CITY AND COUNTY.

BRIEF MENTION.

We are glad to see Frank Harrington able to resume business again.

Hon. M. P. Dady passed down on the train yesterday morning.

There seems to be a great deal of sickness throughout the county now.

Read the advertisement in another column headed "Old, Tried and True."

It is said the rains this week damaged a great deal of hay throughout the county.

E. J. McClanahan started for Marysville, Cal., yesterday morning, where he goes to visit friends and relations.

Call at the O. K. market and leave your orders for your blackberries to put up, at 30 cents per gallon, fresh and nice.

J. A. Winter, the photograph artist, will not go east of the mountains until this cruel war is over; but he has a sheep ranch to sell or rent.

The Seventh Day Adventists have pitched a tent on the public square back of the Court House, where they intend holding a series of meetings.

Miss Florence Iles returned home last week from Southern Oregon, accompanied by her sister, Mrs. Alice Reed, who came home on a visit.

J. T. Rooney and D. R. Lakin, who have been carrying on the harness and saddlery business for some time, have dissolved. See notice elsewhere.

There will be service at the Baptist Church tomorrow at 11 A. M., by the Pastor, Elder S. C. Price. Subject "The Primitive Preaching of the Gospel." Evening service adjourned.

Rev. J. T. Wolfe will discourse in the M. E. Church tomorrow morning on "The Relation of Sanctification to the will," and in the evening on "The Resurrection of Man."

Or old time friend, "Haven't the Butcher," has been in town for several days and looks as hale and hearty as he did in the days of yore. He is engaged in stock raising near Prineville, Wasco county.

Clay Perkins is close on the track of the thief that has been stealing his Buff Cochens chickens, and when he once gets hold of him Clay expresses his willingness to wager that the hombie don't get chicken hungry for twelve months.

A BARGAIN.—If you want a small farm, well improved, within a half a mile of this city, on easy terms and cheap, apply at this office.

LOST.—At the Firemen's Ball on the night of July 4th, a large gold cuff-pin. The finder will confer a favor by leaving the same at this office, or with W. S. Hayes.

GONE EAST.—J. J. Walton and wife started East last Thursday, where the Judge goes to attend the Grand Lodge, I. O. O. F., and purchase apparatus for the State University. They have a pleasant and successful trip.

PERSONAL.—Mrs. Dell Alexander, wife of E. C. Alexander, and two children arrived here from San Francisco last Wednesday. Mrs. A. has been in very feeble health for several months, and will remain here several months to try the benefits of the Oregon climate.

We notice that Wm. Killingsworth, the agent for the celebrated No. 8 Wheeler & Wilson sewing machine, must be doing a rushing business, judging by the number he is receiving almost daily. We can truly recommend the No. 8 as a first-class machine. Remember, agency and office at the Star Bakery.

FOOT RACE.—There will be a foot race for a purse of one hundred dollars and the championship of the county, near Clear Lake, five miles below this place, to-day, between George Ware, who lives on Spencer creek, and a young man by the name of Harpole, from Junction. There has also been considerable money bet by outsiders.

INCENDIARY ARRESTED.—On Saturday night last a man named H. G. Neuman, of Astoria, was discovered in the act of setting fire to a building in that city and was promptly arrested. The building he set fire to was used as a bakery, the same line of business in which Neuman was engaged, and he wished to rid himself of a competitor.

HOW THEY SERVE STOCK.—Mr. Lawrence, of this city, received a letter from his son-in-law, who has sheep in Umatilla county, this week, which relates some of the cruel doings of the Indians in that county. He says after the savages had run all the settlers out they would drive the sheep into the empty house, close the doors and then set fire to the house. In one instance where they could not get all the sheep into the house they cut the legs off of what were left outside and turned them loose to die.

BLOODY FIGHT.—From T. J. Cheshire, says the Junction Signal, we learn the particulars of a bloody little fight which took place on Birch Creek a few days ago. Ben Cleek, Marion Sweeney and sister were encamped on the above named creek, being on their way to this place. After supper as they were all sitting around the camp-fire a rifle ball fired from the brush near by, struck Marion on the hip and wounded him slightly. The party being well armed, lost no time in grasping their guns and returning the fire. By changing their positions frequently and firing from different clumps of brush they succeeded in killing six, wounding four, and the others thinking there were several parties of whites, beat a precipitate retreat. It is supposed there were about forty Indians in the party. The three victors returned to Pendleton and fortified up.

