being thought imperfect and inadequate to the conduct of the University, a new one was drafted and presented to the legislative assembly, which passed it on October 21, 1876. It was provided by section 26 of this act that the sum of \$10,000 2 year for the years 1877-78 be appropriated. "For the purpose of completing and furnishing said university building, and enlarging the site, so as not to exceed fitty acres, and enclosing and improving the grounds thereof," under the supervision of the regents. Ot this sum \$9,160 69 have been already expended, as appears by the reports of the executive committee, in furniture, fencing the grounds and laying sidewalks and finishing the building-the major portion of which has been applied upon the last item. Including the north and south porti-cos, the building is 112 feet in length and 57 feet in width. Without porticos its length is 80 feet. In height, it consists of a basement of 11 feet, one-halt above ground; a first and second story of 16 feet each; and a third story of 18 feet, surmounted by a Mansard roof. The first story contains 7 rooms. This was the only part of the building that was finished when accepted by the Commissioners. Apart from the outer walls, the work and material upon this floor is not good and will soon need repair.

With the state aid, two large winding stairways have been constructed ing stairways have been constructed from the first floor to the third. Four large and handsome class rooms have been finished upon the second floor for the use of the collegiate depart ment, while the whole of the third story has been finished as an auditory or chanel. The outer walls of the abstantially and well built. All the partition walls are of wood. The site or chapel. The outer walls of the

will furnish a supply of water in case People's Journal," Portland, Maine. of fire and for ordinary purposes.

HEATING APPARATUS. The appropriation for next year ought to be applied to furnishing the building with proper heating apparatus. This is an important subject, and one upon which I have no doubt the regents would be pleased to get warming the building with small stoves in each room, fed with wood carried by hand from the basement, is the Coast. very costly, dangerous, dirty and disagreeable.

MATTHEW P. DEADY, President of the Regents. October 16, 1871.

Are the most effective and congenial purgative ever discovered. They are mild, but efoperation, moving the bowels surely

promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of every-body, but also formidable and dangerous diseases that have bailled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Peerless Manufacturing Co., 2403, Ridge Ave., Philadelphia, Pa. ASTOR HOUSE

EUGENE CITY, : : OREGON N. S. DUBOIS, Proprietor. Formerly of St. CHARLES HOTEL, ALBANT.

Romaine Gold, so extensively worn in Paris, was first discovered in 1870, by the celebrated French chemist, Mons. D. Be Lainge, who manufactured it into jewelry, and for five years sold it to the leading jewelers of Paris for Solid Gold. In 1875, when his secret became known, ten of the manufacturing jewelers established a stock company, with a capital of \$10,000,000 for the purpose of manufacturing Romaine Gold Jewelry and Watches. With this immense capital, and the sid of improved machinery they are enabled to produce all the latest patterns of jewelry at less than one-tenth the cost of Solid Gold, and of a quality and color which makes it impossible even for experts to detect it from the genuine.

We have secured the exclusive agency of the United States and Canada, for the sale of all goods manufactured from this metal, and in order to introduce them in the most speedy manner, have put up assorted sample lots as given below, which we will sell at one-tenth the retail value until January 1st, 1878. Read the list.

T. G. HEND FICES

PROPRIETARY MEDICINES

DR. CHANDLER, F.R.S.A., Late Physician to St. George's and St. Barth mew's Hospitals, London, Curater to St. Elizabeth's, etc.

After years of the most suborious research and investigation, and after the gractical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attested in the voluminous quantity of testimonials, the unsolicited efferings of suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been radically cured of altments and chronic complaints, which have been adjudged by the most eminent physicians as hopeless.

THE WONDERFUL EGYPTIAN BLOOD-PURIFIER.

HEMAR.

