

Financial Catechism.

Q. What was the American coin standard?
A. The silver dollar.
Q. Its weight?
A. Four hundred and twelve and one-half grains.

Q. What was the gold equivalent?
A. Twenty-five and eight-tenths grains, nine-tenths pure gold.
Q. The relative value?
A. Sixteen ounces of silver to one of gold?

Q. How long had silver been the unit of American values?
A. For more than eighty years.
Q. When was it demonetized?
A. In 1873 and 1874; first by dropping the silver dollar from the list of coins in revising the 1. was relative to the mints, and second by making the gold dollar the unit of values.

Q. How was this change accomplished?
A. Stealthily and fraudulently, by withholding the knowledge of the transaction from the people, stifling discussion and deceiving even the President and army of the Congressmen who voted for the change by concealing the real purpose and intents of the acts.

Q. What was the purpose?
A. To give the creditor class the right to exact payment in a single coin which would have a greater value by reason of the exclusion of its mate from monetary service.

Q. What is the present value in gold of the amount of bullion which would constitute the silver dollar if remonetized?
A. Between ninety-two and ninety-three cents of the gold dollar.

Q. Would it not be unjust, then, to restore the silver dollar to its ratio of values?
A. No.
Q. Why?
A. Because the monetary use of silver will enhance its value.

Q. What leads to this conclusion?
A. Because it was the demonetization of silver in Germany, Holland and the United States, at about the same time, which threw between \$200,000,000 and \$300,000,000 of silver bullion on the market and brought on the depreciation.

Q. Will the remonetization of silver in the United States give monetary employment to as much silver as was thrown out of use by the German demonetization.
A. Ultimately, just about the same amount, and thus restore the equilibrium.

Q. Why not increase the weight of the silver dollar, say from 16 to 10 1/2 to 1, in order to insure justice?
A. Because such an increase, in addition to the new value acquired by the use of silver as money, would render the silver dollar more valuable than the gold dollar, and that would drive the silver dollar out of circulation.

Q. But, in the event that these prognostications fail, and the silver dollar shall not be worth more than 93 cents, will not injustice be done the creditor?
A. No.
Q. Why?
A. Because the great bulk of the present debts were contracted at a time and in a currency when the creditors loaned only 80 or 85 cents in gold, and expected to be paid in the same currency. They will not be swindled if they receive from 10 to 12 per cent, more than they loaned over and above the interest.

Q. But will not the public creditors be defrauded by payment in silver?
A. No.
Q. Why?
A. Because Congress pledged the faith of the Nation, and the bonds expressly stipulate payment, not in gold, but "in coin of the standard value of the United States on July 14, 1870," which includes silver as well as gold.

Q. Did the foreign purchasers of the bonds so understand it?
A. Undoubtedly; else they would not have bestirred themselves so vigorously to bring about the demonetization of one metal, and thus enhance the value of their credits by making them payable in the other exclusively.

Q. Wherein, then, consists the swindle which is so generally charged in this silver dispute?
A. In the original and surreptitious demonetization scheme, which sought to contract the coin currency in the interest of the money lenders.

Q. What effect will the remonetization of silver have on resumption?
A. It will hasten resumption by adding hundreds of millions to the coin resources of the Nation.
Q. Will the failure to remonetize silver retard resumption?
A. Indefinitely.
Q. Why?
A. Because the Nation cannot command sufficient gold coin in which to resume specie payments.—Chicago Tribune.

TAKE NOTICE!

MRS. H. A. MOORE'S Scientific HAIR PRODUCER!

Mrs. H. A. Moore would announce to the Ladies and Gentlemen who desire the personal adornment of a fine suit of Hair, that she has patented her celebrated Hair Restorer, which has now been before the public for a space of two years, and has in every instance given entire satisfaction as to what she promises. No mineral or damaging substance is used in this preparation, and it is guaranteed to prevent hair falling out after four applications. Well-known cases of long-standing baldness have been successfully treated (as per testimonials in my possession). It will produce a full flowing crop of hair on all stages of baldness, even to its most pronounced state. It will prevent hair from turning gray.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Periodical or Bilious Fever, &c., and all the affections which arise from malarial, marsh, or miasmatic poisons.

This is a compound remedy, prepared with scientific skill from vegetable ingredients, which rarely fails to cure the most obstinate cases of Chills and Fever and the concomitant disorders. Such a remedy the necessities of the people in malarious districts demand. Its great superiority over any other medicine yet discovered for the cure of Intermittents is that it contains no quinine or mineral, and those who take it are free from danger of quinine or any injurious effects, and are as healthy as before.

It has been extensively employed during the last thirty years in the treatment of these distressing disorders, and so unvarying has been its success that it has gained the reputation of being infallible. It can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Fever and Ague of the East, and the concomitant disorders. MARK THESE FACTS

THE TESTIMONY OF THE WHOLE WORLD. HOLLOWAY'S PILLS.

Let the suffering diseased read the following. Let all who have been treated by doctors, and spoken of incurable, read the following. Let all who can believe facts and can have faith in evidence read the following.

Know all men by these presents, that on the 20th day of June, A. D. 1866, personally came Joseph Haydock, to me known as such, and being duly sworn deposed as follows: That he is the sole general agent for the United States and dependencies thereof for preparation or medicines known as Dr. Holloway's Pills and ointment, and that the following certificates are verbatim copies to the best of his knowledge and belief. JAMES SMITH, Notary Public, 14 Wall Street, New York.

Dr. HOLLOWAY—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your pills. Oh, Doctor, never will I forget that I can get some sleep. I can now thank you for what you have done for me, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss. JAMES SMITH, 116 Avenue D, New York, April 1, 1866.

This is to certify that I was discharged from the army with chronic diarrhoea, and I was cured by Dr. HOLLOWAY'S PILLS. WILSON HARVEY, New York, April 1, 1866.

The following is an interesting case of a man employed in a bank that was wet, cold, and had a cold. The melted iron was thrown around me on the 15th of January, 1866, and I was cured by Dr. HOLLOWAY'S PILLS. JAMES SMITH, Notary Public, 14 Wall Street, New York, Jan. 15, 1866.

My name is Jacob Harvey, I am an iron founder, I was badly lamed by hot iron in November last; my back would not bend, I was unable to get on my feet, and I was cured by Dr. HOLLOWAY'S PILLS. JAMES SMITH, Notary Public, 14 Wall Street, New York, Jan. 15, 1866.

EXTRACTS FROM VARIOUS LETTERS. "I had no appetite; Holloway's Pills gave me a hearty one. Your Pills are marvellous." "I sent for another box and keep them in the box."

"Dr. Holloway cured my headache that was so bad that I could not get on my feet. I have one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."

"My husband's head was so bad that I was obliged to send for your Pills. I have one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."

WATCHES!! JEWELRY!!

Romaine Gold, so extensively worn in Paris, was first discovered in 1870, by the celebrated French chemist, Mons. D. De Laing, who manufactured it into jewelry, and for five years sold it to the leading jewelers of Paris for Solid Gold. In 1875, when his secret became known, ten of the manufacturing jewelers established a stock company, with a capital of \$10,000,000 for the purpose of manufacturing Romaine Gold Jewelry and Watches. With this immense capital, and the aid of improved machinery, they are enabled to produce all the latest patterns of jewelry at less than one-tenth the cost of Solid Gold, and of a quality and color which makes it impossible even for experts to detect it from the genuine.

We have secured the exclusive agency of the United States and Canada, for the sale of all goods manufactured from this metal, and for five years sold it to the leading jewelers of Paris for Solid Gold.