"PHILANTHROPISTS."—A young man named Henry Myers was stabbed on an excursion train near Oregon City, last Sunday afternoon, by a hoodlum named Dan Smith. Myers, at last accounts, was in a very precarious condition, and, should his wound prove fatal, we expect to hear that the professional "philanthropists" have mustered in full force to protect the young murderer from the richly deserved penalty of his crime. These cases of a reckless disregard of human life, by young ruffians have become alarmingly frequent. This state of affairs is, in a great measure, if not altogether chargeable to the mistaken "humanity" of a lot of tender-hearted women and soft-headed men whose hobby is "philanthropy." Their success in shielding all classes of criminals from the penalty of their crimes, and making heroes and martyrs of murderers and thieves, has emboldened those ruffians to commit crime with impunity, they having every reason to believe that the law will be powerless to mete out adequate punishment so long as these pious meddlers stand between them and the execution of the laws. We hope that the Court will give this ruffian a fair and impartial trial, and, if he is convicted, that the Governor will have back-bone enough to disregard the mawkish appeals of these sentimental meddlers.

A ROBBER CAPTURED.—On Saturday evening Sheriff Kennedy, of Shasta county, Cal., accompanied by Sheriff Philbrook, of Trinity county, arrived in Roseburg, says the Plaindealer, with Charley English, whom he captured at Portland. English and his brother it appears, recently robbed a store in Shasta county, stole two horses and made their way to this place, where they sold the horses to Hinkle and took the train for Portland. The festive Charley was "nipped" but his brother succeeded in escaping the officers. Sunday, Sheriff Hogan and Philbrook called upon Mr. Hinkle, who delivered up the horses he had purchased of the thieves, and the officers started on their return with the prisoner. English has served one term in the California penitentiary, and is a brother of Ham English, the man who killed Frank Slomak, at Woodburn, a few years ago.

A FRIENDLY INDIAN.—Three weeks ago a herder of Mr. Lang, the great cattle man, returned from across the mountains and on his way met "Jim," a wayward son of Wenop Snoot, a Umatilla chief, and another young buck of the same ilk. The herder had two animals—one he rode and the other was packed. The latter, the young savages demanded, and the herder refused. The Indians then shook a blanket before the white man's face and tried to rob him by strategy, but the herder while thus blindfolded pulled out a six-shooter and made the prettiest scalp mark on that Indian's head that ever was made on a man still living. The telegram says this is one of your friendly Indians, with a good (?) heart, "in a Buffalo horn."

THE INDIAN WAR.

La Grande, July 16.—It is not true that the Umatillas have joined the hostiles. On the other hand, 100 warriors have joined Col. Forsythe. They fought the hostiles yesterday and brought in 22 scalps and 300 horses.

CELILLO, July 17, 1878.

Steamer Faxon arrived from Walla at 11 o'clock. She brought about 80 refugees. The report is that the Indians have captured Umatilla reservation and are scattered all over the surrounding country. Capt. Pollock came down and informed me there are no further particulars. The news says these people are, a great many of them, unnecessarily alarmed. Nothing official from any of the officers in the field. Great excitement still prevails all over Umatilla county.

Baker City, July 17.—Couriers just in to La Grande from Meacham's and Pendleton says chief Homely with his band of Indians, fought the hostiles on the 15th inst., killing Chief Egan, and having his scalp and head.

The courier saw thirteen dead Indians near Emigrant Springs, about four miles north of Meacham's where Homely's band attacked them.

The hostile Indians are divided, one party going to the head of McKay creek, the other toward Grand Ronde river. Captain Kelly, with scouts from Boise, who has been out a month or more, passed La Grande to-night, going to Col. Sanford's camp on north Powder river. Wheaton with his command is at Bunnaham bridge in the Blue mountains to-day, scouting the country in that direction. Gen. Howard is expected in two days, at which place he will establish temporary headquarters.

BAKER CITY, July 18.—Umatilla Indians and cavalry under Forsyth struck the hostile camp last night about 23 miles from Stark's ranch on the Daly road, killing 17 warriors and capturing 25 women and children and 60 or 70 head of horses. The hostiles are much demoralized, and captive squaws report that they are breaking into small bands with the evident intention of fleeing to the Weiser and making their way to the Bannock or Buffalo country.

Over 1200 people arrived in Portland this week on the steamers Great Republic and Oregon.

Some days ago Nannie, aged fourteen, daughter of Capt. St. Smith of Umatilla county, was accidentally shot by Frank Layton, a volunteer, who was handling a gun to which he was not accustomed. The ball shattered the ankle. She was taken to Walla Walla where the limb was amputated. Her condition is critical.

Salem Record: We learn from the best authority that the people of Silverton and vicinity propose to subscribe two-thirds of the money required to build a railroad from Salem to this flourishing town. One citizen alone says if the funds cannot be raised in any other way, he will subscribe for sixty thousands dollars of stock soon as the books can be opened for this purpose.

It is plain that the Democrats are only aiming to cripple their political opponents, the Republicans. Nothing has been done whatever to improve the public service. It is worse now than ever before.—Bee.