This incomparable DEPURATIVE to a powerful ALTERATIVE, TONIC, DI-URETIC, DIAPHORETIC, and APERIENT, combining virtues which reader it invaluable and never-falling, and by its continued use will thoroughly eradicate all diseases of the blood. Its ingredients are of a purely harmless extraction, the products gathered from remole Egyptian Provinces, and where there is the slightest taint of disease in the system, it never falls in ejecting that disease through the medium of the shin, or expelling it through the many and various channels of the body, thereby allowing, and, indeed, forcing all the organs into their proper normal and functional condition. A very brief space of time will convince any patient using it, of its undended reliability and wonderful curative properties, it being, most unquestionably, the very asme of medical triumphs, and the greatest discovery of the present age, in the treatment of every disease where the blood itself is primarily the seal of the listin or disorder, such as SCEUFULA and the thousand and one causes that lead to this terrible affiction, of which all civilized communities are cognisant, for Biblical Truth has asserted that the "Bins of the fathers shall visit own unto the third and fourth generations," and to BEOKEN-DOWN AND ENFEEBLED CONSTITUTIONS it is a powerful rejuvenator, causing the wreck of man once more to assume the God-like form of manhood.

For CUTANEOUS DISFASES, URINARY DISORDERS, CONSTIPATION OR COSTIVENESS, LIVER AND KIDNEY COMPLAINTS, GENERAL AND KERY. AFFECTIONS OF THE BONES, INDOLERN COMPLAINTS (and to the gentler sex is is about long sought for by censitive, susceptible, and deliante females, as it takes direct action upon their aliments) AND ALL FORMS OF CHRONIC DISBASE IN WHICH THE BLOOD IS THE SEAT OF THE TROUBLE, it is invaluable. A perseverance with this remedy will prove a positive and permanent cure for CHILLS and FEYERS and all MALABIAL POISONS.

Thousands of Tastimonials attest the iruth of these elaims.

Price, One Dollar, in large bottle

DYSPEPSIA. GASTRON.

GASTRON is a safe, speedy, and post-tice cure for that most depreasing of ail-ments, and a brief course of treatment will restore the digestice organs to their pris-tine strength, and promote the healthy action of the stomach and intestines. The nervous tritiability of literary and all persons pursuing a sedentary life, is speedily removed by this agent. The stomach is restored to health and the key-mote of the system will once more respond in the performance of labor.

Price, One Dollar, in large bottle, or sim bottles, 35.

BRONCHITIS AND LUNG AFFECTIONS. TRACHEON.

A slight so-called rold will ofttimes lead to a serious cough, which, uncared for or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or what is wave, the deadly CONSUMPTION. To all suffering from hurassing cough and expectoration, TRACHEON offers a sound, reliable, only permanent relief. It augments expectoration, and enables the patient to expet that terribly septic deposit, which, if left without judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and destroying that most exsential of organs, and utilimates only in an early and untimely death. TRACHEON has no equal, much less a superior, and its use will net only remove the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bottles, \$2.50.

PILES. Hemorrhoids.

Many causes tend to produce this pain, ful and distressing state. The blood is retarded in its return; the too frequent use of drastic purgatives tends to produce congestion of the bowels, torpid action of the liver, and numerous other causes are the source of this complaint, and hitherto nothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PILON we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles), by absorption, and many who have received not only benefit, but have been radically cured, have been assured (prior to using this treatment) by eminent surgeons that the only relief they ever could expect in life, would be by an operation, and removing it or them from the body by a procedure which necessitated the knife. This remedy has been haited with delight, and is now prescribed by many practising physicians, who are cognizant of its merits, as the only known sure care for PILES.

Price, Fifty Cents per package, or six for \$2.50. PILON.

THE ABOVE REMEDIES ARE thorough in the eradication of the different and various maladies denominated, and are the result of patient, searching, laborious, and selentific investigation, embracing a period of many years, in Europe and America.

If the specific directions are complied with, thousands of patients will bear witness to their relative merits, and corroborate every assertion. Where there are many complications of discuss, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by letter if pecessary.

Descriptive and Explanatory Circular of the above remedies sent on receipt of stamp. If the PROPRIETARE MEDICINES are not on sale at your particular druggist's, send orders to
