Junction City Democratic Club.

The Democracy of Junction City met March 16th and organized a club of thirty members, and passed the following resolu-

Resolved, That we believe in the old Democratic doctrine of honesty and compe-tency in office, and demand the observance of these principles.

That the law for the resumption of specie

payments on the first of January 1879, is disastrous to every interest of the country and we demand that raid law be repealed. Knox Huston has sold his ranch and he contemplates going east of the mountains as troying greenbacks is not only unwise, but villainous: taking and law be repealed.

That the policy of the Republican party to contract the money of the nation by destroying greenbacks is not only unwise, but villainous: villainous; taking employment from the laboring man and the poor and the gold from the nation, to enrich the bondholders alone. We therefore demand that the further contraction of the currency be im-

mediately stopped.

That the National banking system as originated by the Republican party, has no other object in view than to oppress the laborer by increasing the interest on the money of the bendholder from six to eighteen per cent. per annum; that this whole system is unjust and iniquitous, standing midway between the Government and the

people, robbing both.

We therefore demand the immediate abolition of the so-called United States banks, and the withdrawal of their notes from circulation, and that the Government in lieu thereof issue a sufficient amount of greenbacks to meet the laboring, commer cial and busines interests of the country.

That we demand that no more gold bonds

be issued or sold for any purpose whatever. That we favor the taxing of all bonds no matter by whom held, as other property.

That all outstanding debts of the Government be liquidated in lawful money of

the United States.

That the Government has exclusive perog ative to issue paper as well as coin and that such issue shall have full legal tender quality for the payment of debts, public and private and all duties.

That we demand the abrogation of the

Burlingame treaty so as to prevent the free emigration of Chinese to the United States. R. M. MULHOLLAND, C. Secretary. T. A. MILLIORN,
