PROPRIETARY MEDICINES

DR. CHANDLER, F.R.S.A., Late Physician to St. George's and St. Barthold mew's Hospitals, London, Curator to St. Elizabeth's, etc.

After years of the most taberious research and investigation, and offer the practical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attested in the voluminous quantity of testimonials, the unsolletted offerings of suffering and discouraged patients, who suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been radically cured of ailments and chronic complaints, which have been alyndyoid by the most eminent physicians as hopeless.

DYSPEPSIA. GASTRON.

GASTRON.

GASTRON is a safe-speedy, and positive cure for in-should depressing of allments, and a brief course of treatment will restors the digestive organs to their pristive strength, and promote the healthy action of the stomach and intestines. The nervous irritability of literary and all persons pursuing a sedentary life, is speedly removed by this agent. The stomach is restored to health and the keymote of the system will once more respond in the performance of labor.

Price, One Dollar, in large bottle, or six bottles, \$5.

BRONCHITIS AND LUNG AFFECTIONS.

TRACHEON. A slight so-called cold will oftlimes lead to a serious cough, which, uncared for or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or what is worne, the deadly CONSUMPTION. To all suffering from harassing cough and expectoration, TRACHEON ofers a sound, reliable, and permanent relief. It augments expectoration, and enables the patient to expel that terrilly septic deposit, which, if left without judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and destroying that most essential of organs, and ultimates only in an early and untimulated. TRACHEON has no equal, much less a superior, and its use will not only remove the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, \$2.50.

PILES. Hemorrhoids. PILON.

Many causes tend to produce this pain, ful and distressing state. The blood is retarded in its veturn; the too frequent use of drustic purpatives tends to produce congestion of the bowels, torpid action of the liver, and numerous other causes are the source of this complaint, and hitherto nothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PILON we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been assured (prior to using this treatment) by eminent surgeons that the only relief they ever evuld expect in life, would be by an operation, and removing it or them from the body by a procedure which necessitated the knife. This remedy has been hailed with delight, and is now prescribed by many practising physicians, who are cognizant of its merits, as the only known sure cure for PILES.

Price, Eifty Cents per package, or six for \$3.50.

THE ABOVE BEMEDIES ARE thorough in the cradication of the different and various mainties denominated, and are the result of patient, searching, laborious, and scientife incessigation, embracing a period of many years, in Europe and America.

If the specific directions are compiled with, thousands of patients will bear witness to their relative merits, and corroborate every assertion. Where there are many complications of disease, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by letter if necessary.

Bescriptive and Explanatory Circular of the above remedies sent on receipt of stamp. If the PROFRIETARY MEDICINES are not on sale at your particular draggist's, send orders to

Unhappy invalids for years persist in concealing their condition from a motive originating in mistaken delicacy, and suffer in silence until their miseries become too acute to be repressed, and mental and physical debility unfits the sufferer for active duties of life. This latter type of affliction manifests itself in the complaint professionally known as Sypnilis, in all its forms and stages; Seminal Weakness, and all the distressing forms of Self-Abase, or Ossanish; Godorrhea, Gleet, Stricture; Noctposset and Diurnal Emissions, Sexual Debility, diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc. The number of persons suffering from these horrible Diseases, in whom the Doctor has effected a radical care, can be counted by the thousand and the voluntary certificates in his possession, received from SPECIAL DISEASES,
