

The sufferings of a Tenth Cavalry company on the Staked Plain of Texas, through thirst, are described by Surgeon King. They were four days without water, and the weather was intensely hot. Their predicament was caused by the death of their guide leaving to wander by themselves until a spring was finally found. Their mouths became so dry that brown sugar would not melt in them. Their voices became weak and strange, and their sight dim, and when asleep they dreamed of banqueting. A sense of suffocation was extremely painful. They drank water greedily, but it did not quench their thirst—which shows, the surgeon thinks, that the sense of thirst resides not in the stomach, but in the general system, and in this case could not be relieved until the requisite tissues were supplied.

We have in Hart County, Kentucky, a man by the name of William Bowman, who was thrown away in the Appalachian Mountains, North Carolina, when an infant, and was found by an old bear and adopted as a cub. At the age of about ten years he was captured, tied hand to foot, and then his captors found that he could not talk, nor could he be persuaded to take any food but milk, which he sucked from a bottle, showing that he had lived solely by the nursing of the bear. Bowman is now a farmer near Owens, and any one doubting the truth of this statement can have it verified by seeing him.—Hart County Three Springs.

The fact that the Radical vote in Louisiana in 1876, as actually cast and certified to the Returning Board, was the largest Radical vote ever cast in the State, effectively disproves the cry of intimidation, raised in the defense of the robbery of the Electoral vote of that State by the revolutionists who overturned the decision of the ballot box. And, remarks the Albany Argus, Hayes was so well satisfied upon the point that he recognized as the rightful Government of the State, the Democratic Governor and Legislature, notwithstanding he thus effectually stigmatized his own title as being fraudulent and revolutionary.

She never told her love, but she roped him in for half a ton of ice cream, all the same, and as much easily as two sugar refineries could turn out in the course of a year, and now he says that if any worm in the bud is going to prey on her damask cheek, it would be advisable to let the contract out to a sea serpent, and then bet on the cheek.

**Ayer's Ague Cure,**

For Fever and Ague, Intermittent Fever, Chills, Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarial, marsh, or miasmatic poisons.

This is a compound remedy, prepared with scientific skill from vegetable ingredients, which rarely fails to cure the severest cases of Chills and fever and the concomitant disorders. Such a remedy the necessities of the people in malarious districts demand. Its great superiority over any other medicine yet discovered for the cure of intermittents is, that it contains no quinine or mineral, and those who take it are free from danger of quinine or any injurious effects, and are healthy after using it as before.

It has been extensively employed during the last thirty years in the treatment of these interesting disorders, and so unvarying has been its success that it has gained the reputation of being infallible. It can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Chills and Fever of the South. It commences the miasmatic poison in the blood, and frees the system from its influence, so that fever and ague, shivers or chills, once broken up by it, do not return until the disease is again contracted.

The great variety of disorders which arise from the irritation of this poison, such as Neuralgia, Rheumatism, Gout, Headache, Blindness, Paralysis, Epilepsy, Catarrhs, Asthma, Palpitation, Spasmodic Affections, Hysterics, Pain in the bowels, Colic, Dyspepsia, and derangement of the stomach, all of which become untreatable unless the system is first purified by this medicine.

As a preventive, it is of inestimable service in those communities where Fever and Ague prevails, as it keeps the system free from the disease it takes root in.

For further particulars of the properties of this medicine, and to obtain a copy of the book which contains full directions for its use, send a card to the publishers, and you will receive it free of charge.

ERADICATES  
ALL LOCAL SKIN DISEASES;  
PERMANENTLY BEAUTIFIES THE COMPLEXION, PREVENTS AND REMEDIES RHEUMATISM AND GOUT, HEALS SORES AND INJURIES OF THE CUTICLE, AND IS A RELIABLE DISINFECTANT.

This popular and inexpensive remedy accomplishes the same results as COSTLY SULPHUR BATHS, since it PERMANENTLY REMOVES ERUPTIONS AND IRRITATIONS OF THE SKIN.

COMPLEXIONAL BLEMISHES are always obviated by its use, and it renders the cuticle wonderfully fair and smooth. SORES, SPRAINS, BRUISES, SCALDS, BURNS, AND CUTS ARE SPEEDILY HEALED by it, and it prevents and remedies Gout and Rheumatism.

It REMOVES DANDRUFF, strengthens the roots of the Hair, and preserves its youthful color. As a DISINFECTANT of Clothing and Linen used in the sick room, and as a PROTECTION against CONTAGIOUS DISEASES it is unequalled. Physicians emphatically endorse it.
