ATTEND TO YOUR OWN BUSINESS, Gentlemen .- Hayes' Cabinet has as sumed novel jurisdiction, says the N. Y. Day-Book. They claim to be the judges as to whether a Grand Jury, in a parish of a free State, has or has not done its duty in the prose-cation of criminals. It would be amusing, but from the fact that there can be nothing amusing in any cir cumstance regarding the stupendous conspiracy against the verdict of the ballot Lox, to read that "after mature deliberation the Cabinet had decided that there was no warrant for the criminal prosecution of Wells, Anderson, Ke mer, and Casenave." To have arrived at any other decision would be to tell Hayes, their mas ter, to his face, that he was a fraud. But where did Hayes' Cabinet get their authority to consider and decide the question at all? Who conthat John Smith or Tom Jones of New York City should not have been indicted by a Grand Jury of the county for picking pockets.

The Louisville Courier Journal of June 28th, uses the following lang uage in reference to Generals Crook and Howard: Theother two Brigadierare the gentle Howard and the rough and-tumble Crook. General Crook is a first class In lian fighter. Indeed, he is about the only practical, old fash ioned Indian fighter left. He stickhis breeches in his boots, keeps his powder dry, eats hard tack and goes for 'em. It is whispered in the from his breeches in his boots, keeps his powder dry, cats hard tack and goes for 'em. It is whispered in the from tier settlements as he passes that "there ain't no foolishness about him," which remark has reference to the entire absence of sentiment in his contemplation of the Indian question contemplation of the Indian question. Howard is just the revence of Crook. He regards, the army as a kind of missionary society, and he considers him self as the head of a kind of red freedmans bureau. He will inform every redskin he meets that he is his brother, and that brothers should live in peace. The red brother will assent and will mournfully repair to some unprotected settlement and endeavor to secure a er of Massachusetts,

Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations. Added to Car-bolic, Arnica, Mentha, Seneca Cil and Witch-Hazel are other ingredients, which makes a family liniment that defies rivalry. Rheumatic and bed ridden cripples have by it been enabled to throw away their crutches, and many who for years have been afflicted with Neuralgia, Sciatea, Caked Breasts, Weak Backs, etc., have found perfect relief.