Whose fault is it? The weak fraud who the Republican party placed in the presidential chair, and the Republican Senate have had it in their power all the time to reform the public service, and the Democracy are responsible for none of their shortcomings. The Bee's proposition don't make good nonsense. It is the fable of the wolf and lamb.

We have received a copy of the **National Greenbacker** for exchange, published by Messrs. Sharp & Crow, La Fayette, Indiana. It is a broad sheet, well printed and well edited, and devoted to the new "National" party, which we believe only makes an issue on the financial question. True, the question is big enough for a party or a half dozen parties—for a party who, according to Governor Tilden, have a debt of seven thousand five hundred millions, about twice the size of that of England, have about the biggest job on hands the world ever heard of. Especially in view of the fact that the Lincoln's emancipation abolished, blotted out, the source of about two-thirds of the annual national surplus or income. Meanwhile, we endorse the **National Greenbacker's** policy so far as gradually paying off the bonds in greenbacks, the only pay the bondholder will ever get unless Ben Butler is able to find something, as he says, worth less than nothing.—Ex.

If young ladies with blotches on their skin, which are erroneously attributed to irregularities of the liver, would discard cosmetics and mercurials, and would adopt the practice of taking warm bath every day with a cake of Glenn's Sulphur Soap as a companion, the unsightly blemishes would soon disappear and the lily and the rose would take their place. This is a secret which the fashionable are fast beginning to find out to their decided advantage. Crittenton's, No. 7 Sixth Avenue, New York. Sold by druggists. The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movement of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Are not advertised as "cure-alls," but are specific in the diseases for which they are recommended.

NATURAL SELECTION.

Investigations of natural science have demonstrated beyond controversy, that throughout the animal kingdom the "survival of the fittest" is the only law which governs the commercial prosperity of man. An inferior cannot supersede a superior article. By reason of superior merit, Dr. Pierce's Standard Remedies have outstripped all others. Their sale in the United States alone exceeds one million dollars per annum, while the amount exported foots up to several hundred thousand more. No business could grow to such gigantic proportions and rest upon any other basis than that of merit.

AN OPEN LETTER. It Speaks For Itself.

ROCKFORD, MASS., April 2, 1877.

MR. EDITOR.—Having read in your paper reports of the remarkable cures of catarrh, I am induced to tell "what I know about catarrh," and I fancy the "snuff" and "inhalant-tube" makers (mere dollar-grabbers) would be glad if they could emblazon a similar cure in the papers. For 30 years I suffered with catarrh. The nasal passages became completely closed. "Snuff," "dust," "ashes," "inhalant-tubes," and "sticks," wouldn't work though at intervals I would sniff up the so-called catarrh snuff until I became a valuable tester for such medicines. I gradually grew worse, and no one can know how much I suffered or what a miserable being I was. My head ached over and aching seven-eighths of my time. I prayed for death to relieve me of my suffering. A favorable notice in your paper of Dr. Sage's Catarrh Remedy induced me to purchase a package, and use it with Dr. Pierce's Nasal Douche, which applies the remedy by hydropneumatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not cure me in three fourths of a second, nor in one hour or month, but in less than eight minutes I was relieved, and in three months entirely cured, and have remained so for over sixteen months. While using the Catarrh Remedy, I used Dr. Pierce's Golden Medical Discovery to purify my blood and strengthen my stomach. I also kept liver active and bowels regular by the use of his Pleasant Purgative Pellets. If my experience will induce other sufferers to seek the same means of relief, this letter will have answered its purpose. Yours truly S. D. REMICK.

Golden Medical Discovery Is Alterative or Blood-Cleaning.

Golden Medical Discovery Is Febrile.

Golden Medical Discovery Is a Cholagogue, or Liver Stimulant.

Golden Medical Discovery Is Tonic.

Golden Medical Discovery By reason of its Alterative properties, cures Diseases of the Blood and Skin, such as Scald Head, King's Evil, Tumors, Ulcers, Old Sores; Itches; Pimples; and Eruptions. By virtue of its Febrile properties, it cures Bronchial, Throat, and Lung Affections; Incipient Consumption; Lingered Coughs; and Chronic Laryngitis. Its Cholagogue properties render it an unequalled remedy for Biliousness; Torpid Liver; or "Liver Complaint," and its Tonic properties makes it equally efficacious in curing Indigestion, Loss of Appetite, and Dyspepsia.

Where the skin is sallow and covered with blotches and pimples, or where there are scrofulous swellings and affections, a few bottles of Golden Medical Discovery will effect an entire cure. If you feel dull, drowsy, deliriated, have sallow color of skin, or yellowish-brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, hot spirits and gloomy forebodings, irritable appetite, and tongue coated, you are suffering from Torpid Liver, or "Biliousness." In many cases of "Liver Complaint," only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it affects perfect cures, leaving the liver strengthened and healthy.
