chronic diarrhea, and have been cured by Dr. Holloway's Pills. WILSON BARREY, New York, April 7, 1866, 21 First street.

The following is an interesting case of a man employed in an iron foundry, who, in pouring molten iron into a flask that was wet, caused an explosion. The molten iron was thrown around and on him in a perfect shower, and he was dreadfully burned. The following certificate was given to me by him about 8 weeks after the accident. New York, Jan. 11, 1875.

My name is Jacob Hardy; I am an iron founder; I was badly torn by hot iron in November last; my burns healed, but I was, however, sore, and I felt that would not heal. I tried Holloway's Ointment, and it cured my in a few weeks. This is all true and my feelings are as follows. From works, 51 Avenue.

J. HARDY, 119 Gorch street.

PROPRIETARY MEDICINES

OF DR. CHANDLER, F.R.S.A., Late Physician to St. George's and St. Bartholomew's Hospitals, London, and Curator to St. Elizabeth's, etc.

After years of the most laborious research and investigation, and after the practical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the profession his sole discovery and property, the efficacy of which is attested in the voluminous offerings of suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been cured of ailments and chronic complaints, which have been adjudged by the most eminent physicians as hopeless.

THE WONDERFUL EGYPTIAN BLOOD-PURIFIER.

HEMARR.

This incomparable DEPURATIVE is a PERFECT LITTE, TONIC, DIURETIC, DIAPHORETIC, and APERIENT, combining virtues which render it invaluable and never-failing, and by its continued use will thoroughly eradicate all diseases of the blood. Its ingredients are of a purely harmless extraction, and the greatest discovery of the present age, in the treatment of every disease where the blood itself is primarily the seat of the lesion or disorder, such as SCROFULA and the thousand and one causes that lead to this terrible affliction, of which all civilized communities are so lamentably afflicted. It has cured the "Sins of the fathers" shall visit even unto the third and fourth generations, and to PROLEPTIC, BABY AND ENFERLED CONSTITUTIONS it is a powerful rejuvenator, causing the wreck of man once more to assume the God-like form of youth.

FOR CUTANEOUS DISEASES, URINARY DISORDERS, CONSTIPATION OR OBSTINATE, LEUCORRHOEA AND KIDNEY COMPLAINTS, GENERAL AND NERVOUS DEBILITY, RHEUMATISM, GLANDULAR ENLARGEMENTS, EPITHELIOMAS OF CANCER, AND ALL AFFECTIONS OF THE BONES, INDENTED ULCERS, FEMALE COMPLAINTS (and to the greater sex it is a remedy sought for by sensitive, susceptible, and delicate females, as it takes direct action upon their ailments) AND ALL AFFECTIONS OF THE CHLORIC SYSTEM IN WHICH THE BLOOD IS THE SEAT OF THE TROUBLE, it is invaluable. A perseverance with this remedy will produce a positive and permanent cure for CHILLS and FEVERS and all MALARIAL POISONS.

Price, One Dollar, in large bottle, or six bottles, \$5.

DYSPEPSIA. GASTRON.

GASTRON is a safe, speedy, and positive cure for that most depressing of ailments, and a brief course of treatment will restore the digestive organs to their primitive strength, and thereby insure the healthy action of the stomach and intestines. The nervous irritability of the liver and all persons suffering from indigestion, is speedily removed by this agent. The stomach is restored to health and the keynote of the system will once more respond to the demands of nature.

Price, One Dollar, in large bottle, or six bottles, \$5.

BRONCHITIS AND LUNG AFFECTIONS. TRACHEON.

A slight so-called cold will oftentimes lead to a serious cough, which, if neglected or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or, what is worse, the most fatal CONSUMPTION. To all suffering from harassing cough and expectoration, TRACHEON offers a sound, reliable, and positive remedy. It commences its action, and enables the patient to expect that terrible septic deposit, which, if left without judicious treatment, must communicate its poison to the cellular substance of the lung, degenerating and destroying that most essential of organs, and leading only to an early and untimely death. TRACHEON has no equal, much less a superior, and its use will not only remove the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, \$2.50.

PILES. Hemorrhoids. PILON.

Many causes tend to produce this painful and distressing state. The blood is impure, and its return to the bowels, through the use of drastic purgatives, tends to produce congestion of the bowels, torpid action of the liver, and morbid action of the bowels, the sources of this complaint, and nothing effectual has been prescribed to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PILON we have a remedy which not only acts almost instantly, but will remove the deposit of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been cured prior to using this treatment. It is a recent surgical that will only be by an expert surgeon that the only relief they ever could expect in life, would be by an operation, and removing it now in its early stage, will save them from the body by a procedure which need not be the life. This remedy has been hailed with delight, and is now prescribed by many practicing physicians, who are cognizant of its merits, as the only known cure for PILES.

