

NOTICE.—Simple announcements of births, marriages and deaths will be inserted without charge. Ordinary notices will be charged for at the rate of 10 cents per line.

CITY AND COUNTY.

BRIEF MENTION.

Cash paid for Wheat at Dunn & Stratton's. In consequence of the unavoidable absence of Rev. Dr. Geary, there will be no services at the Presbyterian Church to-morrow.

WHEAT.—The wheat market is very dull, and little changing hands. Quotable at 97 1/2 to \$1.00, with a downward tendency.

SALE.—Miller & McCornack, yesterday, sold a span of draft horses to Mr. Palmer for \$325.

BENEFIT.—The Wyman's will have another benefit at Lane's Hall on Saturday, September 1st.

CHURCH SERVICE.—Rev. E. A. Judkins will preach at the M. E. Church to-morrow at 11 o'clock A. M.

AUCTION.—Mr. James Wueslan will sell at auction on the 20th of October, at Irving station, a farm, stock, etc. See advertisement.

SOLD.—B. C. Van Houten has sold all his lumber accounts to W. H. Abrams & Bro. See notice in advertising column.

ACCIDENT.—The Astor House coach, while going to the depot last Wednesday, broke a wheel down and was hauled off for repair.

LARGEST.—Last Thursday Mr. E. Chichester brought to our office a lot of "magnim bonum" plums which were the largest yet. We measured several, and they averaged 7 by 8 inches in circumference. Next.

TO DELINQUENTS.—Marshall Farral notifies those who have not paid their city taxes, that unless they step up to the Captain's office and settle up immediately, they will have to pay an extra fee for an interview. He means it, too.

RUNAWAY.—A team belonging to a man named Brown became frightened on the street last Saturday by a wheel running off the wagon, and ran several blocks before they were caught. The wagon was badly smashed up.

VACANCIES.—We understand there are two scholarships in this county in the Agricultural College vacant. Those wishing to avail themselves of free tuition in that institution should at once make application to State Senator Whitaker who is authorized to make the appointments.

REMEMBER that the place to get the finest and most perfect pictures on the coast is at Abella's, at Writers' gallery. No need to send to Portland or San Francisco to get pictures enlarged when you can get them better and cheaper at home. If your mug is not so ugly that it will burst the "machine" he is bound to give satisfaction.

DIPHTHERIA.—There has been quite a number of cases of this terrible disease in the neighborhood of Spores' ferry, seven or eight miles north of this city, four or five of which have proved fatal. Elsewhere we notice the death of Miss Wilkins, and we learn that two of Mr. George H. March's children died this week with the same disease, while there are several other cases that, in all probability, will prove fatal.

A SUGGESTION.—We would suggest to the people of Lane county the propriety of taking steps toward the organization of an Agricultural Society. Baker county, one of the newest and most sparsely populated counties in the State organized a county society this summer, while Lane, with a larger territory than any other county in the State, and possessing more natural advantages, is still without any such an organization. Let us hear from the farmers.

CHAMPION WHEAT.—Mr. George Belshaw left at this office this week a small sack of white velvet wheat, which is certainly superior to any we have yet seen. This is fall wheat, and the grain is of extraordinary size and plumpness, and very light in color—almost white. Mr. B. has been experimenting for years with different varieties of wheat, and gives an emphatic verdict in favor of this, as the surest crop and giving the greatest yield. Mr. B. is good authority, having taken the wheat premium at the State Fair for several years.

LOST.—A red pocket book containing \$12 in gold and \$24 in silver. It was thrown into the alley while emptying a straw bed, at the back of my house on Thursday evening, Aug. 22d. I will pay any person \$44 for finding and returning the same to me.

MILIEE ATKESON. Mrs. Atkeson is an old lady and this has fallen very heavily upon her, as this was all the ready means she possessed, and we hope that any person finding it will restore it as an act of charity.

HORS.—We take the following from the "San Francisco Prices Current," of the 5th inst: "Three to four hundred bales about covers our stock of 1876, and buyers are difficult to find at any price. We see some fine lots that were held at extreme prices, now offering at liberal concessions, say 12@17, as to quality. Some forty bales, new crop, Sacramento river are to hand, a very creditable sample. Our crop reports vary greatly in different districts. Picking has not commenced as yet in some localities. Good authority now estimates the crop yield for the coast at about 14,000@15,000 bales. Telegraphic advices from Europe to-day state crops progressing favorably. All through the West advices are of the same tenor. Future prices depend entirely upon the weather for the next six weeks. We quote California, Fair to Prime, \$ 14@17c."

HOP-GROWERS' MEETING.

EUGENE CITY, Aug. 22d, 1877.

Ed. GUARD—Members of Lane County Hop Growers' Association held their regular meeting on Saturday last, and after transacting their regular business, the remainder of the time was spent in ascertaining, as near as possible, the condition of the hop crop for this year. As reported, the vines look well, and show no sign of blight or attack from insects. The statement made in Emmet Wells' Hop Circular of August 3d, taken from the Tacoma (W. T.) Herald, to the effect that the vines were turning white before they were in blossom, is erroneous, for as far as known at present, (with the exception of one yard), the vines are luxuriant, and fruit of a good size, which is beginning to change color, and will, in two or three weeks, be ready for harvest.

All members present evinced a determination to pick clean and cure as nicely as possible, as we are aware it is the only thing that can make a success of hop growing. The next meeting is fixed for September 1st.

A. A. SMITH, President.
J. H. BROWN, Secretary.

BALLOU'S MONTHLY MAGAZINE FOR SEPTEMBER.—The September number of BalloU's Magazine has many improvements which will commend themselves to the reader after a careful examination. It is the best number that has appeared for some months, and one of the features is a sea yarn by the author of "The Gold Hunters," in which he gives us a romance of California as early as 1843, long before gold was discovered by the Americans, although it was known to the priests and some of the Indians years before. Published by Thomas & Talbot, 23 Hawley street, Boston, at \$1.50 per year, postpaid, and for sale at all the periodical depots in the country.

Personal.

Miss Rennie Watkins returned yesterday from a visit of several months to friends at Roseburg.

Prof. F. H. Grubbs, formerly of this city, but now a resident of Wilbur, passed down on the train Tuesday.

H. R. Kincaid, editor and proprietor of the State Journal, and wife, returned from Washington last Saturday.

DECEASED.

In this city, on the 22d inst., Daniel Norris, aged 54 years.

On the 22d inst., in this county, of diphtheria, May Rose Wilkins, aged 15 years.

On the 11th inst., in Lane county, Miss Elizabeth McFarland, aged 18 years.
