DR. CHANDLER, F.R.S.A., Late Physician to St. George's and St. Bartholo-mew's Hospitals, London Curster to St. Elizabeth's, etc.

After years of the most suboricus research and nerstigation, and after the search and nerstigation, and after the search and nerstigation, and after the particular policition in treatment to thousands of patients, Geo. Chandler, A.M., M.D., nor presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attested in the voluminous quantity of testimonials, the unsolicited afferings of suffering and decouraged patients, who have not only received relief and benefit from their continued use, but have been fred cally cured of allments and chronic complaints, which have been adjuaged by the most eminent physicians as hopeless.

#### THE WONDERFUL EGYPTIAN BLOOD-PURIFIER. HÆMAR.

HEMAR.

This incomparable DEPURATIVE is a powerful Alterative, Tonic, Diauthoration, and APERI-URETIC, DIAUTHORATIVE, and APERI-ENT, combining virtues which render it invaluable and never-failing, and by its continuod use will thoroughly cradicate all diseases of the blood. Its ingredients are of a purely harmiess extraction, the products gat ered from remote Egyptian Provinces, and where there is the slightest taint of disease in the system, it never fails in ejecting that disease through the medium of the skin, or expelling it through the many and various channels of the body, thereby allowing, and, indeed, forcing all the organs into their proper wormal and functional condition. A very brief space of time will convince any patient using it, of its undoubted reliability and wonderful curative properties, it being, most unquestionably, the very aeme of medicul triumphs, and the g eutest discovery of the presentage, in the teatment of every disease where the blood itself is primarily the seat of the lesion or disorder, such as SCR: FULA and the thousand and one eauses that lead to this terrible offiction, of which all civilized communics are cognizant, for Biblical Truth has asserted that the "Sins of the fathers shall eist even unto the third and fourth generations," and to PROKEN-DIWN AND ENFEEBLED CONSTITUTIONS it is a powerful rejuvention, causing the wreck of man once more to assume the God-like form of menhood.

FOR CUTANIOUS DISTASES, URINARY DISORDERS, CONSTIPATION OR COSTIVENESS, LIVER AND KIDNEY COMPLAINTS, GENERAL AND NERY-OUS DE BILLITY, R. HEI MATISM, GLANDULAR ENLARGEMENTS, EPI-THELIOMATOUS 'ANCER, NUTPY, AFFECTIONS OF THE BOXES. INDOLERN COMPLAINTS (and to the gentler sex it is a boom long sought for by sensitive, susceptitle, and delicate females, as it takes direct action upon their aliments! AND ALL FORMS OF CHRONIC DISEASE IN WHICH THE BLOOD IS THE SEAT OF THE TROUBLE, it is invaluable. A price, one Dollar, in large bottle, or six bottles, \$5.

#### DYSPEPSIA. GASTRON.

GASTRON is a safe, speedy, and posttive cure for that most depressing of ailments, and a bri-f course of treatment will
restore the digestive organs to their pristine strength, and promote the healthy
action of the stomach and intestines. The
nervous irritability of literary and all
persons pursuing a sedentary life, is
speedily removed by this agent. The
slomach is re-tored to health and the keymote of the system will once more respond
in the performance of labor.
Price, One Dollar, in large bottle, or
six bottles, 55.

### BRONCHITIS AND LUNG AFFECTIONS.

TRACHEON. TRACHEON.

A slight so-called rold will ofttimes lead to a serious congh, which, uncerved for or bridly treated, must have but one result—it must eventuate in a settled case of BRONC-UITIS, or what is worse, the deadly GONSUMPTION. To all suffering from harassin a cough and expectoration, TRACHEON obers a sound, reliable, and permanent relief. It augments expectoration, and suches the patint to expetituat terrilla septle deposit, which, if infinitional judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and destroying that most essential of organs, and utilimates only in an early and untimely death. The Acticon has no equal, much less a superior, and its nee will not only more the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, \$2.50.

#### PILES. Hemorrhoids. PILON.

Many ccuses tend to produce this pain, ful and distressing state. The blood is retarded in its return; the too frequent use of drustic purgatives tends to produce congestion of the bowels, torpid act on of the liver, and numerous other couses are the source of this complaint, and hitherto mothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PLUN we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been essured (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been ossured (Piles) by any this treatment) by eminent surgeons that the only relief they exer could expect in life, would be by an oper thou, and removing it or them from the body by a procedure which necessitated the kife. This remedy has been hailed with delight, and is now prescribed by many practising physicians, who are cognitant of its merits, as the only known sure cure for PILES.

Price, Fifty Cents per package, or six for \$2.50.

the Above Remedies are therough in the eradication of the different and various maladies denominated, and are the result of patien, searching, laborious, and scientific investigation, embracing a period of many years, in Europe and America.

If the specific directions are complied with, thousands of patients will bear witness to the reviative merits, and corroborate every assertion. Where there are many compleations of discuse, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by letter if necessary.