Price, Fifty Cents per package, or six packages, \$2.50.

THE ABOVE REMEDIES ARE THE MOST EFFECTUAL AND THE MOST RELIABLE, and are the result of patient, searching, laborious, and scientific investigation, conducted by a period of many years, in Europe and America.

If the specific directions are complied with, the results will be most successful. Send stamps for particulars. DR. CARLTON, 117 Washington Street, Chicago, Ill.

PRIVATE MEDICAL AID

WICK CURES MODERATE CHARGES

DR. DOHERTY'S PRIVATE MEDICAL & SURGICAL INSTITUTE

No. 649 Clay Street, BETWEEN Kearny and Montgomery Streets SAN FRANCISCO.

DR. DOHERTY'S Largely and Steadily Increasing Practice, which has constantly kept pace with the unexampled increase and steady growth of the Pacific Coast, induced his removal from his long established and well-known quarters, on the corner of Sacramento and Leidesdorf streets, in this city, to more commodious and elegantly located apartments, at No. 649 Clay Street, where he has a spacious suite of handsomely fitted up and conveniently arranged Examination and Consultation Rooms, occupying the whole of the second (two upper stories) which patients may at all times visit, and see only the Doctor and his assistants.

With the most grateful sentiments of recollection for the liberal patronage bestowed on him for the past thirteen years, at his old office,

DR. DOHERTY desires to inform the General Public, and especially all those laboring under all forms of Chronic Complaints, that he can be consulted at 649 Clay Street, on every variety of Disease of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all SPECIAL DISEASES,

of which the list is numerous, and which are more closely connected with the general health of the majority of our people, than any other ailments for years past in concealing their origin from a motive originating in mistaken delicacy, and suffer in silence until their miseries become so acute to be repressed, and mental and physical debility ensue, leaving the sufferer for active duties of life. This latter tendency, which makes the human system in the complaint, professionally known as Syphilis, in all its forms and stages; Seminal Weakness, and all the distressing forms of Self-Abuse, or Onanism; Gonorrhoea, Gleet, Stricture; Nocturnal and Diurnal Emissions; Sexual Debility; Diseases of the Back and Loins, Inflammation of the Bladder and Kidney, etc., etc. The number of persons suffering from these horrible diseases, in whom the Doctor has effected a radical cure, can be counted by the thousand, and the volume of certificates in his possession, received from persons he has restored to health are enough to satisfy all that the Doctor's skill in the treatment of these affections, enables him to warrant speedy cures, even in obstinate cases, and in every instance give relief, and in every instance fulfilled the medical skill of the most learned and experienced Practitioners of the healing art, and were regarded by the majority of Physicians as utterly incurable, now readily yield to the medicine prescribed by the intelligent Practitioner, who makes the human system, and these special ailments, his constant study and subject of observation.

In no case is positively permitted except at the express wish of the patient, and the Doctor conscientiously trusts that his confidence and successful practice will continue to insure him a liberal share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most successful remedies against disease, with confidence and honor. He cures without mercury, charges moderate fees, treats his patients in a correct and honorable way, and has references of unquestionable veracity, from men of known respectability and high standing in society. All parties who may consult him by letter or otherwise, will receive the best and gentlest treatment.

TO FEMALES. When a female is afflicted with disease, as weakness of the back and joints, pain in the head, dimness of vision, loss of muscular power, palpitation of the heart, irritability, nervousness, derangement of digestive functions, general debility, all diseases of the womb, hysteria, sterility, and all other diseases of females, she should go or write to Dr. W. DOHERTY, at his Medical Institute, and she will receive every possible relief and help.

Let no false delicacy prevent you, but apply immediately, and give yourself from painful suffering and premature death.

TO CORRESPONDENTS. Patients (male or female) residing in any part of the country however distant, who may desire the opinion and advice of Dr. Doherly in their respective cases, and who wish to submit a written statement of such cases, to receive a personal interview, are respectfully assured that their communications will be held most sacred.

The Doctor is a regular graduate, and may be consulted with every confidence.

If the disease be fully and candidly described, personal communication will, in most cases, be unnecessary as instructions for diet, regimen and the general treatment of the case itself (including the remedies), will be forwarded without delay, and in such a manner as to convey the idea of the purpose of the letter or parcel so transmitted.

Should your condition require immediate attention, send ten dollars in coin, (or that value in currency) by Mr. or Mrs. Fargo & Co's Express, and a package of medicine will be forwarded to your address, with the necessary instructions for use.

Consultations at the office or by letter FREE. Address W. K. DOHERTY, M. D., San Francisco Cal.
